Subject: SB 230 -- NSEA (Debbie Cahill Amendment)

Hi --

Here it is:

1. Section 5, 2, line 39 -- insert "annually" after "training course."

Because no on-going staff development for bus drivers.

2. Section 5, 3, line 13 -- insert "must be provided by the district and" after "Such training."

The district should make the training available to the drivers at no cost. Per Debbie, firefighters and EMT's have volunteered to bring such training into the schools at no cost -- this should be provided to bus drivers as well. Bus drivers, at least in Clark County, have "unassigned, paid days" on which they could take the training for CPR.

3. Section 7, 2, b - delete

Leaving it to the driver's discretion as to whether or not the safety of the pupil will be compromised can lead to errors in judgment that jeopardize the safety of the student.

Let me know if you need anything else!! PS -- Krisitn is working on the official amendment for SB 252 now!!
