EXPLANATION – Matter in *bolded italics* is new; matter between brackets [omitted material] is material to be omitted.

AN ACT relating to broadband; establishing certain requirements for a state agency that awards grants of federal money for the development of broadband services and infrastructure; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

1 Existing law establishes the Office of Science, Innovation and Technology in  
2 the Office of the Governor and requires: (1) the Director of the Office to establish  
3 and administer a program of infrastructure grants for the development or  
4 improvement of broadband services for persons with low income and persons in  
5 rural areas of this State; and (2) the Office to establish and administer a program to  
6 encourage the deployment of broadband infrastructure in underserved communities  
7 in this State. (NRS 223.600, 223.610, 223.670) **Section 2** of this bill sets forth a  
8 legislative declaration regarding the importance of using a well-trained workforce  
9 and providing jobs to residents of this State in expending federal money to increase  
10 the development of broadband services and infrastructure in this State.

11 **Section 3** of this bill requires each state agency that awards grants of federal  
12 money for the development of broadband services and infrastructure to: (1)  
13 evaluate and assign a score to each grant application received by the state agency  
14 based on the factors and relative weights assigned to each factor that the state  
15 agency specified in the request for grant applications; and (2) assign a relative  
16 weight of 30 percent to a grant application if the applicant submits a signed  
17 certification with his or her application. **Section 3** provides that the applicant must  
18 certify that if the applicant or the provider of broadband services will perform some  
19 or all of the work or will subcontract some or all of the work to a licensed  
20 contractor, the applicant, provider or contractor: (1) meets certain safety and  
21 training requirements and provides job opportunities with high-quality wages for  
22 residents of this State and members of underrepresented communities; or (2) is a  
23 signatory to a collective bargaining agreement that covers all non-supervisory

24 employees directly employed by the applicant who will perform any work financed  
25 in whole or in part by the grant money.

26 **Section 3** also provides that if an applicant or provider is a signatory to a  
27 collective bargaining agreement, certain provisions of law requiring the payment of  
28 prevailing wages on public works do not apply. **Section 4** of this bill makes a  
29 conforming change to provide an exception to the requirements to pay prevailing  
30 wages on public works.

31 **Section 3** further requires each state agency to include as a condition of any  
32 grant award that: (1) the certification provided by the applicant is binding upon the  
33 applicant that is awarded the grant money; and (2) if a licensed contractor performs  
34 any work, certain provisions of law governing public works apply to the work  
35 performed by the subcontractor. Lastly, **section 3** authorizes the Director of the  
36 Office to adopt regulations to carry out the provisions of **section 3**.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN  
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 **Section 1.** Chapter 232 of NRS is hereby amended by adding  
2 thereto the provisions set forth as sections 2 and 3 of this act.

3 **Sec. 2.** *The Legislature finds and declares that:*

4 1. *The State of Nevada is poised to see a once-in-a-generation*  
5 *wave of federal money resulting from the passage of the*  
6 *Infrastructure Investment and Jobs Act, Public Law 117-58, and*  
7 *the American Rescue Plan Act of 2021, Public Law 117-2, which*  
8 *will help to close the digital divide and increase the development of*  
9 *broadband services and infrastructure across the State;*

10 2. *The State of Nevada needs to ensure that this historic*  
11 *investment creates long-lasting broadband infrastructure that is*  
12 *built by a well-trained workforce;*

13 3. *Work performed by an unqualified contractor with a*  
14 *poorly trained workforce endangers the public and is not in the*  
15 *best interest of the citizens of this State; and*

16 4. *Proper stewardship of public money will require that the*  
17 *State of Nevada implement appropriate measures to ensure that*  
18 *any grants of federal money awarded by this State for the*  
19 *development of broadband services and infrastructure prioritize*  
20 *issuing grants to applicants that will ensure the work is performed*  
21 *safely and by a well-trained workforce and that the applicant*  
22 *provides quality jobs to Nevada workers.*

23 **Sec. 3.** 1. *In awarding any grant of federal money for the*  
24 *development of broadband services and infrastructure in*  
25 *accordance with federal law, each state agency shall:*

26 (a) *Evaluate and assign a score to each application for the*  
27 *grant received by the state agency based on the factors and relative*  
28 *weights assigned to each factor that the state agency specified in*  
29 *the request for grant applications; and*

1 (b) When ranking the proposals, assign a relative weight of 30  
2 percent to an application if the applicant submits a signed  
3 certification attesting that the applicant meets the requirements of  
4 paragraph (a) or (b) of subsection 2.

