**PROGRAM DESCRIPTION**

The Division of Industrial Relations includes the Administrator's Office, the Workers' Compensation Section (WCS) and the Legal Section. The WCS regulates Nevada's workers' compensation programs to ensure that injured workers receive timely and accurate delivery of wage-loss compensation, physical-impairment compensation, medical compensation, and rehabilitation benefits through a comprehensive program of training, auditing, investigation, and enforcement. The WCS is also responsible for the regulation of private insurers, self-insured employers, associations of public and private self-insured employers, private workers' compensation carriers, third-party administrators, managed-care organizations, and health care providers. The WCS Compliance Unit enforces the statutory requirement that all employers with one or more employees maintain a policy of workers' compensation. In a non-regulatory capacity, WCS oversees the administration of uninsured claims. The Administrator's office and legal section provide general administration and legal support services to the operating units of Division of Industrial Relations. Statutory Authority: NRS 616A, 616B, 616C, 616D, and 617.

## B&I - OCCUPATIONAL SAFETY & HEALTH ENFORCEMENT

210-4682

### PROGRAM DESCRIPTION

The Nevada Occupational Safety and Health Administration (NVOSHA) is the OSHA-approved State Plan to ensure safe and healthful working conditions for workers by setting and enforcing standards and by providing training, outreach, education and assistance. A State Plan must be at least as effective in protecting workers and preventing work-related injuries, illnesses, and deaths as stated in the federal Occupational Safety and Health Act of 1970. Within NVOSHA, the Nevada Bureau of Labor Statistics (NVBLS) unit collects and publishes statistics on Nevada workplace injuries, illnesses, and fatalities. NVBLS works closely with the federal Bureau of Labor Statistics (BLS) regional office. The Mechanical Compliance Section (MCS) provides oversight and direction, as well as adherence to policies and procedures, and compliance with regulations and codes governing all elevators, escalators, moving walks, boilers, and pressure vessels. Safety of the public and the employees of all who use these pieces of equipment is the primary goal; achieved through education, enforcement, permitting, and emergency response. Statutory Authority: NRS 618, NAC 618, NRS 455C and NAC 455C.

### BASE

This request continues 111 employees and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## B&I - WEATHERIZATION

101-4865

### PROGRAM DESCRIPTION

The Weatherization Program works in combination with the federal Department of Energy's Weatherization Grant Program, the state's Universal Energy Charge (tax), other state agencies, and the private sector to help low-income families improve energy efficiency for their homes, minimizing utility costs. Most funds are expended through sub-grantees who are carefully trained and monitored in their efforts to test for weather-related air and water leakages in homes and multi-family projects of low-income families. Once a dwelling unit is determined to need specific assistance, insulation, windows, doors, heaters, or water heaters are procured and installed by licensed contractors. The staff conduct quality control audits, training programs, and assist in outreach efforts. Statutory authority: NRS 702.250.

**GOED - NEVADA SSBCI PROGRAM**  
**101-1521**

**PROGRAM DESCRIPTION**

The Small Business Jobs Act of 2010 (the Act) was created to help increase credit availability for small businesses (12 U.S.C. 5701 et seq). The Act created the State Small Business Credit Initiative (SSBCI) and appropriated \$1.5 billion to be used by the U.S. Department of the Treasury to provide direct support to states for use in programs designed to increase access to credit for small businesses. Nevada's allocation was \$13.8 million and in 2017, the U.S. Treasury transferred the program to state ownership. The new version of the SSBCI program provides a combined \$10 billion to states, the District of Columbia, territories, and Tribal governments to empower small businesses to access capital needed to invest in job-creating opportunities as the country emerges from the pandemic. The funds will also support recipient jurisdictions in promoting American entrepreneurship and democratizing access to start-up capital across the country, including in underserved communities. Nevada's new allocation is up to \$112.9 million and is approved for the following five initiatives:

1. State sponsored Venture Capital Program
2. Collateral Support Program
3. Loan Participation Program - Standard (>\$250k)
4. Loan Participation C-PACE
5. Loan Participation Program - Small (<\$250k)

**BASE**

This request continues ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

The CDBG Program helps provide communities with adequate infrastructure, suitable housing and living environments, and encourages sustainable community and economic development. Activities are focused primarily for the benefit of low-to-moderate income persons. Statutory/Regulatory Authority: NRS Chapter 231, 24 CFR Part 570, 24 CFR Part 91.

