- 1       Whereas, The taxi and limousine industries are vital and necessary
- 2 components of the tourism industry in Nevada; and
- 3       Whereas, These industries have faced serious challenges, both
- 4 operationally and economically, over the past few years as a result of the
- 5 events of September 11, 2001; and
- 6       Whereas, In Southern Nevada the excessive number of limousines has
- 7 been negatively affecting the integrity and viability of the limousine
- 8 industry and is now also negatively affecting the taxi industry, as well as
- 9 causing conflict between taxi and limousine drivers and companies which
- 10 could result in damage to the tourism industries; and
- 11       Whereas, The owners of a great majority of the limousines and taxis
- 12 operating in Southern Nevada are in agreement that significant damage to
- 13 the tourism industry and the viability of both the taxi and limousine
- 14 industries could occur absent legislative action and study; and
- 15 ~~Whereas, There is also a general consensus that additional limousines~~
- 16 ~~authorized to existing operators or to new companies cannot be justified~~
- 17 ~~given the current saturation of the market and, in fact, would cause serious~~
- 18 ~~threat to the stability of both industries; now, therefore~~
