Section 13 of this bill makes the second deputy director responsible for reviewing the manner in which indigent defense services are provided throughout the State. This deputy director will collect information from attorneys about caseloads, salaries and other information and will conduct on-site visits to determine whether indigent defense services are being provided in the most efficient and constitutional manner. If the deputy director determines that a county is not providing such services in a manner which satisfies minimum standards that are established by the Board, **section 13** requires the deputy director to establish a corrective action plan with the board of county commissioners for the county. **Section 14** of this bill requires such

a plan to be agreed to by the board of county commissioners and the deputy director and submitted to and approved by the Board. If the board of county commissioners will have to spend more money than was budgeted in the previous year plus inflation to comply with the plan, **section 14** requires the Executive Director to include the additional amount in the budget for the Office to help support the county in providing indigent defense services. If additional money is needed before the next budget cycle, the Executive Director is required to submit a request to the Interim Finance Committee for money from the Contingency Account. If the budget is not approved with the additional amount for the county, ~~the~~ a county that is not required to have an office of public defender, which currently means a county other than Clark and Washoe Counties, has the option to continue providing indigent defense services or transfer responsibility for providing such services to the State Public Defender. In addition, if the county fails to meet the minimum standards for the provision of indigent defense services within the time set in the corrective action plan, **section 14** requires the deputy director to inform the Executive Director, who may then recommend establishing another corrective action plan or recommend requiring the county to transfer responsibility for provision of indigent defense services to the State Public Defender. Any recommendation of the Executive Director is required to be submitted to and approved by the Board. Once approved, the county is required to comply with the decision of the Board. In addition, **section 8** requires the Board to establish a formula for determining the maximum amount that a county may be required to pay for the provision of indigent defense services. This cap also applies when determining the county responsibility in **sections 14 and 23** of this bill.

Sections 20 and 28 of this bill remove obsolete language which requires the State Public Defender and the county public defender to provide indigent defense services within the limits of available money to conform with the provisions of this bill that require appropriate representation be provided to indigent defendants in every case. Existing law provides for a State Public Defender and requires certain large counties to establish an office of public defender. (NRS 180.010, 260.010) Smaller counties are authorized, but not required, to establish an office of public defender. (NRS 260.010) **Sections 22 and 27** of this bill revise these provisions to address their applicability when a county is required to transfer responsibility for the provision of indigent defense services to the State Public Defender. (NRS 180.090, 260.010) **Section 27** further requires each board of county commissioners to cooperate with the Board on Indigent Defense Services and the Office of Indigent Defense Services.

Existing law requires the public defender for a county to make an annual report to the board of county commissioners. (NRS 260.070) **Section 29** of this bill also requires the public defender to make an annual report to the Office of Indigent Defense Services and further requires the board of county commissioners of a county that has a public defender or which contracts for

indigent defense services to provide an annual report to the Office with such information as requested by the Office.

Sections 17, 18 and 30 of this bill remove the State Public Defender and employees of the State Public Defender from the classified or unclassified service of the State. **Section 31** of this bill continues certain definitions applicable to the chapter governing the State Public Defender that were set to expire. **Section 31.3 of this bill staggers the terms of the members of the Board so that approximately 30 percent of the members will be appointed each year. Section 31.5 of this bill makes an appropriation to allow the Office of Indigent Defense Services to award grants to counties that require assistance to comply with the plan established for the provision of indigent defense services.**

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 616.

AN ACT relating to employment; prohibiting the denial of employment because of the presence of marijuana in a screening test taken by a prospective employee ~~}; prohibiting an employer from conditioning employment on a test of the personality traits, behavioral traits or character traits of a prospective employee; providing certain exceptions;}~~ **with certain exceptions; authorizing an employee to rebut the results of a screening test under certain circumstances; creating a presumption that the ability of an employee to perform his or her job and that the safety of other employees is not adversely affected if an employee has certain levels of certain prohibited substances in his or her blood;** providing penalties; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes various unlawful employment practices. (Chapter 613 of NRS)

Section ~~{2}~~ 1 of this bill prohibits **, with certain exceptions,** an employer from denying employment to a prospective employee because the prospective employee has submitted to a drug screening test and the test indicates the presence of marijuana. **Section ~~{2}~~ 1** further provides, however, that it is not unlawful for an employer to condition the employment of a prospective employee who does not hold a valid registry identification card to engage in the medical use of marijuana on the prospective employee's abstention from use of marijuana ~~{1}~~ **while performing his or her duties of employment.** **Finally, section 1 provides that if an employer requires an employee to submit to a screening test within his or her first 30 days of employment, the employer is required to accept as conclusive the results of an additional screening test to which the employee submitted at his or her own expense.**

Existing law makes it an unlawful employment practice to fail or refuse to hire, discharge or otherwise discriminate against an employee because the employee engages in the lawful use of any product outside the premises of the employer during the employee's nonworking hours, if that use does not adversely affect the employee's ability to perform his or her job or the

safety of other employees. (NRS 613.333) Section 3.5 of this bill specifies that this provision of existing law applies to the use of marijuana.

Existing law prohibits a person from driving or being in actual physical control of a vehicle on a highway or on premises to which the public has access if the person has an amount of marijuana or marijuana metabolite in his or her blood that is equal to or greater than 2 nanograms per milliliter or 5 nanograms per milliliter, respectively. (NRS 484C.110) Section 3.5 creates a presumption that the ability of an employee to perform his or her job and that the safety of other employees is not adversely affected if the employee has less than such amounts of marijuana or marijuana metabolite in his or her blood.

~~[Section 3 of this bill prohibits an employer from conditioning the employment of a prospective employee on his or her submission to a character assessment. Section 3 defines "character assessment" to mean any test to evaluate the personality traits, behavioral traits or character traits of a person. Section 3 provides certain exceptions to the preceding prohibition for certain employment involving contact with children, elderly persons or vulnerable persons, employment as a peace officer and employment that affects the public safety.]~~

Existing law prohibits an insurer from denying, limiting or excluding a benefit provided by a health care plan in certain limited circumstances, including when a person has contracted for a blanket policy of accident or health insurance or in certain cases relating to adoption. (NRS 689B.0265, 689B.500, 689C.190, 695A.159, 695B.193, 695C.173, 695F.480) The federal Patient Protection and Affordable Care Act (Pub. L. No. 111-148, as amended) prohibits an insurer from establishing rules that limit eligibility for a health care plan based on certain health status factors, including, without limitation, preexisting conditions, claims history or genetic information of the insured and also prohibits an insurer from charging a higher premium, deductible or copay based on those health status factors. (42 U.S.C. § 300gg-4) **Sections 7, 12, 15, 19, 20, 24, 25 ~~and 29-32~~, 29, 30, 31 and 32** of this bill: (1) align Nevada law with federal law and require all insurers to offer ~~a health insurance coverage~~ **benefit plan** regardless of the health status of a person; and (2) prohibit an insurer from denying, limiting or excluding a **covered** benefit or requiring an insured to pay a higher premium, deductible, coinsurance or copay based on the health status of the insured or the covered spouse or dependent of the

insured. Sections 9, 10, 12, 13, 16-18, 21, 23, 26, 27 and 35 of this bill remove partially duplicative provisions from existing law.

Federal regulations authorize a group health benefit plan to include a wellness program that offers discounts based on health status under certain conditions. (45 C.F.R. §146.121) Sections 12, 15, 20, 24, 29 and 30 of this bill authorize group health plans issued in this State to include such wellness programs under the same conditions as prescribed in federal regulations.

Existing law authorizes certain retired public officers and employees or the surviving spouse of such a retired officer or employee who is deceased to reinstate health insurance provided by the employer. If such an insurance plan is considered a grandfathered plan under the Patient Protection and Affordable Care Act, existing law authorizes such reinstatement to exclude claims for expenses for certain preexisting conditions. (NRS 287.0205) The Patient Protection and Affordable Care Act prohibits a grandfathered group plan from imposing such an exclusion. (42 U.S.C. §§ 300gg-3, 18011(a)(4)(B)) **Section 33** of this bill removes authorization for certain government insurance plans to exclude claims for preexisting conditions for reinstated coverage in conformance with federal law and **sections 12 and 31** of this bill. **Section 31.5 of this bill authorizes such an insurance plan for only retired officers and employees to exclude claims for preexisting conditions under the same conditions as previously authorized for grandfathered plans.** Sections 11, 14, 22 and 35 of this bill remove other provisions of existing law that reference exclusions based on a preexisting condition. **Sections 8 and 28** of this bill make other conforming changes.

Amendment No. 509.

SUMMARY—Revises provisions ~~governing prescriptions for~~ **relating to** controlled substances. (BDR 54-703)

AN ACT relating to controlled substances; **revising requirements concerning the review and investigation of a complaint concerning certain violations relating to controlled substances; requiring certain professional licensing boards that regulate prescriptions for controlled substances or practitioners who issue such prescriptions to develop and disseminate an explanation or technical advisory bulletin concerning certain requirements relating to such prescriptions;** clarifying the independent authority of the State Board of Pharmacy to take disciplinary action; revising provisions concerning prescribing controlled substances for the treatment of pain; **requiring a system for the maintenance of electronic health records to have certain capabilities;** and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires the Executive Director of a professional licensing board that licenses practitioners who are authorized to prescribe controlled substances to conduct a review and evaluation of any complaint or information indicating that a practitioner has engaged in certain inappropriate activity with regard to a controlled substance listed in schedule II, III or IV. (NRS 630.323, 631.364, 632.352, 633.574, 635.152, 636.338) Sections 1-6 of this bill remove the requirement that such a review and an investigation include requiring the practitioner to attest that he or she has complied with certain requirements concerning the prescription of such controlled substances.

Existing law requires a practitioner, other than a veterinarian, to obtain a patient utilization report from the computerized prescription monitoring program before issuing an initial prescription for a controlled substance listed in schedule II, III or IV or an opioid that is a controlled substance listed in schedule V and at least once every 90 days thereafter for the duration of the course of treatment using the controlled substance. (NRS 639.23507) Existing law additionally requires a practitioner, other than a veterinarian, to meet certain requirements, including performing an evaluation and risk assessment and obtaining informed written consent, before issuing an initial prescription for a controlled substance listed in schedule II, III or IV for the treatment of pain. (NRS 639.23911, 639.23914) Existing law defines the term “initial prescription” to mean a prescription originated for a new patient of a practitioner, other than a veterinarian, or a new prescription to begin a new course of treatment for an existing patient of a practitioner, other than a veterinarian. (NRS 639.0082) Existing regulations of the State Board of Pharmacy define the term “course of treatment” to mean all treatment of a patient for a particular disease or symptom of a disease. (LCB File No. R047-18, adopted on June 26, 2018) **Section ~~7~~ 7.3** of this bill codifies this definition into statute, and **section 8** of this bill makes a conforming change. **Section 9**

of this bill revises requirements concerning the use of a patient utilization report.

Section 7.6 of this bill provides that certain requirements concerning prescriptions of a controlled substance listed in schedule II, III or IV for the treatment of pain do not apply to prescriptions for the treatment of the pain of a patient who: (1) has been diagnosed with cancer or sickle cell disease or any of its variants; or (2) is receiving hospice or palliative care. Section 7.6 also authorizes a practitioner to obtain informed consent that meets certain guidelines in lieu of obtaining informed consent that meets the statutory requirements for informed consent before issuing an initial prescription for a controlled substance listed in schedule II, III or IV for the treatment of the pain of such a patient.

