To Ms. Jones State Librarian
Dear Ms. Jones

I am writing you to get you to recognize that we here at CHS need more online data bases. I am writing to tell you why I believe that this is essential. So here is why we should get more data bases for our school. In school while working on research papers I have been kicked out of the tech center many times for being linked to many illegitimate sites while using a search engine. I believe that having databases and knowing what and where they are when we need them, this will help because there is less chance of us viewing questionable material while searching on the internet.

Thank you
Sincerely
Joey Wachtweitl
