AN ACT relating to insurance; requiring certain insurers to use evidence-based guidelines when developing a step therapy protocol; requiring such insurers to create a process by which an attending practitioner and an insured are authorized to apply for an exemption from a step therapy protocol; requiring such insurers to grant such an exemption in certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law establishes a process by which a person may request an exemption from a step therapy protocol established by his or her insurer for a prescription drug used to treat late stage cancer or an associated symptom. If such a request is granted, existing law requires the insurer to cover the prescription drug. (NRS 689A.04041, 689B.0305, 689C.1684, 695A.259, 695B.19085, 695C.17333, 695G.1675) **Sections 1, 3-8 and 11** of this bill require certain private-sector insurers to establish a process by which an insured and his or her attending practitioner may: (1) request an exemption from a step therapy protocol that applies to prescription drugs; and (2) appeal a decision concerning such a request. **Sections 1, 3-8 and 11** require an insurer to: (1) grant such a request if the attending practitioner submits certain information providing adequate justification for the exemption; and (2) make the process to request an exemption and submit an appeal accessible on an Internet website maintained by the insurer. **Sections 1, 3-8 and 11** additionally require certain private-sector insurers to use guidelines based on medical or scientific evidence, if available, when developing a step therapy protocol. **Section 2** of this bill makes a conforming change to indicate the proper placement of **section 1** in the Nevada Revised Statutes.

Section 10 of this bill authorizes the Commissioner of Insurance to suspend or revoke the certificate of a health maintenance organization that fails to comply with

20 the requirements of **section 8**. The Commissioner is also authorized to take such
21 action against other health insurers who fail to comply with the requirements of
22 **sections 1, 3-7 and 11**. (NRS 680A.200)

23 **Sections 9 and 12** of this bill provide that the provisions of **sections 8 and 11**
24 do not apply to Medicaid managed care organizations. **Sections 9 and 12** of this
25 bill additionally provide that the provisions of **sections 8 and 11**, respectively, do
26 not apply to a health maintenance organization or managed care organization that
27 provides services to members of the Public Employees' Benefits Program.

33 effect the system required by NRS 695C.260 for:

34 (1) Resolving complaints in a manner reasonably to dispose
35 of valid complaints; and

21 the greatest practical opportunity to obtain continuing coverage for
22 health care.