Existing law imposes certain limitations on an initial prescription of a controlled substance listed in schedule II, III or IV for the treatment of acute pain. (NRS 639.2391) Existing regulations of the Board define the term “acute pain” to mean pain that has an abrupt onset and is caused by an injury or another cause that is not ongoing. **(LCB File No. R047-18) Section 10** of this bill: (1) codifies that definition into law; and (2) authorizes a practitioner to prescribe an initial prescription of a controlled substance listed in schedule II, III or IV for the treatment of acute pain for a longer amount of time if the practitioner determines that it is medically necessary.

Existing law requires an evaluation and risk assessment to be performed before issuing an initial prescription for a controlled substance listed in schedule II, III or IV for the treatment of pain to include **: (1) a review of the medical history of the patient; (2) a physical examination; (3) obtaining informed written consent to the use of the controlled substance; and (4) a good faith effort to review the medical records of the patient.** (NRS 639.23912) **Section 11 of this bill limits the scope of the review of medical history and physical examination. Sections 10.5 and 11 of this bill additionally eliminate the requirement that informed consent must be in writing. Section 11 [of this bill] also limits the applicability of [this requirement] the requirement to make a good faith effort to review the medical records of the patient** to: (1) initial prescriptions that will be for more than 30 days; and (2) medical records that are relevant to the prescription.

Section 11.5 of this bill requires the State Board of Pharmacy to develop and disseminate to each professional licensing board that licenses a practitioner who is authorized to prescribe controlled substances or make available on the Internet website of the Board an explanation or a technical advisory bulletin to inform those professional licensing boards of requirements concerning prescriptions for controlled substances listed in schedule II, III or IV and to update those explanations or bulletins as necessary. Sections 1-6 require each of those professional licensing boards to develop and disseminate or make available to each licensee who is authorized to prescribe controlled substances a similar explanation or

bulletin concerning those requirements and the procedures for imposing disciplinary action upon a licensee who violates those requirements.

Existing regulations of the Board provide that obtaining informed written consent to the use of a controlled substance listed in schedule II, III or IV for the treatment of pain includes viewing previously obtained informed written consent and discussing the provisions of the informed written consent with the person who provided it. (LCB File No. R047-18) ~~[Section 11 codifies that provision in statute.]~~ **Section 13** of this bill provides for the removal of **those** provisions of ~~the~~ **that** regulation ~~, [adopted by the Board that are codified into law by this bill.]~~

Existing law authorizes the State Board of Pharmacy to suspend or revoke a registration to dispense a controlled substance under certain circumstances. (NRS 453.236, 453.241) **Section 12** of this bill clarifies that such authority is not limited by the authority of any other regulatory body to take disciplinary action for the same conduct.

Existing law requires the State Board of Pharmacy and the Investigation Division of the Department of Public Safety to cooperatively develop a computerized program to track prescriptions for controlled substances listed in schedule II, III, IV or V. To the extent that money is available, existing law requires that program to include the ability to integrate the records of patients in the database of the program with the electronic health records of practitioners. (NRS 453.162) If the program includes that ability, section 12.5 of this bill requires any person or entity that provides a system for the maintenance of electronic health records to a practitioner to ensure that the system includes the ability to integrate the records of patients in the database into the practitioner's electronic health records.

Existing law requires a practitioner to consider certain factors before prescribing a controlled substance listed in schedule II, III or IV. ~~(NRS 639.23915)~~ **Section 14** of this bill repeals that requirement, and **sections 1-6** of this bill remove references to that requirement.

The Board shall update the explanation or bulletin as necessary to include any revisions to those provisions of law or regulations. of Public and Behavioral Health of the Department of Health and Human Services. **Section 8** also: (1) requires the State Board to adopt a schedule of fees which must be assessed to a health care facility for each case from which information is abstracted; and (2) provides for the imposition of an administrative penalty against a health care facility that fails to make the records of the facility for each case of sickle cell ~~anemia~~ **disease and its variants** available for abstraction. **Sections 9 and 10** of this bill provide for analysis, reporting and research based on the reported and abstracted information concerning cases of sickle cell ~~anemia~~ **disease and its variants**. **Sections 7, 11 and 15** of this bill provide for the confidentiality of reported information concerning patients, providers of health care and facilities. **Section 12** of this bill provides immunity from liability for any person or organization who discloses information in good faith to the Division in accordance with the requirements of **sections 6-8**.

Existing law requires the State Board of Health to adopt regulations governing examinations and tests required for the discovery in infants of preventable or inheritable disorders, including tests for the presence of sickle cell anemia. (NRS 442.008) **Section 13** of this bill requires those regulations to include a requirement that each newborn child who is susceptible to sickle cell ~~anemia~~ **disease and its variants** and sickle cell trait to be tested and each biological parent of a child who tests positive for sickle cell ~~anemia~~ **disease and its variants** to be offered to be tested for sickle cell ~~anemia~~ **disease and its variants** and sickle cell trait. **Section 13** also: (1) requires the parent or guardian of a child who tests positive for sickle cell ~~anemia~~ **disease and its variants** or sickle cell trait to receive counseling concerning the nature, effects and treatment of sickle cell ~~anemia~~ **disease and its variants** or sickle cell trait, as applicable; and (2) authorizes the parent or guardian of a newborn child to opt out in writing from such testing.

AN ACT relating to powers of attorney; defining the term “nondurable” for certain purposes relating to powers of attorney; revising provisions relating to powers of attorney for certain financial matters and health care; revising provisions relating to the Nevada Lockbox; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law sets forth the Uniform Power of Attorney Act which authorizes a person to grant authority to an agent to act for the person in certain matters relating to financial decisions. (NRS 162A.200-162A.660) Existing law also sets forth provisions governing durable powers of attorney for health care decisions. (NRS 162A.700-162A.865) Existing law provides that “durable” means a power of attorney is not terminated by the incapacity of a principal. (NRS 162A.040) Additionally, existing law sets forth the circumstances under which a guardian may be appointed after a power of attorney has been executed. (NRS 162A.250, 162A.800)

Section 1 of this bill defines the term “nondurable” as a power of attorney that terminates upon the incapacity of a principal. Section 2.5 of this bill revises the term “incapacity” to provide that such incapacity must be judicially determined. Sections 3 and 4 of this bill set forth the circumstances under which a guardian is appointed after the proper execution of a: (1) durable power of attorney for both financial matters and health care; and (2) nondurable power of attorney for both financial matters and health care.

Existing law establishes provisions relating to the Nevada Lockbox, which is a registry authorized to be established and maintained on the Secretary of State’s Internet website in which a person may register a will or certain other documents. (NRS 225.300-225.440) Existing law specifically provides a form for a power of attorney for health care. (NRS 162A.860) Section 5 of this bill revises the form by informing the principal that ~~they~~ the principal may request a power of attorney for health care be electronically stored in the Nevada Lockbox ~~and that the Secretary of State provide a copy to any health care provider.~~ to allow access by authorized providers of health care. Section 5 also provides additional desires specific to possible health care decisions.

Section 7 of this bill provides that a durable power of attorney for health care, executed pursuant to existing law, constitutes a valid declaration governing the withholding or withdrawal of life-sustaining treatment.

2. A lien under this section is prior to all other liens and encumbrances on a unit except:

(a) Liens and encumbrances recorded before the recordation of the declaration and, in a cooperative, liens and encumbrances which the association creates, assumes or takes subject to;

(b) A first security interest on the unit recorded before the date on which the assessment sought to be enforced became delinquent or, in a cooperative, the first security interest encumbering only the unit’s owner’s interest and perfected before the date on which the assessment sought to be enforced became delinquent, except that a lien under this section is prior to a security interest described in this paragraph to the extent set forth in subsection 3;

(b) The unpaid amount of assessments, not to exceed an amount equal to assessments for common expenses based on the periodic budget adopted by the association pursuant to NRS 116.3115 which would have become due in the absence of acceleration during the 9 months immediately preceding the date on which the notice of default and election to sell is recorded pursuant to paragraph (b) of subsection 1 of NRS 116.3116; and

(c) The costs incurred by the association to enforce the lien in an amount not to exceed the amounts set forth in subsection 5,

4. This section does not affect the priority of mechanics' or materialmen's liens, or the priority of liens for other assessments made by the association.

5. The amount of the costs of enforcing the association's lien that are prior to the security interest described in paragraph (b) of subsection 2 must not exceed the actual costs incurred by the association, must not include more than one trustee's sale guaranty and must not exceed:

- (a) For a demand or intent to lien letter, \$150.

6. Notwithstanding any other provision of law, an association, or member of the executive board, officer, employee or unit's owner of the association, acting under the authority of this chapter or the governing documents of the association, or the community manager of the association, or any employee, agent or affiliate of the community manager, while engaged in the management of the common-interest community governed by the association, is not required to be licensed as a collection agency pursuant to chapter 649 of NRS or hire or contract with a collection agency licensed pursuant to chapter 649 of NRS to collect amounts due to the association in accordance with subsection 1 before the recording of a notice of default and election to sell pursuant to paragraph (b) of subsection 1 of NRS 116.31162.

7. The holder of the security interest described in paragraph (b) of subsection 2 or the holder's authorized agent may establish an escrow account, loan trust account or other impound account for advance contributions for the payment of assessments for common expenses based on the periodic budget adopted by the association pursuant to NRS 116.3115 if the unit's owner and

the holder of that security interest consent to the establishment of such an account. If such an account is established, payments from the account for assessments for common expenses must be made in accordance with the same due dates as apply to payments of such assessments by a unit's owner.

8. Unless the declaration otherwise provides, if two or more associations have liens for assessments created at any time on the same property, those liens have equal priority.

9. Recording of the declaration constitutes record notice and perfection of the lien. No further recordation of any claim of lien for assessment under this section is required.

10. A lien for unpaid assessments is extinguished unless a notice of default and election to sell is recorded as required by paragraph (b) of subsection 1 of NRS 116.31162, or judicial proceedings to enforce the lien are instituted, within 3 years after the full amount of the assessments becomes due.

11. This section does not prohibit actions to recover sums for which subsection 1 creates a lien or prohibit an association from taking a deed in lieu of foreclosure.

12. A judgment or decree in any action brought under this section must include costs and reasonable attorney's fees for the prevailing party.

13. The association, upon written request, shall furnish to a unit's owner a statement setting forth the amount of unpaid assessments against the unit. If the interest of the unit's owner is real estate or if a lien for the unpaid assessments may be foreclosed under NRS 116.31162 to 116.31168, inclusive, the statement must be in recordable form. The statement must be furnished within 10 business days after receipt of the request and is binding on the association, the executive board and every unit's owner.

14. In a cooperative, upon nonpayment of an assessment on a unit, the unit's owner may be evicted in the same manner as provided by law in the case of an unlawful holdover by a commercial tenant, and:

(b) In a cooperative where the owner's interest in a unit is personal property under NRS 116.1105, the association's lien:

(1) May be foreclosed as a security interest under NRS 104.9101 to 104.9709, inclusive; or

(2) If the declaration so provides, may be foreclosed under NRS 116.31162 to 116.31168, inclusive.

