AN ACT relating to education; requiring each public school in a school district in certain larger counties and each large charter school in certain larger counties to establish and maintain a school library that meets certain standards; requiring the State Board of Education to adopt regulations prescribing the minimum standards for a school library; prescribing requirements and exceptions for employing a teacher librarian in a public school; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

- 1 Existing law requires the board of trustees of a school district to purchase all
- 2 new library books which are necessary and have been approved by the State Board
- 3 of Education to carry out the mandates of the school curriculum. (NRS 393.170)
- 4 **Section 9** of this bill requires each public school in a school district located in a
- 5 county whose population is 100,000 or more and each large charter school located
- 6 in such a county (currently Clark and Washoe Counties) to establish and maintain a
- 7 school library that provides library services to the pupils, teachers and
- 8 administrators of the school. **Section 9** requires the State Board of Education to
- 9 adopt regulations that prescribe the minimum requirements of a school library.
- 10 With certain exceptions provided in **section 11** of this bill, **section 10** of this
- 11 bill requires each public school and each large charter school to employ a teacher
- 12 librarian who: (1) provides library services in a school library; (2) holds a license to
- 13 teach; and (3) holds a certification as a professional school library media specialist
- 14 issued by the National Board for Professional Teaching Standards. **Section 10**
- 15 prohibits the board of trustees of a school district and the governing body of a large
- 16 charter school from giving preference to certain employees who provide library

17 services. **Section 11** provides that a school is not required to employ a teacher  
18 librarian if: (1) the school is unable to employ a teacher librarian and is granted a  
19 waiver by the superintendent of schools of the school district or the sponsor of the  
20 large charter school, as applicable, to jointly employ a teacher librarian with  
21 another such school; or (2) the school is located in a county whose population is  
22 less than 100,000 (currently all counties other than Clark and Washoe Counties), is  
23 unable to employ certain persons to provide library services and is granted a waiver  
24 by the State Board of Education.

25 **Section 12** of this bill deems any school library assistant who is employed at a  
26 school in a school district or a large charter school to be a teacher librarian at that  
27 school for purposes of **sections 10 and 11** of this bill until July 1, 2027, so that  
28 those school library assistants may perform the duties assigned to a teacher  
29 librarian set forth in this bill without obtaining a license to teach or any other  
30 credentials or endorsements until that date.