**GOED - PROCUREMENT OUTREACH PROGRAM**

**101-4867**

**PROGRAM DESCRIPTION**

The Procurement Outreach Program budget houses the Nevada Procurement Technical Assistance Center (PTAC), which provides assistance to Nevada businesses to enable them to identify potential contractual opportunities with federal and/or state and local governments and government prime contractors and to obtain or perform under contracts with these entities. Specialized assistance from the PTAC may include: locating marketing opportunities for Nevada businesses; educating clients about electronic commerce with government entities; assisting with various registrations and certification requirements; conferring on matters regarding bid/proposal preparation for eventual offer submission by the client to government and government-related entities; and helping clients navigate through post-contract award issues. The result is creating jobs for Nevadans through businesses successfully contracting with the government. This will bring federal funding to the state and keep local tax dollars in Nevada. Statutory Authority: NRS 231 and Title 10 USC Chapter 142.

**DTCA - NEVADA HUMANITIES**

**101-2894**

**PROGRAM DESCRIPTION**

Founded in 1971, Nevada Humanities is an independent, 501(c)(3) non-profit, nationally recognized program that works in partnership with local communities to develop and fund humanities-based cultural and educational programs. Nevada's state humanities council was established under provisions contained in the 1965 federal legislation creating the National Endowment for the Humanities (U.S. Code: Title 20, Chapter 26, Subchapter 1 Sec. 956 (f) (1-7)). Nevada Humanities creates an environment conducive to the cultivation of local culture, community health and resilience, economic development, heritage tourism, lifelong learning, and quality K-12 education by fostering public humanities activities such as literacy programs, workshops, lectures, exhibitions, publications, book festivals, teacher institutes, documentary films, and a humanities grantmaking program that subawards federal funds to Nevada non-profit organizations across the state. After four consecutive biennia of legislative provisions of one-shot funding to support a southern Nevada office, the 2005 Legislature converted the one-shot funding request to an ongoing General Fund appropriation. Statutory Authority: NRS 231.8171-8179.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

The Lost City Museum in Overton, Nevada, located near the Moapa Paiute Indian Reservation, serves the public by studying, preserving, and protecting ancient Puebloan sites and artifacts found in the Moapa Valley area and interpreting these collections through exhibits, public programs, and publications. The Lost City Museum facility is itself an artifact, a Civilian Conservation Corps reproduction of an adobe pueblo dwelling complex, which has been preserved for future generations. An active archaeological program sponsors pottery workshops and other educational programs as well as occasional archeological digs. Interior and exterior exhibits on the grounds attract numerous tourists interested in topics relating to the Anasazi Pueblo complex, other early Native American cultures of southern Nevada, and the later history of the Moapa Valley, including Mormon settlement, mining, and railroads. The museum serves regional audiences of Native Americans, youth, students, families, adults, and a wide-reaching network of scholars and researchers interested in Native American cultures. Statutory Authority: NRS 381.

**PROGRAM DESCRIPTION**

The Nevada State Museum, located in the state capital of Carson City, is the state's largest museum. Housed in the historic 1869 Carson City Mint building and listed on the National Register of Historic Places, the museum is an icon and historical artifact. The museum serves the public through extensive collections, education, and exhibition programs related to Nevada's rich heritage of prehistory, history and natural history. The museum preserves collections at several locations, including the Marjorie Russell Clothing and Textile Research Center and the Indian Hills Curatorial Center. The museum also provides technical assistance for Nevada's non-state museums' public history support for a variety of reference and public program requests and fosters occasional archaeological and natural history fieldwork. America's largest exhibited Imperial Mammoth; Dat So La Lee Baskets; "U.S.S. Nevada" silver service; a replica walkthrough mine and ghost town; and Coin Press No. 1 are all on exhibit. Statutory Authority: NRS 381.

