Legislative Counsel's Digest:

Existing law declares that "the proper objective of state financial aid to public education is to ensure each Nevada child a reasonably equal educational opportunity." (NRS 387.121) To accomplish this objective, the Legislature establishes, during each legislative session and for each school year of the biennium, an estimated statewide average basic support guarantee per pupil.

6 7 8 9 (NRS 387.122) This is the per pupil amount that is "guaranteed" on a statewide basis through a combination of state money and certain local revenues. The basic support guarantee for each school district is computed by multiplying the basic support guarantee per pupil that is established by law for the school district for each 10 school year by pupil enrollment. (NRS 387.121-387.1223) In addition to the basic 11 support guarantee per pupil, state financial aid to public education is provided 12 13 through various programs, commonly known as "categorical funding," that target specific purposes or populations of pupils for additional support. Such programs 14 include, without limitation, the Account for the New Nevada Education Funding 15 Plan, Zoom schools and Victory schools. (NRS 387.129-387.139; section 1 of 16 chapter 544, Statutes of Nevada 2017, p. 3768; section 2 of chapter 389, Statutes of 17 Nevada 2015, p. 2199)

Section 1 of this bill declares the intent of the Legislature, commencing with Fiscal Year 2019-2020, to account for all state and local financial aid to public schools and express the total per pupil support for public schools.

schools and express the total per pupil support for public schools.
Existing law requires the board of trustees of each school district to establish a
program of performance pay and enhanced compensation for the recruitment and
retention of licensed teachers and administrators. Existing law authorizes such a
program to include professional development. (NRS 391A.450) Section 3 of this
bill requires a school district that negotiates with an employee organization to
increase the salaries of teachers and classified employees in a fiscal year to reserve
for that fiscal year an amount of money sufficient to provide the agreed-upon
increase in the salaries of licensed teachers and classified employees prescribed in
such a program. Section 16 of this bill clarifies the manner in which the provisions
of this bill apply to any existing contracts.

31 32 33 Existing law authorizes the board of county commissioners of certain counties to impose a sales and use tax for deposit in the county school district's fund for capital projects. (NRS 377C.100) Section 5 of this bill authorizes the board of 34 county commissioners of each county to impose, by two-thirds vote of the board or 35 by a majority vote of the people at a primary, general or special election, a new 36 37 sales and use tax at the rate of one-quarter of 1 percent of the gross receipts of retailers. Section 6 of this bill requires the proceeds of the tax to be deposited with 38 the county treasurer. Section 8 of this bill authorizes the proceeds of the tax to be 39 used to pay the cost of: (1) one or more programs of early childhood education; (2) 40 one or more programs of adult education; (3) one or more programs to reduce 41 truancy; (4) one or more programs to reduce homelessness; (5) certain matters 42 relating to affordable housing; (6) incentives for the recruitment or retention of 43 licensed teachers for high-vacancy schools; and (7) certain programs for workforce 44 training. Sections 5-12 of this bill require the administration of any new sales and 45 use tax in the same manner as the sales and use tax imposed by the Local School 46 Support Tax Law, as set forth in chapter 374 of NRS.

47 **Section 13** of this bill makes an appropriation for a block grant to each school district and charter school for certain purposes.

49 Existing law requires the Department of Education to determine the amount of 50 money that each school district, charter school and university school for profoundly 51 gifted pupils is required to expend during each fiscal year on textbooks, 52 instructional supplies, instructional software and instructional hardware. (NRS 53 387.206) Existing law also authorizes the board of trustees of a school district, the 54 governing body of a charter school or the governing body of a university school for 55 profoundly gifted pupils that is experiencing an economic hardship to submit a 56 request to the Department for a waiver of all or a portion of the minimum 57 expenditure requirements. (NRS 387.2065) Section 14 of this bill provides a 58 temporary waiver for the 2019-2021 biennium from these requirements without 59 requiring the school districts, charter schools or university schools for profoundly 60 gifted pupils to submit a request for such a waiver.

