Local Government Responses  
**A.B. 242 / BDR 24 - 365**

City/County: <b>Carson City</b> Approved by: Sheri Russell-Benabou, Chief Financial officer Comment: Fiscal impact will include setting up voting booths that are specially equipped and most likely dedicated poll worker to be of assistance.				
Impact	FY 2022-23	FY 2023-24	FY 2024-25	Future Biennia
Has Impact	\$0	\$5,000	\$0	\$5,000

City/County: <b>Clark County</b> Approved by: Rachel Stevens, Principal Management Analyst Comment: The bill would require each polling place to have at least two voting booths specifically designed, designated and equipped for voters who are elderly or voters with a disability. Most of Clark County's polling sites already have two booths available for voters who are elderly or voters with a disability; however, some of the rural areas may only have one such booth. Fiscal impacts include the one-time cost of purchasing 13 additional booths to comply with the provisions of this bill. The County would not need to purchase any additional voting machines.				
Impact	FY 2022-23	FY 2023-24	FY 2024-25	Future Biennia
Has Impact	\$0	\$5,000	\$0	\$0

City/County: <b>Douglas County</b> Approved by: Amy Burgans, Douglas County Clerk/Treasurer Comment: This bill states the need for two (2) voting booths for use by voters who are elderly or a voter with a disability. This is an increase from the current requirement of one (1). Douglas County would need to purchase additional Audio Tactile Interface systems for our current voting systems in order to be in compliance with this bill.

City/County: **Washoe County**

Approved by: Cadence Matijevich, Government Affairs Liaison

Comment: The provisions of this BDR requiring two (2) voting booths at every voting location which are specifically designed, designated and equipped for voters who are elderly or voters with a disability would necessitate Washoe County purchasing more of such booths. The voting booths currently used by Washoe County which meet these requirements cost approximately \$400 each. The total number of additional booths required to satisfy the provisions of this BDR cannot be determined at this time as it would require additional staff resources not currently available to travel to many of the voting locations used in the past to determine if those sites can accommodate two (2) booths and tables or if all voting stations would need to be booths to accommodate the spacing, the layout of the room, and the condition of the current booth (if they are able to be used).

The other provisions of this bill would not have a fiscal impact to Washoe County as the county currently uses mechanical voting systems and mail-in ballots.