**BASE**

This request continues 20.53 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**DHS-DO - GRANTS MANAGEMENT UNIT**  
**101-3195**

**PROGRAM DESCRIPTION**

The Director's Office Grants Management Unit consolidates the function and management of grant programs that pass funds through to state, county, local and non-profit community level sub-recipients. This unit was created to ensure the standardization of procedures for administration of Federal formula grants and state grant awards; simplification of accounting and co-location of necessary staff to oversee and administer these funds over the performance period of the award; and to adequately award funding, monitor grantee progress, track award progress and collect data on populations served. The efficiencies realized allow the department to use fewer funds for administrative purposes and to pass more funds to the community through grantees providing direct services. Grantees have also benefited from the efficient reimbursement and grant award processing times afforded by the standardized procedures used to request funding. Statutory Authority: NRS 439.620.

**BASE**

This request continues six positions and associated operating costs. One-time expenditures have been eliminated, and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

Senate Bill 274 of the 77th (2013) Legislative Session amended NRS 433.354, 433B.220, 422A, 427A and 439 that allowed for the creation of the Private Hospital Collaborative Upper Payment Limit (UPL) program. This UPL program allows various divisions within the Department of Human Services to transfer savings associated with certain health care and social services related contract expenditures to this budget account. Savings are realized when budgeted contracted services are funded by an alternative funding source. When requested, funds are transferred to the Division of Health Care Financing and Policy to support the state share of the Private Hospital Collaborative UPL supplemental payment program. Excess funding is reverted to the General Fund or Funds for a Healthy Nevada.

**BASE**

This request continues funding for ongoing programs. One-time expenditures have been eliminated and partial year costs have been annualized.

**DHS-ADSD - FAMILY PRESERVATION PROGRAM**  
**101-3166**

**PROGRAM DESCRIPTION**

The Family Preservation Program provides financial assistance on a monthly basis to low-income families residing in Nevada who are providing care in their home for family members with a profound or severe intellectual or developmental disability. Also covered are children under six years of age who have developmental delays that require support equivalent to that required by a person with profound or severe intellectual or developmental disabilities. The purpose of this assistance is to help offset expenses necessary to meet the special needs of the person with intellectual disabilities and to help strengthen and support families, thereby keeping families intact and reducing the need for out-of-home placement. Families use assistance payments to obtain specialized supplies or equipment (wheelchairs, clothing, briefs, therapy services, special diets, transportation services) and general income supplementation. Statutory Authority: NRS 435.365.

**DHS-ADSD - RURAL REGIONAL CENTER**

**101-3167**

**PROGRAM DESCRIPTION**

Rural Regional Center (RRC) has offices in eight sites that provide support services for people with intellectual and/or developmental disabilities and their families. RRC serves all Nevada counties except Washoe County and the Las Vegas area in Clark County. RRC provides services to residents of all ages. Most services are funded by Medicaid through the Home and Community Based Waiver and Targeted Case Management. Each individual eligible for services is assigned a Service Coordinator that supports the individual with monitoring, assessing, referral and linkage to requested services through the person-centered planning process, with the goal of self-sufficiency, community inclusion and meaningful life. Additional services provided through RRC include respite; various levels of residential supported living arrangements to include 24 hour and intermittent; job training, day programming, and supported employment; psychological and behavioral assessments and intervention; nursing assessments and consultations; and quality assurance oversight. **DHS - ADSD- AUTISM TREATMENT ASSISTANCE PROGRAM**  
**101-3209**

