AN ACT relating to the state personnel system; revising provisions governing the temporary limited appointment of persons with disabilities by state agencies; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

1 With limited exceptions, existing law requires agencies of the Executive
2 Department of the State Government to make temporary limited appointments of
3 persons with disabilities who are certified by the Rehabilitation Division of the
4 Department of Employment, Training and Rehabilitation to certain positions in
5 state service for a period not to exceed 700 hours. (NRS 284.327) This bill makes
6 such appointments by those agencies discretionary, but requires the agencies to
7 consider for a temporary limited appointment to such an available position any
8 person with a disability who is certified by the Rehabilitation Division and is
9 eligible for appointment to the position.

10 For purposes of temporary limited appointments, existing law requires a person
11 with a disability who is certified by the Rehabilitation Division to: (1) possess the
12 training and skills necessary for the position for which the person is certified; and
13 (2) be able to perform, with or without accommodation, the essential functions of
14 that position. (NRS 284.327) This bill clarifies that such an accommodation must
15 be reasonable.

16 Existing law prohibits an appointing authority from making a temporary limited
17 appointment of a certified person with a disability if the certified person with a
18 disability currently receives benefits from the agency of the Executive Department

19 of the State Government in which the position exists. (NRS 284.327) This bill
20 removes this prohibition and requires that the receipt of such benefits by a certified
21 person with a disability not be deemed to create an actual or potential conflict of
22 interest for purposes of the additional prohibition in existing law against an
23 appointing authority making a temporary limited appointment in circumstances
24 where an actual or potential conflict of interest would be created between the
25 certified person with a disability and the agency in which the position exists.
