Explanation

(Use Additional Sheets of Attachments, if required)

This legislation would require the Administrative Office of the Courts (AOC) to establish a new connection to Department of Health and Human Services (DHHS) systems. Currently the AOC receives potential jury pool lists from the Department of Employment, Training & Rehabilitation. Following that same information pull process, the AOC would establish that pull process with DHHS, allowing for the addition of DHHS files to the current process. The cost estimate is based on the Court's prior experience with such exchanges.
