The Nevada Wildlife Record Book Committee was formed in the early 80's by a dedicated group of Nevada Sportsmen with the goal to produce a collector quality, hardbound book which recorded the finest big game trophies in Nevada. The first edition was released in the fall of 1985 and quickly sold out. Copies of the first book, if found, sell in excess of \$200.00, ten times it's original price. The committee continues to publish additional "Record Books" with one being published every five years. The latest, fourth edition published in 2000, is nearly sold out.

With the success of the four published "Record Books" the Committee has now embarked on a new goal, to establish an Interactive Interpretive Center for Wildlife. The intent of the Center is to provide an educational experience, not only for Nevada resident children and adults, but offer the many visitors to Nevada an experience that will add enjoyment to their trip. The committee is pursuing additional methods of funding the Center in addition to the funds that will be generated by the "Wildlife Plate". Our goal is to have the conceptual process completed by 2005 with the Center's construction starting soon after. The amount of funds available will dictate the scope of the Center. Several of the committee members have visited Interpretive Centers in other states and plan to include the best ideas into the Nevada Center. The committee maintains a 501.c.3 non-profit status.

Your support for SB-15 would be appreciated and We promise you the "Nevada Wildlife Interpretive Center" will be a great asset for Nevada that will be constructed with the same quality as our "Record Book".

Thank you for your support.