**PROGRAM DESCRIPTION**

Autism Treatment Assistance Program (ATAP) assists parents and caregivers with the cost of providing autism-specific treatments to their child with Autism Spectrum Disorder (ASD). ATAP provides a monthly allotment to pay for ongoing treatment development, supervision, and a limited amount of weekly intervention hours based upon a child's individual treatment plan, age, program care enrollment, and authorized representative income. Within ATAP policy guidelines, the monthly allotment is intended to help parents pay for treatment. ATAP only funds treatments that have been proven by research to be evidence-based, including Applied Behavioral Analysis, Verbal Behavioral and Pivotal Response programs. Covered services include parent training, program development and supervision, daily intervention hours, and essential tools and equipment. ATAP may also fund speech, occupational, and physical therapy when other resources do not provide coverage. All ATAP participants receive service coordination services through targeted case management to assist the family with the coordination of community-based services. Statutory Authority: NRS 427A.871 through 427A-8803.

**PROGRAM DESCRIPTION**

Desert Regional Center (DRC) provides support services for people of all ages with intellectual and/or developmental disabilities and their families. Each individual eligible for services is assigned a Service Coordinator that supports the individual with monitoring, assessing, referral and linkage to requested services through the person-centered planning process, with the goal of self-sufficiency, community inclusion and meaningful life. Additional services provided through DRC include respite; various levels of residential supported living arrangements to include 24-hour, shared living, and intermittent; job training, day programming, and supported employment; psychological and behavioral assessments and intervention; nursing assessments and consultations; and quality assurance oversight. DRC also has a 48-bed licensed Intermediate Care Facility (ICF) that provides comprehensive and individualized health care and rehabilitation services to individuals to promote their functional status and independence. The ICF is licensed through the Bureau of Health Care Quality and Compliance. Statutory Authority: NRS 433 and 435.

**DHS-DPBH - HEALTH STATISTICS AND PLANNING**  
**101-3190**

**PROGRAM DESCRIPTION**

Health Statistics and Planning (HSP) issues certified birth and death certificates, maintains, and protects all vital records, processes all legal corrections and amendments to these vital records. HSP participates in the National Vital Statistics System and responds to the data and statistical needs of federal, state, and county agencies, policy makers, and researchers. Vital Statistics are an integral part of the public health infrastructure that collects data and provides information used for policy and decision making. This information is often key in the complicated adoption process, establishment of paternities, amendment of records, and most importantly, the establishment of identities which enable the general population to become eligible to secure benefits and services from both public and private sector agencies. Statutory Authority: NRS 440

**BASE**

This request continues 18 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**PROGRAM DESCRIPTION**

The Temporary Assistance for Needy Families (TANF) program provides cash assistance to low-income families with children. The program's goal is to reduce the number of families living in poverty, through employment and community resources. TANF is a needs-based program for families with children under age 18 (or under age 19 if the child is in high school) who need financial support because of: death of a parent; parent is absent from the home; physical or mental incapacity; or underemployed/unemployment of parent.

The four purposes of TANF are 1) provide assistance to needy families so children may be cared for in their homes or in the homes of relatives; 2) end the dependence of needy parents on government benefits by promoting job preparation, work, and marriage; 3) prevent and reduce the incidence of out-of-wedlock pregnancies; 4) encourage the formation and maintenance of two-parent families.

TANF is federally funded through a block grant from the Federal Department of Health and Human Services. Under the maintenance of effort (MOE) provision in the federal regulations, states are required to contribute money equal to 80% of the amount spent on Aid to Families with Dependent Children (AFDC) and AFDC-related programs during fiscal year 1994. The 80% MOE can be reduced to 75% for each year the work participation rates are met. For Nevada, the total TANF MOE requirement is \$27,145,177. If TANF contingency funds are received, a 100% MOE match is required. The TANF program mandates the state to participate in the Child Support Enforcement Program. Statutory Authority: NRS 422A.

