

Assembly Bill No. 120–Assemblyman Hafen

CHAPTER.....

AN ACT relating to health care; revising certain restrictions on the provision of voluntary health care service; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law generally authorizes a provider of health care who is licensed or certified in this State or another state or territory of the United States to provide voluntary health care service in this State in association with a sponsoring organization. Existing law prohibits a provider of health care who has not actively practiced his or her profession continuously for the immediately preceding 3 years from providing voluntary health care service. (NRS 629.450) This bill revises this restriction to instead prohibit a provider of health care who was not initially issued his or her professional license or certificate within the immediately preceding 3 years and who has not practiced his or her profession within the immediately preceding 3 years from providing voluntary health care service in this State.
