AN ACT relating to land; revising provisions governing the manner in which the State Land Registrar may sell certain land owned by the State of Nevada; providing for the direct sale of such land under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, the State Land Registrar may only sell land owned by the State of Nevada at public auction or by sealed bid after the State Land Registrar gives public notice. (NRS 321.335)

This bill expands the methods by which such land may be sold to include any other manner in which competitive bids or offers may be obtained from the public.

This bill also authorizes the State Land Registrar to make a direct sale of land when no competitive bid or offer is accepted or made on the land. In such a case, the State Land Registrar must determine, based on the circumstances, whether to provide public notice.