**BASE**

**DHS-DSS - ASSISTANCE TO AGED AND BLIND**  
**101-3232**

**PROGRAM DESCRIPTION**

The state Supplemental Assistance Program provides an additional payment to low-income aged and blind individuals receiving Supplemental Security Income (SSI) and provides adult group care facilities with a greater supplement to assist recipients in avoiding or delaying institutionalization. The federal government started the SSI program on January 1, 1974. The program is administered by the Social Security Administration (SSA), and states were given the option to make payments in addition to the amount paid by the federal government. Nevada has paid a state supplement to the aged and blind since the start of the program. The prevention or delay of institutionalization results in cost savings for the Medicaid program. The Division of Social Services contracts with the SSA to determine eligibility for and issue the state supplement. States pay a per-check-charge for each SSI payment made. The state supplement and federal payment are paid monthly to the recipient and combined in one check from the SSA. Statutory Authority: NRS 422A.

**DHS-DSS - WELFARE FIELD SERVICES**

**101-3233**

**PROGRAM DESCRIPTION**

The Welfare Field Services budget provides staff salaries and operating expenses for the various programs administered by Division of Social Services (DSS). This budget account primarily consists of Family Services Specialists, who determine eligibility for the major program areas, which include: Temporary Assistance for Needy Families; Supplemental Nutrition Assistance Program; various Medicaid programs; and Children's Health Insurance Program. Family Services Specialists, Administrative Assistant IVs, and Social Workers provide employment and support services to assist program participants in overcoming barriers to achieve economic independence.

The federal government mandates specific quality and performance measures for eligibility, client support, and periodic reviews of client circumstances. The state is subject to penalties in the form of grant reductions for non-compliance with the performance measures. If penalized, the state is required to replace the grant reductions with General Fund appropriations restoring the available program funding to the pre-penalty level. Additionally, program integrity and fraud protection are an integral part of Welfare Field Services responsibility.

Welfare Field Services is required to provide service and appropriate eligibility to anyone seeking access to DWSS administered programs. All requests are provided a consistent level of quality service. Statutory authority: NRS 422A.

**DHS-DSS - CHILD SUPPORT ENFORCEMENT PROGRAM**  
**101-3238**

**PROGRAM DESCRIPTION**

The Child Support program is a family-first program to ensure families can achieve safe, stable, and healthy lives by making child support a more reliable source of income. Services are available to either parent, when the other parent is living outside the home. Services are offered automatically to families receiving Temporary Assistance for Needy Families.

The program works to ensure children have the financial and medical support of both parents, to foster responsible behavior towards children, and to emphasize that children need both parents involved in their lives. In Nevada, this program is administered by the Division Social Services and jointly operated with participating district attorneys' offices. Statutory Authority: NRS 31A and 425.

**BASE**

This request continues 117 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

**DHS-DSS - CHILD ASSISTANCE AND DEVELOPMENT**  
**101-3267**

**PROGRAM DESCRIPTION**

The Child Care and Development Program (CCDP), under the Division of Social Services, administers the Child Care and Development Fund (CCDF). The funding assists income-eligible families, families receiving temporary public assistance, foster families, families dealing with homelessness, children involved with Child Protective Services, and those transitioning from public assistance. The program helps families find and pay for childcare to help all family members achieve their potential. CCDP also funds activities to improve the quality of and access to childcare. CCDP partners with the Division of Public and Behavioral Health, the Nevada Department of Education Office of Early Learning and Development, The Children's Cabinet, Las Vegas Urban League, and other community partners statewide to determine eligibility for childcare subsidy assistance and provide child care resources and referrals.

General Fund appropriations pay for the state Maintenance of Effort required to receive federal funding. The Child Care and Development Fund (CCDF) is authorized under the Child Care and Development Block Grant Act (CCDBG) which was enacted under the Omnibus Budget Reconciliation Act of 1990. The CCDBG Act was amended and reauthorized by the Personal Responsibility and Work Opportunity Act of 1996, and again by the CCDBG Act of 2014. Statutory Authority: NRS 422A.055.

