AN ACT relating to public utilities; revising civil penalties for violations involving certain pipelines; clarifying the application of certain provisions relating to railroads; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Existing state law provides for a civil penalty to be imposed upon a person who
2 violates any regulation of the Public Utilities Commission of Nevada which was
3 adopted to conform with the federal Natural Gas Pipeline Safety Act of 1968. (NRS
4 704.595) The federal Natural Gas Pipeline Safety Act of 1968, as amended, allows
5 the Public Utilities Commission of Nevada to receive federal funding to regulate
6 pipeline safety. However, such funding is conditioned upon the State imposing civil
7 penalties for a violation of any state regulation adopted in conformity with the Act
8 which are substantially the same as those provided in the federal Act. (49 U.S.C. §§
9 60101 et seq.) In 2002, Congress amended the federal Act to increase the maximum
10 civil penalties. (49 U.S.C. § 60122)

11 To comply with the federal Act, this bill increases the maximum amount of
12 civil penalties which the State may impose for violating a regulation of the Public
13 Utilities Commission of Nevada which was adopted to conform with the federal
14 Natural Gas Pipeline Safety Act.

15 Existing state law in Chapter 705 of NRS regulates certain aspects of railroad
16 operations.

17 This bill clarifies that the provisions in Chapter 705 of NRS do not apply to
18 those aspects of railroad operations where the state law provisions are preempted
19 by federal law.