15. In an action by an association to collect assessments or to foreclose a lien created under this section, the court may appoint a receiver to collect all rents or other income from the unit alleged to be due and owing to a unit's owner before commencement or during pendency of the action. The receivership is governed by chapter 32 of NRS. The court may order the receiver to pay any sums held by the receiver to the association during pendency of the action to the extent of the association's common expense

assessments based on a periodic budget adopted by the association pursuant to NRS 116.3115.

16. Notwithstanding any other provision of law, any payment of an amount due to an association in accordance with subsection 1 by the holder of any lien or encumbrance on a unit that is subordinate to the association's lien under this section becomes a debt due from the unit's owner to the holder of the lien or encumbrance.

Assembly Bill No. 353.

Bill read second time.

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 531.

AN ACT relating to recycling; **revising certain provisions governing regulation of solid waste**; requiring certain governmental entities to recycle certain additional products and waste; providing certain exemptions from such a requirement; revising the required contents of a report made to the Legislature on the status of recycling programs; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the State Environmental Commission to adopt regulations establishing minimum standards for: (1) separating at the source recyclable material from other solid waste originating from residential premises and public buildings where services for the collection of solid waste are provided, including the placement of recycling containers where those services are provided. (NRS 444A.020) Section 1 of this bill excludes construction waste and demolition waste from the definition of "solid waste" for purposes of this requirement. Section 1.8 of this bill clarifies that the term "recyclable material" in this requirement includes electronic waste, paper and paper products.

Existing law requires courts, the Legislative Counsel Bureau, state agencies, school districts and the Nevada System of Higher Education to recycle paper and paper products unless the cost of recycling is unreasonable and would place an undue burden on the entity. (NRS 1.115, 218F.310, 232.007, 386.4159, 396.437) **Sections 2-6** of this bill require these entities to also recycle electronic waste and other recyclable materials. **Sections 2-6 also use standardized definitions of electronic waste, paper, paper products and recyclable material that conform to the definitions in the regulations relating to recycling adopted by the State Environmental Commission.**

Existing law also authorizes the Legislative Counsel Bureau and state agencies to apply for a waiver from compliance with the requirements for recycling. (NRS 218F.310, 232.007) Sections 3 and 4 of this bill eliminate the waiver process and exempt these entities from complying with the requirements relating to recycling if these entities determine that the cost of compliance is unreasonable and would place an undue burden on the entity.

Additionally, existing law requires the Legislative Commission, state agencies, school districts and the Nevada System of Higher Education to prescribe procedures for the recycling of certain waste. (NRS 218F.310, 232.007, 386.4159, 396.437) Sections 3-6 remove the requirement for these entities to prescribe such procedures and instead, require these entities to consult with the State Department of Conservation and Natural Resources for the disposition of such waste.

Existing law also requires any money received by the Legislative Counsel Bureau for recycling or causing to be recycled certain paper products and waste to be paid by the Director to the State Treasurer for credit to the State General Fund. (NRS 218F.310) **Section ~~4 of this bill~~ 3** requires money received by the Legislative Counsel Bureau for recycling or causing to be

recycled certain paper products, electronic waste and other recyclable materials to be: (1) accounted for separately; and (2) used to carry out the provisions of **section ~~443~~ 3**.

Existing law requires the Director of the State Department of Conservation and Natural Resources to deliver a biennial report to the Director of the Legislative Counsel Bureau on the status of current and proposed programs for recycling and reuse of materials. (NRS 444A.070) **Section ~~443~~ 1.9** of this bill requires such a report to include the amount of recycled material reported by state agencies.

Amendment No. 606.

AN ACT relating to manufactured homes; authorizing the issuance of a certificate of ownership for a manufactured home, mobile home or commercial coach under certain circumstances; providing for the automatic transfer of

certain manufactured homes, mobile homes and commercial coaches to designated beneficiaries upon the death of the owner; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, if a person applying for a certificate of ownership for a manufactured home, mobile home or commercial coach from the Housing Division of the Department of Business and Industry cannot present the certificate of ownership previously issued, the Division may receive the application, examine the circumstances of the case and require the filing of affidavits or other information. The Division may issue a certificate of ownership to the applicant when the Division is satisfied the applicant is entitled to such a certificate. (NRS 489.561) **Section 2** of this bill authorizes a person who is unable to provide information satisfactory to the Division that the person is entitled to a certificate of ownership to obtain a new certificate of ownership by: (1) filing a bond with the Division in an amount equal to **one and one-half times** the **assessed** value of the manufactured home, mobile home or commercial coach; and (2) allowing the Division to inspect the manufactured home, mobile home or commercial coach for compliance with certain safety standards. Such a bond must be conditioned to indemnify prior and subsequent owners or lienholders of the manufactured home, mobile home or commercial coach against any expense, loss or damage because of the issuance of the certificate of ownership, or because of any defect in or undisclosed security interest in the applicant's right or title to the manufactured home, mobile home or commercial coach or the applicant's interest in the manufactured home, mobile home or commercial coach. ~~[The bond must be returned by the Division at the end of 3 years, unless the Division has been notified of the pendency of an action to recover on the bond.]~~ **Section 2** also abolishes any right of action against the Division for taking certain actions or failing to act in providing a certificate of ownership pursuant to that section. **Section 5** of this bill makes a conforming change.

Existing law provides for nonprobate transfer of certain property from the owner to a named beneficiary, including, without limitation, nonprobate transfers of certain motor vehicles for which the owner has obtained a certificate of title in beneficiary form from the Department of Motor Vehicles. (NRS 482.247) **Section 3** of this bill authorizes the owner or owners of a manufactured home, mobile home or commercial coach to request a certificate of ownership in beneficiary form from the Housing Division of the Department of Business and Industry which directs the Division to transfer the certificate of ownership to a designated beneficiary upon the death of the owner. **Section 3** also provides procedures for obtaining and revoking a certificate of ownership in beneficiary form, and specifies that a transfer of ownership made by a certificate of ownership in beneficiary form is not subject to the statutes governing probate matters. **Section 4** of this bill makes a conforming change. **Section 4** also ~~removes the requirement in existing law~~ **requires** that the ~~signature~~ **signature of the person whose title or interest is to be**

transferred on a transfer of title to or the interest in a manufactured home, mobile home or commercial coach be notarized. (NRS 489.551) **Section 3.5 of this bill requires the Administrator of the Housing Division to adopt regulations pertaining to the issuance of the bonded certificates of ownership and the certificates of ownership in beneficiary form provided for in sections 2 and 3.**

The following amendment was proposed by the Committee on Government Affairs:

Amendment No. 594.

AN ACT relating to common-interest communities; revising provisions governing **foreclosure of** a unit-owners' association's lien on a unit for certain amounts due to the association; ~~providing that certain actions relating to amounts due to the association are not subject to mandatory alternative dispute resolution processes and must be adjudicated as small claims;~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a unit-owners' association has a lien on a unit for certain amounts due to the association and may foreclose its lien through a nonjudicial foreclosure sale. (NRS 116.3116-116.31168) ~~Generally, the association's lien is not prior to a first security interest on the unit recorded before the date on which the amount sought to be enforced became delinquent. However, the association's lien is prior to the first security interest on the unit to the extent~~

~~of certain maintenance and abatement charges and a certain amount of assessments for common expenses. The portion of the association's lien that is prior to the first security interest on the unit is commonly referred to as the "super priority lien." (NRS 116.3116) Section 2 of this bill eliminates the super priority lien, and sections 1 and 3.5 of this bill make conforming changes.~~

~~Existing law provides that before commencing a civil action relating to the interpretation, application or enforcement of any covenants, conditions or restrictions applicable to residential property or any bylaws, rules or regulations adopted by an association or the procedures used for increasing, decreasing or imposing additional assessments upon residential property, a dispute must first be submitted to mediation or, if the parties agree, referred to a program established by the Real Estate Division of the Department of Business and Industry for a decision by a referee or hearing officer. (NRS 38.310) Section 6 of this bill exempts from such mandatory mediation or such a program actions brought to collect any sums for which a lien is created against a unit's owner under existing law, which would include sums for certain assessments, construction penalties, fines, fees, charges, late charges, interest and costs of collecting a past due obligation. Sections 2 and 7 of this bill provide that such actions must be: (1) commenced in the justice court; (2) treated as small claims; and (3) tried within 45 days after the summons and complaint are served on the defendant.~~ **Existing law provides that before foreclosing a lien by sale and selling the unit, the association or other person conducting the sale must give notice of the time and place of the sale by recording the notice of sale and by taking certain other actions designed to notify the unit's owner and other persons of the sale. (NRS 116.311635) Section 1.5 of this bill provides that, notwithstanding any other provision of law, the association or other person conducting the sale may not record the notice of sale or take the other actions described in the statute that are necessary to proceed with the foreclosure sale unless the unit's owner is delinquent on a total of at least 12 months' worth of assessments for common expenses at the time of recording the notice of sale.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. ~~{NRS 116.310312 is hereby amended to read as follows:
116.310312 1. A person who holds a security interest in a unit must provide the association with the person's contact information as soon as reasonably practicable, but not later than 30 days after the person:

~~(a) Maintain the exterior of the unit in accordance with the standards set forth in the governing documents, including, without limitation, any provisions governing maintenance, standing water or snow removal;~~

~~(b) Remove or abate a public nuisance on the exterior of the unit which:~~

~~3. If:~~

~~the association, including its employees, agents and community manager, may enter the grounds of the unit to maintain the exterior of the unit or abate a public nuisance, as described in subsection 2, if the unit's owner refuses or fails to do so.~~

~~(a) Abate a water or sewage leak in the unit and remove any water or sewage from the unit that is causing damage or, if not immediately abated, may cause damage to the common elements or another unit if the unit's owner refuses or fails to abate the water or sewage leak.~~

~~—(b) After providing the unit's owner with notice but before a hearing in accordance with the provisions of NRS 116.31031:~~

~~—(1) Remove any furniture, fixtures, appliances and components of the unit, including, without limitation, flooring, baseboards and drywall, that were damaged as a result of water or mold damage resulting from a water or sewage leak to the extent such removal is reasonably necessary because water or mold damage threatens the health or safety of the residents of the common interest community, results in blighting or deterioration of the unit or the surrounding area and adversely affects the use and enjoyment of nearby units, if the unit's owner refuses or fails to remediate or remove the water or mold damage.~~

~~—(2) Remediate or remove any water or mold damage in the unit resulting from the water or sewage leak to the extent such remediation or removal is reasonably necessary because the water or mold damage threatens the health or safety of the residents of the common interest community, results in blighting or deterioration of the unit or the surrounding area and adversely affects the use and enjoyment of nearby units, if the unit's owner refuses or fails to remediate or remove the water or mold damage.~~

~~—5. After the association has provided the unit's owner with notice and an opportunity for a hearing in the manner provided in NRS 116.31031, the association may order that the costs of any maintenance or abatement or the reasonable costs of remediation or removal conducted pursuant to subsection 2, 3 or 4, including, without limitation, reasonable inspection fees, notification and collection costs and interest, be charged against the unit. The association shall keep a record of such costs and interest charged against the unit and has a lien on the unit for any unpaid amount of the charges. The lien may be foreclosed under NRS 116.31162 to 116.31168, inclusive.~~

~~—6. A lien described in subsection 5 bears interest from the date that the charges become due at a rate determined pursuant to NRS 17.130 until the charges, including all interest due, are paid.~~

