MOTIONS, RESOLUTIONS AND NOTICES

Assemblywoman Benitez-Thompson moved that Senate Bill No. 77 be taken from the General File and placed on the Chief Clerk’s desk.

Motion carried.

GENERAL FILE AND THIRD READING

Senate Bill No. 85.

Bill read third time.

Remarks by Assemblymen Assefa, Carrillo, Swank, and Titus.

ASSEMBLYMAN ASSEFA:

Senate Bill 85 makes it unlawful to knowingly bring into the state or knowingly possess the carcass or parts of certain animals obtained in another state which are susceptible to chronic wasting disease. The bill provides exceptions for certain parts of such an animal and authorizes a game warden or other law enforcement officer to seize, destroy, or send the prohibited animal carcass or parts out of the state. Finally, the bill adds elk, moose, and alternative livestock to the list of animals prohibited from importation.

ASSEMBLYMAN CARRILLO:

I have a question regarding Senate Bill 85. Any particular part of the carcass? Regarding a bill I may have passed last session, I am just concerned that this might affect that. Can you speak to that?

ASSEMBLYWOMAN SWANK:

This has to do with the spine and the brains and not to do with any other anatomical parts of an animal that may have to do with #AB391 [hashtag A.B. 391].

ASSEMBLYWOMAN TITUS:

I rise in opposition of S.B. 85. Although I am supportive of the idea of trying to slow down the inevitable importation of chronic wasting disease to our game herd and sometimes livestock, I have huge concerns over this bill. It does not give the sportsmen the opportunity to potentially store and test the game that they may have just spent thousands of dollars harvesting. I also feel that it may force our hunters, not only from this state but those who cross through our state, to use an out-of-state taxidermist which many of us would do when we have spent so much money trying to harvest these prizes. With that, unfortunately I have to urge my colleagues not to support this bill until we can get some of these concerns resolved.

Senate Bill No. 92.

Bill read third time.

Remarks by Assemblywoman Duran.

ASSEMBLYWOMAN DURAN:

Senate Bill 92 does two things. First, it expands the requirement for who must obtain a license to operate a business that provides referrals to certain group housing to apply to those who provide referrals not only to residential facilities for groups, but also to any other group housing arrangement that provides assistance, food, shelter, or limited supervision to a person with a mental illness, intellectual disability, developmental disability, or physical disability, or who is aged or infirm.

Second, the bill requires the Division of Public and Behavioral Health of the Department of Health and Human Services to review unlicensed group housing arrangements that provide assistance, food, shelter, or limited supervision to such individuals to determine whether regulating unlicensed group house arrangements is advisable to protect the health and safety of their occupants. This bill is effective on July 1, 2019.

ASSEMBLYWOMAN TITUS:

Senate Bill 232 provides that when land within an irrigation district is held in trust, the trustee may designate a beneficiary of the trust to exercise certain rights, including holding office on the board of directors of the district; signing a petition related to the district; and voting at an election of the district. This bill is effective on July 1, 2019.

Testimony at the hearing indicated that those involved in current day-to-day operations of ranch properties are often beneficiaries of family trusts that hold title to the land. The intent of the bill is to allow a beneficiary, when designated by the trustee, to exercise certain rights currently provided to persons who hold title to the land within the irrigation district.

ASSEMBLYWOMAN TITUS:

Senate Bill 284 creates the Advisory Task Force on HIV Exposure Modernization. The Task Force must identify, review, and evaluate existing statutes and regulations in Nevada that criminalize exposure to human immunodeficiency virus (HIV); research the implementation and impact of such statutes and regulations; identify disparities in arrests, prosecutions, or convictions under such statutes and regulations; evaluate current research with respect to HIV implicated by these statutes and regulations; identify court decisions enforcing or challenging these statutes and

regulations; assess developments occurring in other states and nationally with respect to modernizing HIV criminalization laws; and make recommendations and report to the Governor and the Legislature on or before September 1, 2020.

I urge my colleagues to support this study and this task force. It is time that we start treating this disease like we do other diseases such as hepatitis C and hepatitis B, and stop being so draconian about this particular disease and make it come into the twenty-first century. I urge my colleagues to support this.

Senate Bill 454 clarifies that, as used in provisions that make it unlawful to harass game mammals or game birds using an aircraft, the term “aircraft” includes manned or unmanned aircraft, including any unmanned aerial vehicle.

I think it is appropriate to mention that this has become known as The Flying Squirrel Bill. It is the companion bill to the bill known as The Moose Bill. I stand in support of this bill and hope you all do too.