Existing law authorizes the Legislative Commission to direct the Legislative Auditor to make any special audit or investigation that in its judgment is proper and necessary to assist the Legislature in the proper discharge of its duties. (NRS 218G.120) Section 15 of this bill authorizes the Legislative Commission to request an allocation from the Contingency Account in the State General Fund to pay the costs of the Legislative Auditor to conduct a special audit or investigation of the school districts of this State.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 **Section 1.** NRS 387.121 is hereby amended to read as follows: 2 387.121 1. The Legislature declares that the proper objective 3 of state financial aid to public education is to ensure each Nevada 4 child a reasonably equal educational opportunity. Recognizing wide 5 local variations in wealth and costs per pupil, this State should supplement local financial ability to whatever extent necessary in 6 7 each school district to provide programs of instruction in both 8 compulsory and elective subjects that offer full opportunity for 9 every Nevada child to receive the benefit of the purposes for which 10 public schools are maintained. Therefore, the quintessence of the State's financial obligation for such programs can be expressed in a 11 12 formula partially on a per pupil basis and partially on a per program 13 basis as: State financial aid to school districts equals the difference 14 between school district basic support guarantee and local available 15 funds produced by mandatory taxes minus all the local funds attributable to pupils who reside in the county but attend a charter 16 17 school or a university school for profoundly gifted pupils. This 18 formula is designated the Nevada Plan.

19 It is the intent of the Legislature, commencing with Fiscal 2. 20 Year 2016-2017, to provide additional resources to the Nevada Plan 21 expressed as a multiplier of the basic support guarantee to meet the 22 unique needs of certain categories of pupils, including, without 23 limitation, pupils with disabilities, pupils who are English learners, 24 pupils who are at risk and gifted and talented pupils. As used in this 25 subsection, "pupils who are at risk" means pupils who are eligible 26 for free or reduced-price lunch pursuant to 42 U.S.C. §§ 1751 et 27 seq., or an alternative measure prescribed by the State Board of 28 Education.

3. It is the intent of the Legislature, commencing with Fiscal
Year 2019-2020, to promote transparency and accountability in
state funding for public education by accounting for all state
financial aid to public schools and projected local financial aid to
public schools, both on a per pupil basis and on a per program

basis, and expressing the total per pupil amount of all such 1 2 support.

3

Sec. 2. (Deleted by amendment.)

4 **Sec. 3.** Chapter 391A of NRS is hereby amended by adding 5 thereto a new section to read as follows:

6 If a school district negotiates with 1. an employee 7 organization pursuant to NRS 288.150 to increase the salary of employees for a fiscal year, the board of trustees of the school 8 9 district shall reserve for that fiscal year an amount of money sufficient, when combined with any appropriation for that purpose 10 11 and any money remaining in the account established pursuant to 12 subsection 2, to carry out each such increase in the salary of an 13 employee.

14 2. Except as otherwise provided in subsection 3, the money 15 reserved by a board of trustees pursuant to subsection 1 and any 16 money provided by appropriation to increase the salary of an employee of the school district who is subject to a negotiated 17 18 increase in salary described in subsection 1 must be:

19 (a) Accounted for separately by the school district.

20 (b) Used only to pay an increase in salaries in accordance with 21 subsection 1.

22 3. Any money reserved pursuant to subsection 1 for a fiscal 23 year that remains in the account established pursuant to subsection 2 at the end of that fiscal year does not revert to the 24 25 general fund of the school district, but must be carried forward to the next fiscal year and used only for the purpose of paying an 26 27 increase in salaries negotiated between a school district and an 28 employee organization pursuant to NRS 288.150 in subsequent 29 fiscal years.

30 Any money reserved pursuant to subsection 1 must not be 4. 31 subtracted from the operating expenses of the school district for 32 purposes of determining the budget of the school district for any 33 other fiscal year.