~~—7. [Except as otherwise provided in this subsection, a lien described in subsection 5 is prior and superior to all liens, claims, encumbrances and titles other than the liens described in paragraphs (a) and (c) of subsection 2 of NRS 116.3116. If the federal regulations of the Federal Home Loan Mortgage Corporation or the Federal National Mortgage Association require a shorter period of priority for the lien, the period during which the lien is prior and superior to other security interests shall be determined in accordance with those federal regulations. Notwithstanding the federal regulations, the period of priority of the lien must not be less than the 6 months immediately preceding the institution of an action to enforce the lien.~~

~~—8.] A person who purchases or acquires a unit at a foreclosure sale pursuant to NRS 40.430 or a trustee's sale pursuant to NRS 107.080 is bound by the governing documents of the association and shall maintain the exterior of the unit in accordance with the governing documents of the association. Such a unit may only be removed from a common interest community in accordance with the governing documents pursuant to this chapter.~~

~~[9.] 8. Notwithstanding any other provision of law, an association, its directors or members of the executive board, employees, agents or community manager who enter the grounds or interior of a unit pursuant to this section are not liable for trespass.~~

The licensee must notify the Commissioner in advance of any change of location of a place of business of the licensee. 2. *Upon the request of the Commissioner, a person required to maintain records pursuant to subsection 1 shall make such records available to the Commissioner, or send the records to the Commissioner, in the manner required by the Commissioner not later than 5 business days after requested by the Commissioner. 3. *In making any examination or investigation authorized by this section, the Commissioner may control access to any documents and records of a student loan servicer or other person under examination or investigation. The Commissioner may take possession of the documents and records or place a person in exclusive charge of the documents and records in the place where they are usually kept. During the period of control, a person shall not remove or attempt to remove any of the documents and records except pursuant to a court order or with the consent of the Commissioner. Unless the Commissioner has reasonable grounds to believe the documents or records of the student loan servicer or other person under examination or investigation have been, or are at risk of being, altered or destroyed for purposes of concealing a violation of this chapter, the student loan servicer, the other person under examination or investigation or the owner of the documents and records must be allowed access to the documents or records as necessary to conduct ordinary business affairs.*

Legislative Counsel's Digest:

Existing federal law provides for individual retirement accounts and individual retirement annuities by which persons may save money for retirement under favorable income tax treatment. (26 U.S.C. §§ 408, 408A) This bill establishes the Nevada Employee Savings Trust under the direction of a board of trustees with the power to establish a similar program and to encourage private employees to establish such accounts.

Section 19 of this bill creates the Board of Trustees of the Nevada Employee Savings Trust and establishes its membership. **Section 20** of this bill

establishes certain powers and duties of the Board. In particular, **section 20** authorizes and empowers the Board to: (1) design, establish and operate the Nevada Employee Savings Trust Program; (2) charge and collect fees on money invested through the Program to defray the costs of administering the Program; and (3) adopt regulations, rules and procedures for the establishment and operation of the Program and to take such other actions necessary or desirable to establish and operate the Program.

Section 21 of this bill requires the State Treasurer to provide staff support to the Board within the limits of appropriations and authorizes the Board to delegate to the State Treasurer any of its administrative powers and duties.

Section 22 of this bill provides that an act or undertaking of the Board does not constitute a debt of the State of Nevada, or any political subdivision thereof, or a pledge of the full faith and credit of the State of Nevada, or of any political subdivision thereof, and is payable solely from the assets controlled by the Board. **Section 22** also prohibits the Board from imposing any obligations on the State or pledging the credit of the State.

Section 23 of this bill establishes certain attributes that the Board must include in the Program, including: (1) that covered employers must automatically enroll covered employees in the Program; (2) that contributions to a covered employee's Individual Retirement Account (IRA) must be withheld from the employee's compensation at the rate set by the Board unless the employee elects to not contribute or to contribute at a different rate; and (3) that the Board must prepare informational materials, disclosure statements, forms and instructions concerning the Program for distribution by covered employers to covered employees.

Section 24 of this bill creates the Nevada Savings Trust Administrative Fund in the State Treasury, specifies the sources of money that may be deposited in the Fund and requires the Board to use money in the Fund solely to pay the administrative costs and expenses of the Board and the Program.

Section 25 of this bill authorizes the Board to borrow money or enter into certain long-term procurement contracts with financial providers until the Board determines that the Program is financially self-sustaining.

Section 26 of this bill creates the Nevada Employee Savings Trust as an instrumentality of the State and requires the Board to appoint a Trustee of the Trust. **Section 26** requires that the assets of all Individual Retirement Accounts established by covered employees through the Program be allocated to the Trust and invested, managed and administered for the exclusive purposes of providing benefits to the covered employees and defraying the reasonable expenses of the Board, Program and Trust. **Section 26** also establishes certain investment guidelines and practices.

Section 27 of this bill provides that, except to the extent necessary to administer the Program, personal information relating to individual participants in the program and information relating to individual accounts established or maintained through the Program is confidential and must be maintained as confidential, unless the person who provides the information or

is the subject of the information expressly agrees in writing to the disclosure of the information.

Section 28 of this bill provides a grant of immunity from civil liability to covered employers for the consequences of various decisions made by employees or the Board in connection with the Program, including, for example, an employee's decision to participate in or to opt out of the Program, any investment decision made by the participant or the Board, and any loss, failure to realize a gain, or any other adverse consequence incurred by any person as a result of participating in the Program. **Section 28** also provides that a covered employer or other employer must not be deemed to be a fiduciary in relation to the Program.

Section 29 of this bill absolves the State and any employee or officer thereof, and the Board and a member of the Board or employee thereof, and the Program from any responsibility or civil liability for the actions of certain other persons in connection with the Program, including, for example, a person's failure to comply with provisions of the Internal Revenue Code, the payment of benefits, and any loss, failure to realize a gain, or any other adverse consequence incurred by any person as a result of participating in the Program. **Section 29** also provides that the debts, contracts, and obligations of the Board, Program or Trust are not the debts, contracts, and obligations of the State, and neither the faith and credit nor the taxing power of the State is pledged directly or indirectly to the payment of the debts, contracts, and obligations of the Board, Program or Trust.

Section 30 of this bill provides that members of the Board, the Trustee and certain other persons involved in the administration of Trust are fiduciaries with respect to the participants in the Program.

Section 31 of this bill prohibits members of the Board, its staff and persons who serve as administrators of the Program from engaging in certain financial transactions in connection with the Program.

Section 32 of this bill requires the Board to obtain an annual independent audit of the Board, the Program and the Trust and to annually submit audited financial reports to the Governor, State Controller and the Legislature.

WHEREAS, The Legislature finds that too many Nevadans have inadequate savings for retirement, and over 56 percent of wage and salary workers in Nevada work for an employer that does not offer a retirement plan or program or offer any other easy way to save at work; and

WHEREAS, It is the policy of this State to encourage Nevadans to voluntarily save for retirement, including by facilitating saving in individual retirement accounts as well as by encouraging employers to adopt retirement savings and other retirement plans for employees in this State; and

WHEREAS, More adequate, portable, low-cost, and consumer-protective retirement savings by Nevada households will enhance their retirement security and ultimately reduce the pressure on State public assistance programs

for retirees and other elderly citizens and the potential burden on Nevada citizens and taxpayers to finance such programs; and

WHEREAS, The Legislature intends to create the Nevada Employee Savings Trust to be governed by a Board of Trustees, which will design and establish a program that encourages private-sector employees to establish tax-favored individual retirement accounts funded by payroll deductions and will select competent and qualified private-sector entities to administer the program and manage the accounts on behalf of program participants; and

WHEREAS, The Nevada College Savings Program administered by the Board of Trustees of the College Savings Plans of Nevada has demonstrated the feasibility of a public-private partnership that outsources investment and administration to assist private citizens of Nevada to save on a voluntary and cost-efficient basis; now, therefore,

Any such copies, abstracts or memoranda may be used to supply the general public with copies, abstracts or memoranda of the records or may be used in any other way to the advantage of the governmental entity or of the general public. This section does not supersede or in any manner affect the federal laws governing copyrights or enlarge, diminish or affect in any other manner the

rights of a person in any written book or record which is copyrighted pursuant to federal law.

If the Board determines that one or more provisions of the Program are preempted by Employee Retirement Income Security Act of 1974, the Board shall implement the remaining provisions of the Program to the extent practicable.

4. The Board shall not implement a provision of the Program that authorizes an arrangement by which an employer facilitates access for an employee to contribute to an Individual Retirement Account by means of a payroll deduction if the Board determines that the arrangement is an employee pension benefit plan within the meaning of Section 3(2) of the Employee Retirement Income Security Act of 1974, 29 U.S.C. § 1002(2).

Legislative Counsel's Digest:

Existing federal law provides for individual retirement accounts and individual retirement annuities by which persons may save money for retirement under favorable income tax treatment. (26 U.S.C. §§ 408, 408A) This bill establishes the Nevada Employee Savings Trust under the direction of a board of trustees with the power to establish a similar program and to encourage private employees to establish such accounts.

Section 19 of this bill creates the Board of Trustees of the Nevada Employee Savings Trust and establishes its membership. **Section 20** of this bill establishes certain powers and duties of the Board. In particular, **section 20** authorizes and empowers the Board to: (1) design, establish and operate the Nevada Employee Savings Trust Program; ~~and (2) charge and collect fees on money invested through the Program to defray the costs of administering the Program; and (3)~~ adopt regulations, rules and procedures for the establishment and operation of the Program and to take such other actions necessary or desirable to establish and operate the Program.

Section 21 of this bill requires the State Treasurer to provide staff support to the Board within the limits of appropriations and authorizes the ~~Board to~~

~~delegate to the~~ State Treasurer ~~[any of its]~~ **to provide** administrative ~~[powers and duties]~~ **support to the Board.**

Section 22 of this bill provides that an act or undertaking of the Board does not constitute a debt of the State of Nevada, or any political subdivision thereof, or a pledge of the full faith and credit of the State of Nevada, or of any political subdivision thereof, and is payable solely from the assets controlled by the Board. **Section 22** also prohibits the Board from imposing any obligations on the State or pledging the credit of the State.

Section 23 of this bill establishes certain attributes that the Board must include in the Program, including: (1) that covered employers must automatically enroll covered employees in the Program; (2) that contributions to a covered employee's Individual Retirement Account (IRA) must be withheld from the employee's compensation at the rate set by the Board unless the employee elects to not contribute or to contribute at a different rate; and (3) that the Board must prepare informational materials, disclosure statements, forms and instructions concerning the Program for distribution by covered employers to covered employees.

Section 24 of this bill creates the Nevada Savings Trust Administrative Fund in the State Treasury, specifies the sources of money that may be deposited in the Fund and requires the Board to use money in the Fund solely to pay the administrative costs and expenses of the Board and the Program.

Section 25 of this bill authorizes the Board to borrow money or enter into certain long-term procurement contracts with financial providers until the Board determines that the Program is financially self-sustaining.

Section 26 of this bill creates the Nevada Employee Savings Trust as an instrumentality of the State and requires the Board to appoint a Trustee of the Trust. **Section 26** requires that the assets of all Individual Retirement Accounts established by covered employees through the Program be allocated to the Trust and invested, managed and administered for the exclusive purposes of providing benefits to the covered employees and defraying the reasonable expenses of the Board, Program and Trust. **Section 26** also establishes certain investment guidelines and practices.