## DHS-DSS - ENERGY ASSISTANCE PROGRAM

101-4862

### PROGRAM DESCRIPTION

The mission of the Energy Assistance Program (EAP) is to assist eligible low-income Nevadans with the cost of home energy. The EAP provides an annual payment for eligible households customarily paid directly to the energy provider, which can be applied to either their heating or cooling providers or split between the two. In addition, the EAP provides arrearage assistance to eligible households to bring past due charges on their heating and/or cooling bills current. EAP has two funding sources, the Low-Income Home Energy Assistance block grant and the Fund for Energy Assistance and Conservation (budget account 6031), which was created during the 2001 Legislative Session to collect a Universal Energy Charge from certain electric/gas utilities. Statutory Authority: NRS 422A and NRS 702.

### BASE

This request continues 22 positions and associated operating costs. One-time expenditures have been eliminated and partial year costs have been annualized.

## DHS-DCFS - VICTIMS SERVICES

101-4894

### PROGRAM DESCRIPTION

Victims Services include the federal Victims of Crime Act grant, the Victim Liaison grant, federal Family Violence Prevention and Services Act (FVPSA) Program, and American Rescue Plan Act (ARPA) funding for domestic violence, testing, and sexual assault. Nevada Revised Statutes 217.096 provides for the establishment of a statewide center for services to victims of crimes and requires the Department of Human Services' Division of Child and Family Services, to the extent that money is available for this purpose, to designate such a center and authorizes the Administrator of the DCFS to accept any gift, grant, donation, bequest, or other source of money for the purpose of carrying out duties related to the center. Victim Assistance awards are made by the state to organizations that provide services such as crisis intervention, emergency shelter and transportation, counseling, and criminal justice advocacy to victims of crimes. The FVPSA Program is the primary federal funding stream dedicated to support emergency shelters and related assistance for victims of domestic violence and their children. The Victim Liaison grant provides crime victim liaisons to act as a bridge between the state and other state-based, non-governmental organizations to identify gaps in victim services and improve and increase access to resources for crime victims in rural/tribal areas, older victims, and victims of violent crimes. The Victim Services Unit provides services advocating through a Liaison Program and the Victim Advocate Academy of Nevada. In addition, Nevada offers the Confidential Address Program (NRS 217.462), which allows for a fictitious address for victims of domestic violence, human trafficking, sexual assault, or stalking. The state provides opportunities for local resources across Nevada to provide services for victims and their families. It is the goal of the program to reach locations across the state including rural, urban, and tribal communities. NRS 217.

## DHS-DCFS - INFORMATION SERVICES

101-3143

### PROGRAM DESCRIPTION

Information Services (IS), formerly UNITY/SACWIS, is the unit within the Division of Child and Family Services (DCFS) that supports the technology needs of the state and county agencies for child welfare. IS maintains three major computer applications: Unified Nevada Information Technology for Youth (UNITY), Tyler Supervision, and myAvatar. UNITY is a federally mandated comprehensive child welfare information system that is required by child welfare agencies nationwide to submit adoption and foster care information electronically to the Administration for Children and Families. UNITY became fully operational statewide in September 2003 and has been modified extensively to help meet the changing business requirements of the organization. Implemented in 2018, Tyler Supervision is the case management system for the Youth Parole Bureau. Operational since 2005, myAvatar is the Health Insurance Portability and Accountability Act-compliant case management and billing system that supports children's mental health. Additionally, IS provides helpdesk support and application training to the three Nevada child welfare agencies (DCFS, Clark County Department of Family Services, and Washoe County Human Services Agency) as well as division-wide network and desktop computer support.

