Local Government Responses
A.B. 192 / BDR 24 - 836

City/County: Carson City Approved by: Sheri Russell-Benabou, Chief Financial officer Comment: Fiscal Impact is estimated to be approximately \$10,000 to reach out to a vendor that could convert our current materials to the 4th grade reading level of each language and reprint all the materials Carson City uses during elections.				
Impact	FY 2022-23	FY 2023-24	FY 2024-25	Future Biennia
Has Impact	\$0	\$10,000	\$0	\$0

City/County: Clark County Approved by: Rachel Stevens, Principal Management Analyst Comment: The bill would require all mail ballots to be uniform throughout the State, with the layout being determined by the Secretary of State. This would have a fiscal impact if the Clark County Election Department were required to change its mail ballots, but that cannot be determined at this time. The bill would also require a change to the electioneering signs posted at polling sites. The Clark County Election Department would incur a cost to print these new signs, with the cost ranging from \$0.50 to \$20 per sign, depending on the materials used.

City/County: Elko County Approved by: Susan Paprocki, Comptroller Comment: This would have a minimal impact on the cost of signage. Cost cannot be determined at this time.

City/County: **Humboldt County**

Approved by: Jessica Koepke, Deputy Clerk

Comment: There is a fiscal impact from BDR 24-836, however, the actual cost cannot be determined. All forms, letters, website and social media materials would need to be reviewed and changed accordingly, which would require additional staff time, which would incur overtime cost, and may require hiring or contracting with a specialist, which could incur cost, to review all aforementioned materials to ensure standards are being met. Training for employees would be needed, to ensure all communication with voters is appropriate, and meeting comprehension levels, which could incur cost. There is a potential for increase in cost from vendors to ensure that the comprehension level requirement is being met. The fiscal impact of uniform mail ballots statewide cannot be determined, but would be minimal. The fiscal impact of ensuring electioneering signs are visible upon approach of a polling location cannot be determined, but there would be a cost associated with replacing current signage if it is determined that the current signs are not visible enough.

Comment: Colored envelopes are more expensive than white envelopes, so this bill is anticipated to create an additional cost. Depending on the color selected, the cost could be higher than shown.

City/County: **Washoe County**

Approved by: Cadence Matijevich, Government Affairs Liaison

Comment: Given that the form of the envelopes in which mail ballots are sent to voters has yet to be prescribed the fiscal impact of this bill on Washoe County cannot be determined at this time. Depending upon the form prescribed there may be a limited number of vendors who can meet the prescribed requirements, thereby limiting the County's ability to solicit bids from multiple vendors to secure the most cost-effective services and/or requiring the County to utilize a vendor who has provided less than ideal services in the past.
