### Explanation

(Use Additional Sheets of Attachments, if required)

The proposed legislation requires the Superintendent of Public Instruction to develop a plan to recruit educators. Additionally, it requires the promulgation of regulations. If enacted, the proposed legislation would have a fiscal impact on the Nevada Department of Education (NDE). NDE estimates the proposed legislation would cost \$2,786 in FY24 and \$200,000 in FY25, future biennia costs are estimated to be \$0. The NDE utilized the following assumptions to determine this impact:

Section 3, subsection 3 and Section 4, subsection 3 would require Department, using OT hours, to establish a workgroup and draft regulation for the Commission on Professional Standards in Education to consider. Staff and DAG support would be needed. Section 10.3 of the bill as amended would require the Department to study the Praxis II and pedagogy exams. This will require staff OT and contracting with a nationally recognized organization to facilitate the study and make a final report.
