(Use Additional Sheets of Attachments, if required)

If enacted, the proposed legislation would create the Teach Nevada Collaborative Account. The Department believes there will be minimal fiscal impact consisting of staff overtime work to write regulations as necessary. If passed the Department believes this consolidation into a block grant will streamline the process of awarding grants for educator preparation. The Department anticipates that the current Education Programs Professional for Educator Preparation will function as the Department liaison with the Collaborative and is within the current scope of work.
