AN ACT relating to mortgage companies; authorizing an employee of a mortgage company, including a mortgage loan originator employed by or associated with the mortgage company, to conduct the business of the mortgage company at a remote location under certain circumstances; setting forth certain requirements and restrictions concerning the conducting of the business of a mortgage company at a remote location; requiring the Commissioner of Mortgage Lending to adopt certain regulations; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires an applicant for a license as a mortgage company to state in the application: (1) for an applicant who is not a wholesale lender, the location of each principal office and branch office at which the mortgage company will conduct business in this State; and (2) the location of any principal office, office or other place of business located outside this State from which the mortgage company will conduct business in this State. Existing law also requires a mortgage company that will conduct business at one or more branch offices to apply for a license for each branch office. (NRS 645B.020)

Section 1 of this bill authorizes an employee of a mortgage company, including, without limitation, a mortgage loan originator employed by or associated with the mortgage company, to conduct the business of the mortgage company at a remote location if authorized by the mortgage company. **Section 1** defines “remote location” to mean, in general, any location, including the residence of an employee, that is not a location for which a license as a mortgage company has been issued. **Section 1** sets forth certain requirements for a mortgage company to authorize an employee to conduct the business of the mortgage company at a remote location.

17 Additionally, **section 1** prohibits: (1) an employee from interacting with a customer
18 in person at the residence of the employee; and (2) the maintenance of physical
19 records at a remote location. Finally, **section 1** requires the Commissioner of
20 Mortgage Lending to adopt regulations governing the conducting of the business of
21 a mortgage company at a remote location that include, without limitation,
22 requirements for the keeping and maintenance of records for mortgage transactions
23 made by an employee at a remote location.

24 Existing law requires each mortgage company to keep and maintain at each
25 location where the mortgage company conducts business in this State records of all
26 mortgage transactions made by the mortgage company at that location. (NRS
27 645B.080) **Section 2** of this bill exempts a remote location from that requirement
28 and instead requires a mortgage company to keep and maintain records of all
29 mortgage transactions made by an employee at a remote location in accordance
30 with the requirements established by the Commissioner by regulation pursuant to
31 **section 1**.
