AN ACT relating to wildlife; revising provisions relating to the authorized uses of certain fees for processing each application for a game tag; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

1 Existing law provides that in addition to any fee charged and collected for a  
2 game tag, a fee of \$3 must be charged for processing each application for a game  
3 tag, the revenue from which must be deposited with the State Treasurer for credit to  
4 the Wildlife Account in the State General Fund and used by the Department of  
5 Wildlife for costs related to certain programs and activities, including, without  
6 limitation, wildlife management activities relating to the protection of nonpredatory  
7 game animals and sensitive wildlife species and conducting research relating to  
8 managing and controlling predatory wildlife. (NRS 502.253) This bill revises the  
9 wildlife management activities for which the Department may use the proceeds of  
10 such fees to provide that the Department, at the direction of the applicant, may  
11 instead use the proceeds of such fees only for: (1) developing and implementing an  
12 annual program for the lethal removal of predatory wildlife; or (2) developing and  
13 implementing an annual program for the improvement of wildlife habitat and  
14 research or management activities beneficial to nonpredatory game species.

15 Existing law also requires that the Department expend on any program  
16 developed for the management and control of predatory wildlife not less than 80  
17 percent of the total money collected from the \$3 application processing fee in the  
18 most recent fiscal year for which the Department has information. (NRS 502.253)  
19 This bill removes the minimum 80 percent expenditure requirement for programs  
20 developed for the management and control of predatory wildlife.