Section 27 of this bill provides that, except to the extent necessary to administer the Program, personal information relating to individual participants in the program and information relating to individual accounts established or maintained through the Program is confidential and must be maintained as confidential, unless the person who provides the information or is the subject of the information expressly agrees in writing to the disclosure of the information.

Section 28 of this bill provides a grant of immunity from civil liability to covered employers for the consequences of various decisions made by employees or the Board in connection with the Program, including, for example, an employee's decision to participate in or to opt out of the Program, any investment decision made by the participant or the Board, and any loss, failure to realize a gain, or any other adverse consequence incurred by any

person as a result of participating in the Program. **Section 28** also provides that a covered employer or other employer must not be deemed to be a fiduciary in relation to the Program.

Section 29 of this bill absolves the State and any employee or officer thereof, and the Board and a member of the Board or employee thereof, and the Program from any responsibility or civil liability for the actions of certain other persons in connection with the Program, including, for example, a person's failure to comply with provisions of the Internal Revenue Code, the payment of benefits, and any loss, failure to realize a gain, or any other adverse consequence incurred by any person as a result of participating in the Program. **Section 29** also provides that the debts, contracts, and obligations of the Board, Program or Trust are not the debts, contracts, and obligations of the State, and neither the faith and credit nor the taxing power of the State is pledged directly or indirectly to the payment of the debts, contracts, and obligations of the Board, Program or Trust.

Section 30 of this bill provides that members of the Board, the Trustee and certain other persons involved in the administration of Trust are fiduciaries with respect to the participants in the Program.

Section 31 of this bill prohibits members of the Board, its staff and persons who serve as administrators of the Program from engaging in certain financial transactions in connection with the Program.

Section 32 of this bill requires the Board to obtain an annual independent audit of the Board, the Program and the Trust and to annually submit audited financial reports to the Governor, State Controller and the Legislature.

WHEREAS, The Legislature finds that too many Nevadans have inadequate savings for retirement, and over 56 percent of wage and salary workers in Nevada work for an employer that does not offer a retirement plan or program or offer any other easy way to save at work; and

WHEREAS, It is the policy of this State to encourage Nevadans to voluntarily save for retirement, including by facilitating saving in individual retirement accounts as well as by encouraging employers to adopt retirement savings and other retirement plans for employees in this State; and

WHEREAS, More adequate, portable, low-cost, and consumer-protective retirement savings by Nevada households will enhance their retirement security and ultimately reduce the pressure on State public assistance programs for retirees and other elderly citizens and the potential burden on Nevada citizens and taxpayers to finance such programs; and

WHEREAS, The Legislature intends to create the Nevada Employee Savings Trust to be governed by a Board of Trustees, which will design and establish a program that encourages private-sector employees to establish tax-favored individual retirement accounts funded by payroll deductions and will select competent and qualified private-sector entities to administer the program and manage the accounts on behalf of program participants; and

WHEREAS, The Nevada College Savings Program administered by the Board of Trustees of the College Savings Plans of Nevada has demonstrated

the feasibility of a public-private partnership that outsources investment and administration to assist private citizens of Nevada to save on a voluntary and cost-efficient basis; now, therefore,

The following amendment was proposed by the Committee on Commerce and Labor:

Amendment No. 493.

AN ACT relating to professions; **revising the membership of the Board of Psychological Examiners;** providing that certain provisions governing persons licensed as psychologists also apply to persons registered as psychological assistants, psychological interns and psychological trainees; **revising the requirements for licensure by endorsement to practice as a psychologist;** revising the requirements for an application for the initial registration as a psychological assistant, psychological intern or psychological trainee to be considered complete and received; **revising provisions relating to the amount of fees that the Board charges and collects;** **revising provisions relating to service of process;** revising provisions governing investigations of complaints filed with the Board; ~~of Psychological Examiners;~~ providing that certain out-of-state orders are conclusive evidence of the occurrence of other disciplinary actions; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Board of Psychological Examiners and provides that the Board consists of six members who are appointed by the Governor. (NRS 641.030) Existing law provides the specific qualifications

that the members of the Board must satisfy. (NRS 641.040) Section 1 of this bill provides that the Board consists of seven members. Section 1.3 of this bill requires the additional member to be a licensed psychologist who: (1) has at least 5 years of experience; and (2) is a core faculty member at certain doctorate-level programs or internship locations. Section 1.3 further provides that if such a licensed psychologist is not available, then the additional member must be a licensed psychologist with at least 5 years of experience in the practice of psychology.

Existing law requires the Secretary-Treasurer of the Board of Psychological Examiners to make and keep, on behalf of the Board, a register of licenses to practice psychology and a register of all holders of such licenses. (NRS 641.090) Existing law authorizes the Board to enter into an agreement with the Department of Health and Human Services or a division thereof for certain types of administrative assistance, including assistance in processing applications for the issuance or renewal of licenses to practice psychology. (NRS 641.1105) Existing law requires the Board to submit to the Legislative Committee on Health Care a report which includes the number of applications for the issuance or renewal of a license to practice psychology. (NRS 641.145) **Sections ~~1-3~~ 1.7-3** of this bill provide that these provisions also apply to persons who are registered as psychological assistants, psychological interns or psychological trainees.

Existing law provides the grounds for the Board to commence disciplinary actions against a person who is licensed to practice psychology. Existing law further establishes the procedure used by the Board for pursuing disciplining actions against a person who is licensed to practice psychology. (NRS 641.230-641.320) Existing law sets forth the appeals process that a person may pursue if the person is aggrieved by: (1) the Board's denial of an application of a license to practice psychology; or (2) the issuance of an order by the Board that imposes disciplinary action against the person. (NRS 641.325) Existing law further provides the types of actions that are prohibited. Existing law provides that a person who commits such a prohibited act is guilty of a gross misdemeanor. (NRS 641.440) **Sections 5-9 and 11-23** of this bill provide that these provisions also apply to persons who are registered as psychological assistants, psychological interns or psychological trainees.

Existing law provides the requirements that a person must satisfy to be issued a license by endorsement to practice as a psychologist by the Board. (NRS 641.195) Section 3.5 of this bill imposes additional requirements that an applicant for a license by endorsement to practice as a psychologist must satisfy.

Existing law provides that the application for initial registration as a psychological assistant, psychological intern or psychological trainee is not considered complete and received until the Board receives a complete set of fingerprints or verification that the fingerprints of the applicant have been forwarded to the Central Repository for Nevada Records of Criminal History. (NRS 641.226) **Section 4** of this bill provides that the application for initial

registration as a psychological assistant, psychological intern or psychological trainee is not considered complete and received until the Board also receives the fee for the initial registration of a psychological assistant, psychological intern or psychological trainee prescribed by the Board.

Existing law requires the Board to charge and collect certain fees for certain examinations, issuances of licenses and other purposes. (NRS 641.228) Section 4.5 of this bill establishes a fee for the issuance of an initial expedited license by endorsement to practice as a psychologist. Section 4.5 further requires the Board to charge and collect the fee for certain licenses by endorsement and to also charge and collect the biennial fee for the renewal of a license, which must be prorated. Section 4.5 additionally increases the fee amounts for the biennial renewal of a license of a psychologist and the fee amounts relating to the restoration of a license.

Existing law sets forth the requirements for service of process pursuant to Chapter 641 of NRS. (NRS 641.243) Section 7 of this bill provides that service of process must be made by: (1) personal delivery of a copy of the process upon the person; or (2) sending a copy of the process by certified mail to the person at his or her last known address. Section 7 additionally provides when service of process is deemed to be complete.

Existing law provides the process through which a person may file a complaint against a person who practices psychology. (NRS 641.250) When a complaint is filed with the Board, existing law requires the Board to review the complaint. If it appears that the complaint is not frivolous, the Board may: (1) retain the Attorney General to investigate the complaint; and (2) if the Board retains the Attorney General, transmit the original complaint and supporting documents to the Attorney General. (NRS 641.270) **Section 10** of this bill requires, when a complaint is filed with the Board, the Board or an investigator designated by the Board to review the complaint. **Section 10** also requires the Board, through the President of the Board and the investigator designated by the Board, to investigate the complaint if the Board or the investigator designated by the Board determines that the complaint is not frivolous.

Existing law requires the Board to conduct an investigation of each complaint which sets forth reason to believe that a person represented or practiced as a psychologist without a license. If, after conducting such an investigation, the Board determines that such representation or practice has occurred, the Board shall provide a written summary of the Board's determination and supporting documents to the Attorney General. (NRS 641.2705) **Section 11** of this bill removes this requirement to provide a written summary to the Attorney General and instead requires the Board to forward to the appropriate law enforcement agency any substantiated information regarding a person who practices or offers to practice as a psychologist or psychological assistant, psychological intern or psychological trainee without

a license or registration, unless the Board determines extenuating circumstances exist.

Existing law provides the process through which the Attorney General is to conduct an investigation of a complaint that the Board has transmitted to the Attorney General. (NRS 641.271) **Section 24** of this bill repeals this provision.

Existing law provides that, in a disciplinary proceeding before the Board, a panel of its members or a hearing officer, a certified copy of the record of a licensing agency showing a conviction or the suspension or revocation of a license to practice psychology is conclusive evidence of its occurrence. (NRS 641.285) In addition to such certified copies of the record, **section 15** of this bill provides that, in such a disciplinary proceeding, an order containing any other disciplinary action entered by a court in the District of Columbia or any state or territory of the United States is also conclusive evidence of its occurrence.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Amendment adopted.

Assembly Bill No. 469.

Bill read second time.

The following amendment was proposed by the Committee on Health and Human Services:

Amendment No. 587.

AN ACT relating to health care; limiting the amount a provider of health care may charge a person who has health insurance for certain medically necessary emergency services provided when the provider is out-of-network; requiring ~~at a health care facility to~~ **an insurer to arrange for the** transfer of a person who has health insurance to ~~another~~ **an in-network** facility under certain circumstances; prescribing procedures for determining the amount that an insurer is required to pay a provider of health care which is out-of-network for certain medically necessary emergency services provided to an insured; **requiring the reporting of certain information related to that process;** and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Under existing law, a hospital is required to provide emergency services and care and to admit certain patients where appropriate, regardless of the financial

status of the patient. (NRS 439B.410) Existing law also requires certain major hospitals to reduce total billed charges by at least 30 percent for hospital services provided to certain patients who have no insurance or other contractual provision for the payment of the charges by a third party, which is an insurer. (NRS 439B.260) **Section 7** of this bill defines the term “out-of-network provider” to mean, for a particular person covered by a policy of health insurance, a provider of health care ~~[, hospital or independent center for emergency medical care]~~ **or medical facility** that has not entered into a contract with a third party for the provision of health care to persons who are covered by a policy of insurance ~~[which provides coverage to the patient and which is]~~ issued by that third party. **Section 11 of this bill exempts services provided to recipients of Medicaid from the provisions of this bill. Section 14 of this bill prohibits an out-of-network provider from ~~charging~~ collecting from a person covered by a policy of health insurance an amount for medically necessary emergency services that exceeds the copayment, coinsurance or deductible required by that policy. Section 14 also requires an out-of-network ~~facility~~ hospital or independent center for emergency medical care that provides medically necessary emergency services to a covered person to ~~[(1)]~~ notify the third party that provides coverage for the person that :** **(1)** the person is receiving such services at the facility; and **(2)** ~~[transfer the covered person to an in-network facility not later than 24 hours after]~~ **not later than 24 hours after such stabilization occurs. Section 14 requires the third party to arrange for such a transfer to an in-network hospital or independent center for emergency medical care not later than 24 hours after receiving such notice.**

