**PROPOSED AMENDMENT  
FOR  
SENATE BILL 487**

**Senator Warren B. Hardy  
April 9, 2003**

To provide some of the safeguards that apply to various governmental and utility entities, the following amendment is proposed:

- All parties to the agreement are subject to the State's Open Meeting Law as public bodies for matters related to this agreement;
- All records and other documents that are related directly or indirectly to this agreement must be open to public inspection; and
- The net return on investment made pursuant to this agreement may not exceed 10 percent of the amount invested unless the Public Service Commission of Nevada determines that the 10 percent would not represent a fair and reasonable return on the investment, in which case the Commission shall increase the percent of allowed return to ensure a just and reasonable return on the investment.
