A.B. No. 31—Makes confidential certain records of local governmental entities relating to use of recreational facilities and participation in certain instructional and recreational activities and events.

**If this amendment is adopted, the Legislative
Counsel's Digest will be changed to read as follows:**

Legislative Counsel's Digest:

Existing law requires certain books and records of a governmental entity to be open for public inspection. (NRS 239.010) Books and records of a governmental entity are not required to be open for public inspection if they are deemed by statute to be confidential or if the governmental entity determines pursuant to a balancing test that disclosure is not required. (*Donrey v. Bradshaw*, 106 Nev. 630 (1990))

This bill makes the records of a local governmental entity confidential if the records contain the address, telephone number or other personally identifying information of a natural person who provided the information to the local governmental entity to: (1) register or apply to use a recreational facility of the local governmental entity that is available by reservation; or (2) register or enroll himself or his child in instructional or recreational activities or events conducted, operated or sponsored by the local governmental entity. This bill, however, requires a local governmental entity to disclose certain information pursuant to a lawfully issued subpoena or court order, pursuant to affidavits of attorneys relating to investigations in anticipation of litigation, and pursuant to requests from certain reporters and editorial employees. This bill also expressly prohibits a local governmental entity from requiring the social security number of a natural person from being included in any information submitted to the local governmental entity for certain purposes.