## DHS-DCFS - CHILD WELFARE TRUST

645-3242

### PROGRAM DESCRIPTION

The Child Welfare Trust Fund account was established to receive benefits for survivors or other awards payable to children receiving child welfare services in a county whose population is less than 100,000. These benefits and other awards, including Social Security and Supplemental Income, must be deposited in the State Treasury for credit to this fund. The Division of Child and Family Services maintains a separate account for each child who receives money and deducts from the account any dollar amounts that were paid with public money for services provided to the child. Surplus balances are distributed in accordance with the guidance provided by the entity that issued the funds. The Treasurer's Office credits accrued interest to each child's separate account which is maintained in the Trust Fund for Child Welfare at the end of each interest period. Statutory Authority: NRS 432.037.

## DHS-DCFS - YOUTH ALTERNATIVE PLACEMENT

101-3147

### PROGRAM DESCRIPTION

The Youth Alternative Placement budget account was established to provide financial support to each regional facility for the detention of children who have been adjudicated as delinquent by Nevada courts. There are three regional facilities. Two of the camps are in Douglas County (China Spring Youth Camp and Aurora Pines Youth Camp) and one is in Clark County (Spring Mountain Youth Camp). The China Spring and Aurora Pines Youth Camps are dedicated to helping approximately 40 male and 16 female mid-level offenders between the ages of 12 years old and 18 years old develop skills, knowledge, and the experience necessary to promote health and resiliency, stop the progression of problems caused by delinquent behavior, and interpret and avoid high-risk behavior patterns in an emotionally safe, comforting, challenging, and nurturing environment. The facility provides structure and programs to assist juvenile offenders to overcome their delinquent behavior as well as opportunities to correct thinking errors, practice positive new social skills, and facilitate reintegration into the family and community. The Spring Mountain Youth Camp and its community-based program provide residential treatment for approximately 112 youth between the ages of 12 years old and 18 years old. The programs at Spring Mountain Youth Camp provide for therapeutic, educational, social, medical, and recreational needs. Counseling and therapy are provided to the youth as needed through Clark County's psychological services. Aftercare services are provided by a team, which includes probation officers and mental health therapists who work with youth prior to placement and through completion of probation. This program operates in cooperation with, and is supported by, local law enforcement agencies, Clark County School District, and various state agencies. Statutory Authority: NRS 62B.150

**DHS-DCFS - SUMMIT VIEW YOUTH CENTER**  
**101-3148**

**PROGRAM DESCRIPTION**

Summit View Youth Center (SVYC) is a maximum-security youth correctional facility with a maximum capacity of 96 beds that provides programming and services to male juvenile offenders located near the Las Vegas urban center. The facility is approved for 48 state correctional beds for male youth between the ages of 12 and 20. The physically secure nature of SVYC in comparison to the other two DCFS Juvenile Justice facilities allows DCFS to house the state's highest-risk youth in a secure environment. The programming at SVYC addresses delinquent youth who also may have been victims of abuse, abandonment, and neglect, working closely with both public and private agencies in accomplishing goals. Programs include educational services from Clark County School District, mental health services including individual and group counseling, and transition planning. Staff from SVYC coordinate with the Nevada Youth Parole Bureau and the Interstate Compact on Juveniles to ensure youth receive the best possible aftercare services once they are released from SVYC's jurisdiction. Youth who apply themselves to reach their goals in the shortest time possible typically achieve parole release within six to seven months. Statutory Authority: NRS 63.

## DHS-DCFS - CALIENTE YOUTH CENTER

101-3179

### PROGRAM DESCRIPTION

The Caliente Youth Center (CYC) is a staff secure juvenile correctional facility located 150 miles north of Las Vegas in Caliente. There are 7 housing units situated on 35 acres. During the 82nd Legislative session, bed space was reduced from 112 youth to 80 youth. CYC serves male and female youth between 12 years old and 19 years old. CYC is authorized and governed by NRS 63, State Facilities for Detention of Children, and those applicable statutes contained within NRS 62A, Juvenile Justice General Provisions. The programming at CYC addresses delinquent youth who may have also been victims of abuse, abandonment and neglect, working closely with both public and private agencies in accomplishing goals. Staff from CYC coordinate with the Nevada Youth Parole Bureau and the Interstate Compact on Juveniles to ensure the youth receive the best possible aftercare services once they are released from CYC's jurisdiction. Youth who apply themselves to reach their goals in the shortest time possible typically achieve parole release within six to seven months. Statutory Authority: NRS 63.

