Local Government Responses
S.B. 261 / BDR 19 - 793

| City/County: Carson City Approved by: Sheri Russell-Benabou, Chief Financial officer Comment: Carson City prepares approximately 1 to 3 Business Impact Statements annually. If passed, the City estimates that it would take an additional \$4,000 in staff time to prepare, so we estimated an additional \$12,000 in preparation. The Clerk Recorder estimated needing a part time employee, as we will have to hold extra workshops, maintain e-mail lists, take minutes, and his office is already stretched to the maximum. | | | | |

City/County: **Lincoln County**

Approved by: Denice Brown, Administrative Assistant

Comment: This bill will increase time staff will have to take to review business licenses. At this time we are not able to determine what the fiscal cost will be.

City/County: **Lyon County**

Approved by: Josh Foli, Comptroller

Comment: The workshops would require commissioner travel, which is reimbursable.

There will also be additional staff time to keep and maintain a list of trade association contacts and coordinate workshops, which may require overtime to complete in addition to existing duties.

City/County: **Washoe County**

Approved by: Cadence Matijevich, Government Affairs Liaison

Comment: The requirements in subsection 7 of Section 4 of this bill that Washoe County establish and update annually an electronic mail list of owners and operators of businesses would result in the expenditure of staff time to create and maintain such list. This would include time to solicit and process contact information from chambers of commerce, trade associations. As the bill does not specify if the list is limited to only those businesses licensed by the local government, it is assumed that Washoe County would need to include in our list the owners and operators of businesses licensed by the cities of Reno and Sparks. The total number of hours required to solicit and aggregate this information is unknown at this time and therefore a reliable estimate of the financial effect of this bill cannot be determined.

City/County: **City of Boulder City**

Approved by: Angela Manninen, Acting Finance Director

Comment: This would require the City to make a determination of which businesses would be impacted and provide a summary of the workshop. The City does not have the expertise to know which businesses might be impacted by a new regulation. Further, even if the city contracted with a firm to evaluate that question, it would be difficult to know which individual businesses would be impacted as that would require knowledge of their operations and financial practices. While we don't have a cost estimate on the impact on the city financially, we would be concerned with how we could comply with that requirement.

City/County: **City of Reno**

Approved by: Jordan Hosmer-Henner, Urban Economist
