AN ACT relating to land use planning; authorizing the governing body of a local government to revise the procedure for the adoption of certain minor amendments to the applicable master plan; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing law requires a city, county or regional planning commission to prepare
2 and, after notice and a hearing, adopt a master plan for the city, county or region, as
3 applicable. (NRS 278.150-278.210) The governing body of the city, county or
4 region is authorized to adopt, after notice and a hearing, such parts of the master
5 plan as it deems necessary. (NRS 278.220) Under existing law, a planning
6 commission may amend the master plan and certify the amendment to the
7 governing body. Existing law prohibits the inclusion of a plan or map as part of the
8 master plan until it has been adopted as part of the master plan by the planning
9 commission. (NRS 278.210)

10 This bill allows the governing bodies of local governments to establish a
11 procedure by which the governing bodies may adopt minor amendments to the
12 master plan without any action by the planning commission. The minor
13 amendments for which such a procedure may be used are limited to changes in
14 boundaries to correct erroneously mapped geographical features, changes in the
15 names of jurisdictions, agencies, departments and districts, and changes to reflect
16 updated information based upon new or revised studies.

17 Existing law prohibits a planning commission from amending the land use plan
18 component of the master plan more than four times in a calendar year, except for
19 changes in land use designated for a particular area which do not affect more than
20 25 percent of the area. (NRS 278.210)

21 This bill exempts minor amendments from that prohibition and therefore allows
22 minor amendments to the land use component of the master plan more than four
23 times in a calendar year.