If an out-of-network ~~[provider]~~ **hospital or independent center for emergency medical care** had a contract as an in-network ~~[provider]~~ **hospital or independent center for emergency medical care** with the third party that provides coverage for the covered person within the 24 months immediately preceding the provision of medically necessary emergency services to a covered person, **section 15** of this bill requires the third party to pay, and the ~~[provider]~~ **hospital or independent center for emergency medical care** to accept, as compensation for those services an amount based on the amount that would have been paid for those services under the most recent contract between the third party and the ~~[provider]~~ **hospital or independent center for emergency medical care.** If an out-of-network ~~[provider]~~ **hospital or independent center for emergency medical care** did not have a contract as with the third party that provides coverage for the covered person as an in-network ~~[provider]~~ **hospital or independent center for emergency medical care** during that time, **section 15** requires the third party to make ~~[a final]~~ **an** offer of payment **in full** to the provider for the medically necessary emergency services. **Section 16 of this bill has similar provisions applicable to out-of-network providers, other than hospitals and independent centers for emergency medical care. Specifically, if an out-of-network provider had a**

contract as an in-network provider with the third party that provides coverage for the covered person within the 12 months immediately preceding the provision of medically necessary emergency services to a covered person that was not terminated by the third party for cause, section 16 of this bill requires the third party to pay, and the provider to accept, as compensation for those services an amount based on the amount that would have been paid for those services under the most recent contract between the third party and the provider. If an out-of-network provider did not have a contract with the third party that provides coverage for the covered person as an in-network provider during that time or if such a contract was terminated by the third party for cause, section 16 requires the third party to make an offer of payment in full to the provider for the medically necessary emergency services.

If the provider does not accept ~~the~~ an offer ~~it~~ made pursuant to section 15 or 16, section 17 of this bill requires the out-of-network provider to make a counter-offer in an amount the out-of-network provider is willing to accept as payment in full and, if not accepted, the parties are required to submit the dispute to binding arbitration. Section 13 of this bill exempts a critical access hospital and a person covered by a policy of insurance sold outside this State from the provisions of this bill. Section 17 provides that interest does not accrue on a claim during the arbitration process, and sections 21-27 of this bill make conforming changes. Section 18 of this bill authorizes certain health insurers not included in this bill to opt in to the provisions of the bill. Section 19 of this bill provides for the annual reporting of certain information concerning arbitration conducted pursuant to section 17. Sections 17, 19 and 20 of this bill provide for the confidentiality of the decisions of arbitrators and documents associated with arbitration.

Assembly Bill No. 476.

Bill read second time.

The following amendment was proposed by the Committee on Growth and Infrastructure:

Amendment No. 241.

AN ACT relating to affordable housing; creating the Advisory Committee on Housing; prescribing the membership, powers and duties of the Advisory Committee; **authorizing the Advisory Committee to request the drafting**

of not more than 1 legislative measure for each regular session of the Legislature; creating the ~~{Special Committee on}~~ Private Activity ~~{Bonds;}~~ **Bond Council;** prescribing the membership, powers and duties of the ~~{Committee;}~~ **Council;** and providing other matters properly relating thereto.
Legislative Counsel’s Digest:

Under the law as it existed between 1987 and 2017, there existed in the Housing Division of the Department of Business and Industry an Advisory Committee on Housing with the power and duty to review and provide to the Director of the Department and the Administrator of the Division advice, recommendations and other commentary regarding certain matters relating to housing. (former NRS 319.173) The Advisory Committee was abolished in 2017. **Section 1** of this bill recreates the Advisory Committee ~~[- In addition to reestablishing the Advisory Committee’s former]~~ **and revises its membership,** powers and duties ~~. [-]~~ **Among other duties, section 1** ~~{authorizes}~~ **requires** the Advisory Committee to ~~{provide advice and recommendations}~~ **annually prepare and submit** to the ~~{Special Committee on}~~ Private Activity ~~{Bonds}~~ **Bond Council** created by **section 3** of this bill ~~{concerning needs and priorities for the allocation of private activity bond authority to finance affordable housing projects.}~~ **a report concerning housing that addresses, without limitation, community needs for housing in the State, housing trends and housing goals for this State.**

Existing law prescribes the number of legislative measures which may be requested by various departments, agencies and other entities of this State for each regular session of the Legislature. (NRS 218D.100-218D.220) Section 1.5 of this bill authorizes the Advisory Committee on Housing to request for each regular session of the Legislature the drafting of not more than one legislative measure which relates to matters within the scope of the Committee.

Under the Internal Revenue Code, states and local governments are allowed to finance certain projects that primarily benefit or are used by a private entity, but have some public benefit, through the issuance of bonds known as private activity bonds. If the bonds are issued for certain private activities specified in federal law, known as qualified private activities, the bondholders are not required to pay federal income taxes on the interest that the bondholders earn on the bonds. (26 U.S.C. §§ 103, 141) Examples of qualified private activities include multifamily rental projects, airports and student loans. (26 U.S.C. §§ 142-145, 1394) For some of those qualified private activities, federal law places an annual limit on the total dollar amount of tax-exempt private activity bonds that can be issued in each state, which is known as the “state ceiling.” In 2018, for example, Nevada’s state ceiling was roughly \$315 million. Each state is authorized to allocate its state ceiling among state and local governmental agencies and other authorized issuers. An allocation of the state ceiling to an issuer is known as the issuer’s “volume cap.” (26 U.S.C. § 146) Under existing law, the volume cap for State Government is 50 percent of the state ceiling for each calendar year, while the remaining 50 percent of the state

ceiling is allocated to local governments in proportion to the percentage that the population of the local government bears to the entire population of Nevada. Existing law also provides that an entity's volume cap for any calendar year may be augmented or diminished in accordance with regulations adopted by the Director of the Department of Business and Industry. (NRS 348A.020)

Under existing law, the Director of the Department of Business and Industry is responsible for regulating private activity bonds in this State. (NRS 348A.040) Existing regulations establish a committee to serve in an advisory capacity to the Director with respect to private activity bonds. (NAC 348A.280) **Section 3** creates in statute the ~~[Special Committee on]~~ Private Activity ~~[Bonds]~~ **Bond Council** and prescribes its membership. **Section 4** of this bill requires the ~~[Committee to approve or deny: (1) any proposal by the Director to allocate or reserve for a particular purpose a portion of the volume cap for private activity bonds established for the Director; (2) any proposal by the Director to issue or authorize the issuance of private activity bonds from the volume cap established for the Director; and (3) any action that has the effect of augmenting or diminishing any volume cap established for the Director or any local government.]~~ **Section 4** also requires the ~~[Committee to consider any matter concerning private activity bonds referred to it by the Director and authorizes the Committee]~~ **Council** to advise the Governor, the State Board of Finance or the Director on **the allocation of the state ceiling for the issuance of private activity bonds during any calendar year and on any other matter concerning private activity bonds, if requested.** Finally, **section 4** requires the ~~[Committee]~~ **Council** to ~~[consult with]~~ **receive and consider the annual report concerning housing submitted by** the Advisory Committee on Housing, created by **section 1 .** ~~[, not less than annually concerning the needs and any recommended priorities for the use of private activity bonds for the financing of affordable housing.]~~

AN ACT relating to ~~{federal}~~ grants; establishing a fund to provide money for matching federal **and nongovernmental organization** grants; ~~{allowing}~~ **authorizing** this State to seek and obtain federal **and nongovernmental organization** money for certain community projects; making an appropriation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Office of Grant Procurement, Coordination and Management of the Department of Administration to assist state agencies with identifying and obtaining federal grants. (NRS 232.213, 232.224) **Section 1** of this bill creates the ~~Federal~~ Grant Matching Fund as part of a pilot program to provide funds to state agencies, local governments, **tribal governments** and nonprofit organizations as matching funds for federal **and nongovernmental organization** grants. **Section 2** of this bill requires the Administrator of the Office of Grant Procurement, Coordination and Management to create and administer a pilot program that allows state agencies, local governments, **tribal governments** and nonprofit organizations to request grants from the ~~Federal~~ Grant Matching Fund for the purpose of satisfying the matching requirement for a federal **or nongovernmental organization** grant. **Section 3** of this bill establishes certain criteria for prioritizing grants. **Section 4** of this bill establishes standards of eligibility for receiving a grant. **Section 5** of this bill requires that on or before January 31, 2021, the Administrator must provide a summary report on the pilot program to the Legislature. **Section 6** of this bill makes an appropriation to the ~~Federal~~ Grant Matching Fund to provide state agencies, local governments, **tribal governments** and nonprofit organizations grants of money for matching federal **and nongovernmental organization** grants under the pilot program.

WHEREAS, Nevada has long received a disproportionately low rate of federal **and nongovernmental organization** grant funding per capita and as a result, has less money to pay for programs, projects and services that increase the quality of life and opportunities for Nevadans and facilitate growth; and

WHEREAS, Federal **and nongovernmental organization** grant funds are critical to helping pay for community assets, such as infrastructure, affordable housing, health care centers and workforce development programs; and

WHEREAS, Many federal **and nongovernmental organization** grants require the recipient ~~state~~ to share in the cost of delivering a program or project by matching a share of federal **or nongovernmental organization** grant dollars with cash or in-kind services; and

WHEREAS, The inability to meet such matching requirements is often cited by State staff as a key reason for not pursuing or securing federal **and nongovernmental organization** grant opportunities; now, therefore,

SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Assembly Bill No. 62.

Bill read third time.

The following amendment was proposed by Assemblywoman Swank:

Amendment No. 566.

AN ACT relating to water; **authorizing, under certain circumstances, the State Engineer to grant an additional extension of time for the completion of work for the diversion of water to projects that include the municipal or quasi-municipal use of water;** revising the time period for which the State Engineer may grant an extension for the completion of work for the diversion of water; authorizing, under certain circumstances, the State Engineer to suspend the limitation of time for the completion of work set forth in a permit or an extension previously granted; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Upon approving an application for a permit to appropriate water, existing law authorizes the State Engineer to extend, under certain circumstances, the deadline by which construction related to the appropriation of water or the application of water to a beneficial use must be completed or made. With limited exceptions, any number of extensions may be granted, but a single extension may not exceed 5 years. (NRS 533.380, 533.390, 533.410)

Section 1 of this bill authorizes the State Engineer to grant an additional extension of time for the completion of work for the diversion of water to the holder of a permit for a project that includes the municipal or quasi-municipal use of water if: (1) the applicant has adopted a capital improvement plan that is consistent with a water resource plan adopted

by a county, city or water authority; and (2) the applicant is able to demonstrate that the amount of time he or she expects to complete construction of the works is reasonable and that he or she has the financial ability to complete construction.

Section 2 of this bill revises the provisions relating to extending the deadline by which construction related to the appropriation of water must be completed. If a permit has been issued for a project that includes the municipal or quasi-municipal use of water, the State Engineer may grant one or more extensions, but **, with limited exception,** the total number of extensions may not extend the construction deadline for more than 15 years. If a permit has been issued for a project that is not a municipal or quasi-municipal use and that includes the diversion of 2 or more cubic feet of water per second or the cultivation of at least 100 acres of land, the State Engineer may grant one or more extensions, but the total number of extensions may not extend the construction deadline for more than 10 years. If a permit has been issued for any other purpose, the State Engineer may grant one or more extensions, but the total number of extensions may not extend the construction deadline for more than 5 years.