5 2. An applicant for a grant of federal money for the  
6 development of broadband services and infrastructure shall  
7 submit to a state agency with the application for the grant a signed  
8 statement certifying that:

9 (a) If the applicant:

10 (1) Will perform some or all of the work that is financed in  
11 whole or in part with the grant money or if such work will be  
12 performed by a provider of broadband services, the applicant or  
13 provider, as applicable, meets the requirements set forth in  
14 paragraph (b) or (c); and

15 (2) Will subcontract some or all of the work that is financed  
16 in whole or in part with the grant money, the subcontractor meets  
17 the requirements set forth in paragraph (b) or (c);

18 (b) The applicant, provider of broadband services or  
19 contractor, as applicable:

20 (1) Has a robust training program with training  
21 requirements that are tied to titles, uniform wage scales and skill  
22 codes recognized in the industry;

23 (2) Requires safety training, including, without limitation,  
24 any safety training requirements of the Occupational Safety and  
25 Health Administration of the United States Department of Labor,  
26 and operates a safety program that requires drug testing;

27 (3) Requires work performed by the applicant, provider or  
28 contractor, as applicable, that is financed in whole or in part with  
29 the grant money will be performed by employees who are directly  
30 employed by the applicant, provider or contractor, as applicable,  
31 and that such workers will receive high-quality wages and  
32 benefits;

33 (4) Has programs to promote the training and hiring of  
34 workers from underrepresented communities; and

35 (5) Primarily employs a qualified local work force  
36 consisting of residents of this State or conducts a program to  
37 promote the hiring of residents of this State; or

38 (c) The applicant, provider of broadband services or contractor  
39 licensed pursuant to chapter 624 of NRS that will perform some or  
40 all of the work is a signatory to a collective bargaining agreement  
41 that covers all non-supervisory employees directly employed by the  
42 applicant, provider or contractor, as applicable, who will perform  
43 any work financed in whole or in part with the grant money.

44 3. Except as otherwise provided in subsection 5, the  
45 provisions of NRS 338.020 to 338.090, inclusive, do not apply to

1 *work performed by an applicant or provider of broadband services*  
2 *that is a public work if the applicant or provider, as applicable, is a*  
3 *signatory to a collective bargaining agreement.*

4 *4. Any certification submitted by an applicant for a grant*  
5 *pursuant to subsection 2 must be made available on the Internet*  
6 *website of the state agency which awarded the grant.*

7 *5. In addition to the requirements of subsections 1 and 2 and*  
8 *except as otherwise provided in federal law, each state agency*  
9 *shall require as a condition of any grant of federal money for the*  
10 *development of broadband services and infrastructure in*  
11 *accordance with federal law that is awarded by the state agency*  
12 *that:*

13 *(a) Any certification provided by the applicant pursuant to*  
14 *subsection 2 is binding upon the applicant who is awarded the*  
15 *grant money; and*

16 *(b) If a contractor licensed pursuant to chapter 624 of NRS*  
17 *performs any work financed in whole or in part with the grant*  
18 *money, the provisions of NRS 338.020 to 338.090, inclusive, shall*  
19 *apply.*

20 *6. If any federal statute or regulation precludes the granting*  
21 *of federal assistance or reduces the amount of that assistance for a*  
22 *particular grant because of the provisions of this section, the*  
23 *provisions of this section do not apply insofar as their application*  
24 *would preclude or reduce federal assistance for that work.*

25 *7. The Director of the Office of Science, Innovation and*  
26 *Technology established pursuant to NRS 223.600 may adopt*  
27 *regulations to carry out the provisions of this section.*

28 *8. As used in this section, "state agency" means every public*  
29 *agency, bureau, board, commission, department, division, officer*  
30 *or employee of the Executive Department of the State*  
31 *Government.*

32 **Sec. 4.** NRS 338.080 is hereby amended to read as follows:

33 338.080 Except as otherwise provided in NRS 226.826, none  
34 of the provisions of NRS 338.020 to 338.090, inclusive, apply to:

35 1. Apprentices recorded under the provisions of chapter 610 of  
36 NRS.

37 2. Any contract for a public work whose estimated cost is less  
38 than \$100,000. A unit of the project must not be separated from the  
39 total project, even if that unit is to be completed at a later time, in  
40 order to lower the estimated cost of the project below \$100,000.

41 3. *Any work performed for the development of broadband*  
42 *services and infrastructure using grant money awarded pursuant*  
43 *to section 3 of this act by the recipient of the grant money or a*  
44 *provider of broadband services if the recipient or provider, as*  
45 *applicable, is a signatory to a collective bargaining agreement,*

1 *unless the work is performed by a contractor who is licensed*  
2 *pursuant to chapter 624 of NRS.*

3 **Sec. 5.** 1. This section becomes effective upon passage and  
4 approval.

5 2. Sections 1 to 4, inclusive, of this act become effective:

6 (a) Upon passage and approval for the purpose of adopting any  
7 regulations and performing any other preparatory administrative  
8 tasks that are necessary to carry out the provisions of this act; and

9 (b) On January 1, 2026, for all other purposes.
