WOMEN'S
LOBBY**

From: Nevada Women's Lobby,

RE: Medical Malpractice Legislation

The 2002 special session AB1, the initiative petition IP1, and SB97 do not address the real problems causing skyrocketing medical malpractice insurance rates. We ask that any new action by the 2003 Legislature put the consumer/patient into the picture. The legislature's commitment should be to protect the public: address the issue of preventable medical errors and protect access to the courts for all legitimate claims.