SIGNING OF BILLS AND RESOLUTIONS

There being no objections, the Speaker and Chief Clerk signed Assembly Bills Nos. 22, 27, 29, 45, 49, 85, 89, 124, 137, 170, 177, 181, 231, 337, 344, 377, 455, 467, 471, 484; Senate Bills Nos. 68, 72, 74, 97, 154, 274, 286 and 331.

CONSIDERATION OF SENATE AMENDMENTS

Assembly Bill No. 131.

The following Senate amendment was read:

Amendment No. 659.

AN ACT relating to health care; providing for the licensing and regulation of providers of community-based living arrangement services as facilities for

the dependent; prohibiting certain convicted persons from serving as an operator, employee or contractor of a provider of community-based living arrangement services; requiring certain employment agencies to be licensed; requiring the statewide information and referral system to provide certain nonemergency information and referrals; requiring the Legislative Committee on ~~Senior Citizens, Veterans and Adults With Special Needs~~ **Health Care** to conduct a study concerning standards of training for unlicensed persons who provide care at certain facilities or homes or through certain agencies or providers; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law defines the term “community-based living arrangement services” to mean flexible, individualized services that are: (1) provided in the home, for compensation, to persons with mental illness or persons with developmental disabilities; and (2) designed and coordinated to assist such persons in maximizing their independence. (NRS 433.605) Existing law requires each provider of community-based living arrangement services to obtain a certificate from the Division of Public and Behavioral Health of the Department of Health and Human Services. (NRS 433.607) Existing law also requires each facility for the dependent to be licensed by the Division. (NRS 449.030) **Section 16** of this bill repeals existing provisions governing community-based living arrangement services. **Section 3** of this bill instead requires a provider of community-based living arrangement services to be licensed and regulated as a facility for the dependent. Providing community-based living arrangement services without such a license is made to be a misdemeanor. (NRS 449.210)

Existing law requires an applicant for a license to operate certain facilities, hospitals, agencies, programs or homes and each employee or independent contractor of such a facility, hospital, agency, program or home to receive a criminal background check. (NRS 449.122, 449.123) Existing law prohibits a person from operating or serving as an employee or contractor for such a facility, hospital, agency, program or home if the person has been convicted of certain crimes. (NRS 449.125, 449.174) **Sections 5 and 6** of this bill apply those requirements to providers of community-based living arrangement services and employees and contractors of such providers. Providing false information in connection with the required background check is made to be a misdemeanor. (NRS 449.123) **Section 7** of this bill requires certain inspections of a provider of community-based living arrangement services. **Section 8** of this bill requires a provider of community-based living arrangement services to notify a person receiving such services from the provider, his or her parent or guardian or another designated person upon the discovery by the Division of a deficiency affecting the health and safety of a patient. **Section 10** of this bill provides a recipient of community-based living arrangement services with the same rights as recipients of services from other facilities for the dependent. **Sections 1, 2, 9, 12, 13 and 15** of this bill make conforming changes.

Existing law requires an employment agency that contracts with persons to provide nonmedical services related to personal care to elderly persons or persons with disabilities in the home to obtain a license from the State Board of Health. (NRS 449.03005) **Section 4** of this bill clarifies that this requirement applies when the contracted services are provided in this State, regardless of where the employment agency is located.

Existing law requires the Department to establish and maintain a statewide information and referral system to provide nonemergency information and referrals to the general public concerning the health, welfare, human and social services provided by public or private entities in this State. That system must be accessible to a person using the public telephone system by dialing the digits 2-1-1. (NRS 232.359) **Section 11** of this bill requires that system to include information concerning the licensing status of any medical facility or facility for the dependent and certain other entities. **Section 11** also requires the Department to review and update such information at least quarterly.

Assembly Bill No. 299 of the 2017 Legislative Session required the Legislative Committee on Senior Citizens, Veterans and Adults With Special Needs to conduct a study during the 2017-2018 interim concerning standards of training for persons who are not providers of health care and who provide care to a person through employment or a contractual arrangement with certain entities. (Chapter 279, Statutes of Nevada 2017, p. 1490) **Section 14** of this bill requires the Legislative Committee on Health Care to conduct a similar study during the 2019-2020 interim. **Section 14** requires the study to: (1) compare standards of training required by different entities; and (2) determine whether employees and contractors of such entities should be required to complete training concerning a minimum set of competencies or complete a minimum amount of training.
