City/County: <b>Clark County</b> Approved by: Damon Harris, Deputy Director of Finance Comment: Proposed bill is expected to generate additional organ donation caseload to the Coroner's Office (estimated at 10% of current 230 annual cases). Each incremental case estimated to require the following staffing: Investigator (3 hours), Office Specialist (1 hour), Medical Examiner (30 minutes). 30% of the incremental cases are estimated to require a Forensic Supervisor (3 hours), while the Coroner is estimated to be required for 10% of the incremental cases (1 hour) due to various escalating factors. The estimated costs do not account for any unintended civil or criminal liability associated with the bill provisions nor assumes that there'll be a burden on the Coroner's Office to perform extensive research re: the decedent's communicated desire that his or her body or part not become anatomical gifts.