Section 2 also authorizes the State Engineer to suspend the limitation of time for the completion of construction set forth in a permit or any extension if the permit holder submits sufficient proof to the State Engineer demonstrating that the person has been unable to complete the work because of certain pending administrative or court actions. **Section 2 further provides that the State Engineer may grant any number of suspensions, but a single suspension may not exceed 2 years.**

Sections ~~1~~ **1.5** and 3 of this bill make conforming changes.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Chapter 533 of NRS is hereby amended by adding thereto a new section to read as follows:

1. In addition to any extensions granted pursuant to NRS 533.390, the State Engineer may grant a single extension of time to file the proof of completion of work for a project that includes the municipal or quasi-municipal use of water if the governing body of a county or city in which the place of use for the project is located or the water authority that serves the area in which the place of use for the project is located has adopted a water resource plan, that includes, without limitation:

(a) The identification of all known sources of surface water, groundwater and effluent that are physically and legally available for use in the community.

(b) An analysis of the:

(1) Existing demand for water in the community; and

(2) Expected demand for water in the community caused by projected growth.

(c) An analysis of whether the sources of water identified in paragraph (a) are of sufficient quality and quantity to satisfy the existing and expected demands described in paragraph (a).

(d) If the analysis pursuant to paragraph (c) determines that the sources of water identified in paragraph (a) are not of sufficient quality or quantity to satisfy demands, a plan for obtaining additional water of sufficient quality and quantity.

2. To request an extension of time pursuant to subsection 1, a holder of a permit must submit to the State Engineer an application for an extension of time within 30 days after receiving notice by registered or certified mail that proof of work is due as provided for in NRS 533.390 and 533.410. The application must include, without limitation:

(a) A capital improvement plan for the project in accordance with the requirements of subsection 3; and

(b) Evidence that the capital improvement plan is consistent with a water resource plan adopted by the governing body of a county or city or a water authority that meets the requirements of subsection 1.

3. A capital improvement plan must include, without limitation:

(a) An evaluation of the supply, distribution, condition of existing facilities and operation and maintenance programs of the water system of the applicant;

(b) A description of the construction work necessary to complete the works of diversion, system of conveyance or any associated facilities necessary to apply the water to beneficial use;

(c) A demonstration that the works and any associated facilities included in the project are capable of conveying the water to the place of use;

(d) A demonstration that:

(1) There is sufficient funding available to the applicant to complete construction of the project; or

(2) If the project is composed of several features, the applicant has the financial ability and reasonable expectations to complete construction of all features of the project; and

(e) Any additional information requested by the State Engineer.

4. In determining whether to grant or deny a request for an extension pursuant to subsection 1, the State Engineer:

(a) Shall consider the requirements set forth in NRS 533.380; and

(b) May consider:

(1) The reasonableness of the amount of time the applicant expects to complete construction of the works and any associated facilities;

(2) The reasonableness of the financial ability of the applicant to complete construction of the works and any associated facilities;

(3) Whether, at the time the applicant requested the extension, the applicant had available funding to complete construction of the works and any associated facilities; and

(4) Any other factor presented by the applicant to demonstrate that he or she has a reasonable and certain time frame for completing construction of the works and any associated facilities.

5. The State Engineer may approve or deny a request for an extension pursuant to this section following a public hearing on the request. The State Engineer must provide reasonable notice of such public hearing. If, following the public hearing, the State Engineer determines that the applicant has not demonstrated that the applicant:

(a) Expects to complete construction of the works and any associated facilities within a reasonable amount of time; or

(b) Has the financial ability to complete construction of the works of diversion and any associated facilities,

↪ the State Engineer shall deny the application for an extension requested pursuant to this section.

~~Section 1.1~~ **Sec. 1.5.** NRS 533.380 is hereby amended to read as follows:

533.380 1. Except as otherwise provided in subsection 5, in an endorsement of approval upon any application, the State Engineer shall:

(a) Set a time before which the construction of the work must be completed, which must be within 5 years after the date of approval.

(b) Except as otherwise provided in this paragraph, set a time before which the complete application of water to a beneficial use must be made, which must not exceed 10 years after the date of the approval. The time set under this paragraph respecting an application for a permit to apply water to a municipal or quasi-municipal use on any land:

(1) For which a final subdivision map has been recorded pursuant to chapter 278 of NRS;

(2) For which a plan for the development of a project has been approved by the local government pursuant to NRS 278.010 to 278.460, inclusive; or

(3) On any land for which a plan for the development of a planned unit development has been recorded pursuant to chapter 278A of NRS,

↪ must not be less than 5 years.

2. The State Engineer may limit the applicant to a smaller quantity of water, to a shorter time for the completion of work, and, except as otherwise provided in paragraph (b) of subsection 1, to a shorter time for the perfecting of the application than named in the application.

3. Except as otherwise provided in subsection 4 and NRS 533.395 and 533.4377, the State Engineer may, for good cause shown, ~~grant any number of extensions of~~ **extend the** time within which construction work must be completed ~~or~~ or water must be applied to a beneficial use under any permit therefor issued by the State Engineer ~~, but a single extension of time must not exceed 5 years.~~ **in accordance with the provisions of this section and NRS 533.390 and 533.410 ~~and~~ and section 1 of this act.** An application for the extension must in all cases be:

(a) Made within 30 days following notice by registered or certified mail that proof of the work is due as provided for in NRS 533.390 and 533.410; and

(b) Accompanied by proof and evidence of the good faith and reasonable diligence with which the applicant is pursuing the perfection of the application.

↪ The State Engineer shall not grant an extension of time unless the State Engineer determines from the proof and evidence so submitted that the applicant is proceeding in good faith and with reasonable diligence to perfect the application. The failure to provide the proof and evidence required pursuant to this subsection is prima facie evidence that the holder is not proceeding in good faith and with reasonable diligence to perfect the application.

4. Except as otherwise provided in subsection 5 and NRS 533.395, whenever the holder of a permit issued for any municipal or quasi-municipal use of water on any land referred to in paragraph (b) of subsection 1, or for any use which may be served by a county, city, town, public water district or public water company, requests an extension of time to apply the water to a beneficial use, the State Engineer shall, in determining whether to grant or deny the extension, consider, among other factors:

(a) Whether the holder has shown good cause for not having made a complete application of the water to a beneficial use;

(b) The number of parcels and commercial or residential units which are contained in or planned for the land being developed or the area being served by the county, city, town, public water district or public water company;

(c) Any economic conditions which affect the ability of the holder to make a complete application of the water to a beneficial use;

(d) Any delays in the development of the land or the area being served by the county, city, town, public water district or public water company which were caused by unanticipated natural conditions; and

(e) The period contemplated in the:

(1) Plan for the development of a project approved by the local government pursuant to NRS 278.010 to 278.460, inclusive; or

(2) Plan for the development of a planned unit development recorded pursuant to chapter 278A of NRS,

↪ if any, for completing the development of the land.

5. The provisions of subsections 1 and 4 do not apply to an environmental permit or a temporary permit issued pursuant to NRS 533.436 or 533.504.

6. For the purposes of this section, the measure of reasonable diligence is the steady application of effort to perfect the application in a reasonably expedient and efficient manner under all the facts and circumstances. When a project or integrated system is composed of several features, work on one feature of the project or system may be considered in finding that reasonable diligence has been shown in the development of water rights for all features of the entire project or system.

Sec. 2. NRS 533.390 is hereby amended to read as follows:

533.390 1. Any person holding a permit from the State Engineer shall, on or before the date set for the completion of the work, file in detail a description of the work as actually constructed. This statement must be verified by the affidavit of the applicant or the applicant's agent or attorney.

2. Should any person holding a permit from the State Engineer fail to file with the State Engineer the proof of completion of work, as provided in this chapter, the State Engineer shall advise the holder of the permit, by registered or certified mail, that it is held for cancellation, and should the holder, within 30 days after the mailing of such advice, fail to file the required affidavit, the State Engineer shall cancel the permit. For good cause shown, upon application made prior to the expiration of the 30-day period, the State Engineer may, in his or her discretion, grant ~~an extension~~ *one or more extensions* of time in which to file the instruments. *If a permit has been issued for:*

(a) A project that includes the municipal or quasi-municipal use of water, except as otherwise provided in section 1 of this act, the State Engineer may extend the deadline for the completion of work for not more than 15 years from the date set for the completion of the work. In addition to the requirements set forth in NRS 533.380, the person holding the permit must demonstrate to the State Engineer that:

(1) Additional time is necessary to organize the financing and construction of the work due to the size of the project; and

(2) The person has spent at least \$50,000 on the construction of the work, including, without limitation, expenditures for the purchase of rights-of-way or property.

(b) A project that does not include the municipal or quasi-municipal use of water and includes the diversion of 2 or more cubic feet of water per second or the cultivation of 100 acres of land or more, the State Engineer may extend the deadline for the completion of work for not more than 10 years from the date set for the completion of the work in the permit.

(c) Any other purpose, the State Engineer may extend the deadline for the completion of work for not more than 5 years from the date set for the completion of the work in the permit.

3. *The limitation of time for the completion of work set forth in a permit or an extension granted pursuant to this section may be temporarily suspended by the State Engineer if, at the time that proof of completion of work is due pursuant to the permit or an extension, as applicable, the person holding the permit submits to the State Engineer sufficient proof that the person has been unable to complete the work because of a pending:*

(a) Application with the Federal Government, the State ~~for~~ a local government or a tribal government for some type of consent or approval that is necessary to complete construction of the project, including, without limitation, a right-of-way or any permit or other approval related to development of land.

(b) Court action or adjudication which may affect the person's water rights which are involved in the project.

↪ The person holding the permit is not required to submit an application or fee for an extension in order for the State Engineer to temporarily suspend the limitation of time for completion of the work pursuant to this subsection.

4. The State Engineer may grant any number of suspensions pursuant to subsection 3, but a single suspension of time must not exceed 2 years.

5. As used in this section, "tribal government" means a federally recognized American Indian tribe pursuant to 25 C.F.R. §§ 83.1 to 83.13, inclusive.

Sec. 3. NRS 533.410 is hereby amended to read as follows:

533.410 If any holder of a permit from the State Engineer fails, before the date set for filing in the permit or the date set by any extension granted by the State Engineer, to file with the State Engineer proof of application of water to beneficial use, and the accompanying map, if a map is required, the State Engineer shall advise the holder of the permit, by registered or certified mail, that the permit is held for cancellation. If the holder, within 30 days after the mailing of this notice, fails to file with the State Engineer the required affidavit and map, if a map is required, or an application for an extension of time to file the instruments, the State Engineer shall cancel the permit. For good cause shown, upon application made before the expiration of the 30-day period, the State Engineer may grant an extension of time in which to file the instruments. ***The State Engineer may grant any number of extensions pursuant to this section but a single extension of time must not exceed 5 years.***

Assembly Bill No. 86.

Bill read third time.

The following amendment was proposed by Assemblyman Flores:

Amendment No. 620.

