EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to water; revising provisions relating to a plan of water conservation and plan for incentives relating to water conservation; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

1 Existing law requires each supplier of water to: (1) adopt a plan of water conservation and  
2 update the plan every 5 years; (2) include with the plan of water conservation a water loss  
3 audit or certain water loss calculations; and (3) adopt a plan to provide certain incentives  
4 relating to water conservation. Existing law defines a “supplier of water” to include any public  
5 or private entity that supplies water for municipal, industrial or domestic purposes. (NRS  
6 540.121-540.151) This bill revises the definition of “supplier of water” to exclude a public or  
7 private entity that ~~f-(1)~~ has less than 15 service connections ~~f-(2) serves year-round~~  
8 ~~residents; and (3) supplies water for municipal or quasi-municipal purposes.]~~ As a result of the  
9 change to the definition of “supplier of water,” this bill removes the requirement for such an  
10 entity to adopt and update a plan of water conservation, conduct a water loss audit or calculate  
11 water losses or adopt a plan to provide certain incentives relating to water conservation.
