AN ACT relating to community redevelopment; expanding the  
criteria that the legislative body of a city or county must  
consider before consenting to any payment by a  
community redevelopment agency for the land for and the  
cost of construction of any building, facility, structure or  
other improvement and the installation of any  
improvement; and providing other matters properly  
relating thereto.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN  
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     **Section 1.** NRS 279.486 is hereby amended to read as follows:  
2     279.486 1. An agency may, with the consent of the  
3 legislative body, pay all or part of the value of the land for and the  
4 cost of the construction of any building, facility, structure or other  
5 improvement and the installation of any improvement which is  
6 publicly or privately owned and located within or without the  
7 redevelopment area. Before the legislative body may give its  
8 consent, it ~~shall~~ *must* determine that:

1 (a) The buildings, facilities, structures or other improvements  
2 are of benefit to the redevelopment area or the immediate  
3 neighborhood in which the redevelopment area is located; and

4 (b) No other reasonable means of financing those buildings,  
5 facilities, structures or other improvements are available.  
6 Those determinations by the agency and the legislative body are  
7 final and conclusive.

8 2. *In reaching its determination that the buildings, facilities,  
9 structures or other improvements are of benefit to the  
10 redevelopment area or the immediate neighborhood in which the  
11 redevelopment area is located, the legislative body shall consider:*

12 (a) *Whether the buildings, facilities, structures or other  
13 improvements are likely to:*

14 (1) *Encourage the creation of new business or other  
15 appropriate development;*

16 (2) *Create jobs or other business opportunities for nearby  
17 residents;*

18 (3) *Increase local revenues from desirable sources;*

19 (4) *Increase levels of human activity in the redevelopment  
20 area or the immediate neighborhood in which the redevelopment  
21 area is located;*

22 (5) *Possess attributes that are unique, either as to type of  
23 use or level of quality and design;*

24 (6) *Require for their construction, installation or operation  
25 the use of qualified and trained labor; and*

26 (7) *Demonstrate greater social or financial benefits to the  
27 community than would a similar set of buildings, facilities,  
28 structures or other improvements not paid for by the agency.*

29 (b) *The opinions of persons who reside in the redevelopment  
30 area or the immediate neighborhood in which the redevelopment  
31 area is located.*

32 (c) *Comparisons between the level of spending proposed by the  
33 agency and projections, made on a pro forma basis by the agency,  
34 of future revenues attributable to the buildings, facilities,  
35 structures or other improvements.*

36 3. If the value of that land or the cost of the construction of that  
37 building, facility, structure or other improvement, or the installation  
38 of any improvement has been, or will be, paid or provided for  
39 initially by the community or other governmental entity, the agency  
40 may enter into a contract with that community or governmental  
41 entity under which it agrees to reimburse the community or  
42 governmental entity for all or part of the value of that land or of the  
43 cost of the building, facility, structure or other improvement, or  
44 both, by periodic payments over a period of years. The obligation of  
45 the agency under that contract constitutes an indebtedness of the

- 1 agency which may be payable out of taxes levied and allocated to
- 2 the agency under paragraph (b) of subsection 1 of NRS 279.676, or
- 3 out of any other available money.
- 4 **Sec. 2.** This act becomes effective on July 1, 2003.