AN ACT relating to governmental purchasing; making provisions relating to purchasing by local governments applicable to a metropolitan police department; exempting certain purchases by local governments from requirements of competitive bidding; increasing the monetary thresholds at which local governmental purchasing contracts must be advertised; authorizing a local government to dispose of personal property by donating it to another governmental entity or nonprofit organization; authorizing the Administrator of the Purchasing Division of the Department of Administration to enter into a contract pursuant to a solicitation by certain governmental entities; revising provisions governing certain preferences for businesses owned and operated by a veteran with a service-connected disability; making various other changes relating to governmental purchasing; authorizing the

Commission to Study Governmental Purchasing to request the drafting of legislative measures for each regular session of the Legislature; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The Local Government Purchasing Act governs the purchasing of services, supplies, materials and equipment by local governments. (Chapter 332 of NRS) This bill changes the terms “bid” to “response” and “request for bids” to “solicitation” throughout the Act to encompass the different methods of procurement which may be used by a local government to award a contract.

Section 6 of this bill makes the Act applicable to a metropolitan police department. (NRS 332.015)

Existing law requires a local government to maintain a record of all requests for bids and all bids received for a contract for which the estimated annual amount required to perform the contract is more than \$25,000 but not more than \$50,000 for at least 7 years after the execution of the contract. (NRS 332.039) **Sections 2 and 46** of this bill make this requirement applicable to all contracts, regardless of the estimated annual amount required to perform the contract. **Section 3** of this bill prescribes the requirements for a solicitation by a local government. **Section 5** of this bill nonsubstantively reenacts provisions in existing law for purposes of reorganization. (NRS 332.065) **Section 5** of this bill requires a local government to award a contract on the basis of price ~~for best value~~ if the estimated cost to perform the contract is more than \$50,000 but not more than \$100,000.

Under existing law, a local government is prohibited from using on-line bidding as the exclusive means of receiving bids for a request for bids. (NRS 332.047) **Section 9** of this bill authorizes a local government to use an on-line solicitation as the exclusive means of receiving responses to a solicitation if there is not any cost to the responding offeror for submitting the response. ~~[Section 9 also authorizes a local government to use a reverse auction when conducting an on-line solicitation.]~~

Existing law: (1) requires a local government to advertise a purchasing contract if the estimated cost to perform the contract exceeds \$50,000; and (2) specifies the requirements for such an advertisement. (NRS 332.039, 332.045) **Section 11** of this bill: (1) increases that minimum monetary threshold for advertising such a contract to when the estimated annual amount to perform the contract is more than \$100,000; and (2) revises the criteria for awarding such a contract. **Sections 11 and 46** also provide for the inclusion of the qualifications of a bidder with the requirements for awarding such a contract. **Sections 12 and 13** of this bill make conforming changes. **Section 8** of this bill revises requirements regarding an advertisement for a purchasing contract.

Existing law imposes restrictions on the assignment of a purchasing contract. (NRS 332.095) **Section 14** of this bill authorizes the assignment of such a contract if the contract is assigned by virtue of the acquisition of the person who is a party to the contract under certain circumstances.

Section 16 of this bill adds to the exemptions from the requirements of competitive bidding in existing law certain services and equipment for computers, instructional materials, the purchase of goods commonly used by hospitals and the purchase of certain forensic equipment and supplies in certain circumstances. (NRS 332.115) **Section 20** of this bill expressly authorizes a local government to dispose of personal property by donating it to another governmental entity or nonprofit organization. (NRS 332.185)

Existing law authorizes a local government to join or use the contracts of the State of Nevada, another state or a local government with the authorization of the contracting vendor. (NRS 332.195) **Section 21** of this bill instead authorizes a local government to enter into a contract pursuant to a solicitation by these entities. **Section 21** also authorizes a local government to enter into a contract pursuant to a solicitation by certain cooperative purchasing organizations.

The State Purchasing Act governs the purchasing of services, supplies, materials and equipment by agencies of the Executive Department of the State Government, with certain exceptions. (Chapter 333 of NRS) **Section 25** of this bill authorizes the Administrator of the Purchasing Division of the Department of Administration to enter into a contract pursuant to a solicitation for a bid or proposal by certain governmental entities. **Section 26** of this bill provides that a purchasing officer facilitates, rather than participates in, certain activities relating to the awarding of state contracts. (NRS 333.020) **Section 27** of this bill removes the ability of the Administrator in existing law to supply the needs of a using agency from stores of commodities on hand. (NRS 333.160) **Section 28** of this bill specifies a request for qualifications and a request for information as methods of obtaining a state purchasing contract. (NRS 333.162) **Section 29** of this bill removes the requirement in existing law that bids be read publicly as they are opened. (NRS 333.330)

Section 30 of this bill: (1) requires the inclusion of a person designated by the Chief Information Officer of the State on a committee that evaluates proposals for the procurement of technology for which the estimated cost is more than \$100,000 in certain circumstances; and (2) eliminates certain factors specified in existing law that are required to be considered by such a committee besides those factors disclosed in the request for proposals. (NRS 333.335)

Under existing law, a bid or proposal for a state purchasing contract for which the estimated cost is more than \$50,000 but not more than \$250,000 that is submitted by a local business owned by a veteran with a service-connected disability of at least zero percent and who is a responsive and responsible bidder is deemed to be 5 percent lower than the bid or proposal actually submitted. For state purchasing contracts for which the estimated cost is more than \$250,000 but less than \$500,000, only a local business owned and operated by a veteran with a service-connected disability of 50 percent or more is eligible under existing law for the 5-percent preference. (NRS 333.3362, 333.3365, 333.3366) **Section 31** of this bill revises the qualifications for a local business to be eligible for such a preference to require that: (1) its principal

place of business is in this State; and (2) the majority of the goods provided for in a state purchasing contract are produced in this State. (NRS 333.3363) **Section 32** of this bill: (1) adds a contract for the services of a person as an independent contractor to the type of contract in existing law for which such a preference may be given; and (2) removes the monetary threshold between preferences and thereby allows a veteran with a service-connected disability of at least zero percent to be eligible for a preference on state purchasing contracts for any amount over \$250,000. (NRS 333.3366) **Sections 33 and 34** of this bill make conforming changes.

In addition to the duties prescribed by existing law for a person who is authorized to enter into a contract for state purchasing, **section 35** of this bill requires such a person to ensure that the contract: (1) includes any provision relating to insurance that the State Risk Manager determines is necessary; and (2) is approved by the Purchasing Division or the Office of the Attorney General. (NRS 333.337)

Section 36 of this bill: (1) removes a requirement in existing law that the notice of award of a contract be posted in certain public buildings; (2) revises provisions governing an appeal of the award of a contract; and (3) removes a requirement in existing law that a cancellation of an award of a contract requires readvertising for bids. (NRS 333.370)

Under existing law, with certain exceptions, the Administrator is authorized to allow using agencies to make certain purchases locally up to certain monetary limitations. (NRS 333.390) **Section 37** of this bill: (1) authorizes a using agency to purchase items that are not available directly from an entity with which the Purchasing Division has entered into a contract if the purchase is made in accordance with the State Administrative Manual and the statutes and regulations governing purchasing by state agencies; and (2) removes the monetary limitations on such purchases.

Sections 38 and 39 of this bill remove a requirement in existing law that the Administrator issue bulletins indicating the supplies, materials and equipment available through the facilities of the Purchasing Division. (NRS 333.469, 333.470)

Existing law authorizes the Administrator to enter into an agreement for supplies, materials or equipment with a vendor who has entered into an agreement with the federal General Services Administration or certain other governmental agencies under certain circumstances. (NRS 333.480) **Section 40** of this bill removes authorization for the Administrator to enter into such an agreement with a vendor who has entered into an agreement with a non-federal agency as a result of the authority provided to the Administrator in **section 25**.

Existing law prescribes the number of legislative measures which may be requested by various departments, agencies and other entities of this State for each regular session of the Legislature. (NRS 218D.100-218D.220) **Section 42** of this bill authorizes the Commission to Study Governmental Purchasing to request for each regular session of the Legislature the drafting of not more

than 2 legislative measures which relate to matters within the scope of the Commission.

Amendment No. 559.

AN ACT relating to the Airport Authority of Carson City; revising provisions relating to the appointment of members of the Board of Trustees of the Authority; revising the powers of the Board; revising provisions governing procedures concerning employment; removing an obsolete transitory provision; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The Airport Authority of Carson City was created by law in 1989 and has been in operation since January 1, 1990. (Chapter 844, Statutes of Nevada 1989, p. 2025) The Authority is governed by the Board of Trustees of the Authority which is composed of seven members appointed to 4-year terms by the Board of Supervisors of Carson City. Under existing law, each member of the Board of Trustees, except the member who is a city official, is not eligible to serve consecutive terms. (Airport Authority Act for Carson City § 4) **Section 1** of this bill authorizes such a member to serve not more than two consecutive terms and allows reappointment after a lapse of 4 years. **Section 5** of this bill clarifies the continued staggering of the 4-year terms after the initial appointments.

Section 2 of this bill adds statutory references to certain specified provisions of the Nevada Revised Statutes with which the Board of Trustees is required to comply. (Airport Authority Act for Carson City § 8)

Existing law authorizes the Board of Trustees to acquire real and personal property by gift or devise without the approval of the Board of Supervisors, but requires the Board of Trustees to obtain the approval of the Board of Supervisors to acquire real and personal property by purchase or lease and to lease ~~real~~, **sell or otherwise dispose of** property that it has acquired. (Airport Authority Act for Carson City § 9) **Section 3** of this bill removes the requirement that the Board of Trustees obtain the approval of the Board of Supervisors to acquire **: (1)** real property by lease ~~[-, to acquire]~~ **; or (2)** personal property by purchase or lease ~~[-, and to lease real property that it has acquired]~~. Additionally, **section 3** eliminates the requirement that the Board of Trustees obtain the approval of the Board of Supervisors for any contract between the Board of Trustees and a fixed base operator at the airport. **Section**

3 also removes the authority of the Board of Trustees to provide emergency services for the Authority. Finally, **section 3** clarifies the types of agreements into which the Board of Trustees and the Board of Supervisors may enter.

Existing law prescribes specific requirements that any procedures adopted by the Board relating to the hiring, promoting and discharging of employees of the Authority must include. (Airport Authority Act for Carson City § 24) **Section 4** of this bill eliminates those specific requirements, thereby giving the Board the authority to determine the contents of those procedures.

Existing law required the District Attorney of Carson City to defend the Authority if any action contesting any provisions of the Airport Authority Act or the legal status of the Authority was brought before the Authority had sufficient money to hire legal counsel. (Airport Authority Act for Carson City § 28) **Section 6** of this bill removes this obsolete transitory provision.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Section 4 of the Airport Authority Act for Carson City, being chapter 844, Statutes of Nevada 1989, as last amended by chapter 16, Statutes of Nevada 2011, at page 30, is hereby amended to read as follows:

(b) Two members who are manufacturers and are within a 3-mile radius of the Carson City airport, but not including any person described in paragraph (c). If, after providing notice of a vacancy for the position of a member of the Board described in this paragraph, the Board of Supervisors is unable to find a qualified manufacturer to fill a position, the Board of Supervisors may appoint a member pursuant to this paragraph who represents the general public.

(c) Two members who are fixed base operators at the airport.

3. After the initial terms, the term of office of each member of the Board is 4 years. The city official who is appointed as a member of the Board is eligible for reappointment to the Board upon the expiration of his or her term. Each other member of the Board ~~is eligible for reappointment to the Board 4 years after the expiration of his or her prior term.~~ *may not serve more than two consecutive terms, but may be reappointed after the lapse of 4 years.*