### BASE

**PROGRAM DESCRIPTION**

The Nevada Youth Training Center (NYTC) is a staff secure juvenile correctional facility serving male and female youth between 12 years old and 20 years old who are committed by the state's district courts for correctional care. Bed space of the facility was reduced from 110 to 60 beds during the 77th Legislative Session. Bed space of the facility was then increased to 64 beds in the 79th Legislative Session. The facility is in Elko, Nevada, and operates a junior/senior high school program offering required and elective academic subjects, remedial programs (reading, math, and language), special education, and vocational education. Following the 78th Legislative Session, youth are also able to participate in interscholastic sports including football, basketball, and track and field. Some youths are eligible to participate in college-level courses upon completion of their high school education. Youth also receive counseling conducted individually or in small and large groups, monthly treatment team meetings, and substance abuse counseling. Youth who apply themselves to reach their goals in the shortest amount of time will be able to earn their release once programming goals are completed. Statutory Authority: NRS 63.

## DHS-DCFS - YOUTH PAROLE SERVICES

101-3263

### PROGRAM DESCRIPTION

Youth Parole Services provides supervision and case management services to delinquent youth committed to the Division of Child and Family Services (DCFS) by County Juvenile District Courts, for placement at a correctional institution or other placements. Youth Parole Services also supervise youth on parole from other states through the Interstate Compact on Juveniles. Parole aftercare services are provided to youth through a continuum of services starting with youth and family assessment, institutional visitation, and pre-release parole planning with youth while they are in correctional care or other placement. While on parole, each youth is supervised to ensure compliance with conditions of parole and state and local laws. Counseling and guidance services are provided to facilitate the youth's successful participation in an educational and/or vocational program. Youth are referred for basic skills training as well as psychosocial rehabilitation, anger management, substance abuse, gender-specific programming, gang diversion, impulse control, and community-service opportunities. Youth Parole Services operates the Interstate Compact on Juveniles which regulates the transfer of juvenile probation and parole supervision across state boundaries and is charged with arranging the return of delinquent runaways on demand. Statutory Authority: NRS 62, 62I, and 63.

**DHS-DCFS - NORTHERN NV CHILD & ADOLESCENT SERVICES**  
**101-3281**

**PROGRAM DESCRIPTION**

Northern Nevada Child and Adolescent Services (NNCAS) provides assessment, care coordination, and a comprehensive continuum of mental and behavioral health care services for Severely Emotionally Disturbed children and adolescents from birth through 18 years of age in accordance with NRS 433B. Children served are uninsured, under-insured, or Medicaid recipients. NNCAS services are both office- and home-based and include: infant and early childhood mental health (IECMH) services; IECMH consultation; children's clinical services (CCS) providing individual, group and family therapies; psychiatric evaluation and treatment; intensive targeted case management through the Wraparound in Nevada Program using the evidence-based High Fidelity Wraparound model or FOCUS model of care coordination; and mobile crisis response services that are provided in northern Nevada. Residential services are provided at the Psychiatric Residential Treatment Facility (PRTF) North. Services are provided in strength-based, individualized processes that respect and value the family's decision-making and culture by using the Child and Family Team process. The Division of Child and Family Services (DCFS) residential programs have also engaged in the Substance Abuse and Mental Health Services Administration Building Bridges Initiative. The mission of the Building Bridges Initiative is to identify and promote practice and policy initiatives that will create strong and closely coordinated partnerships and collaborations between families, youth and community to ensure that comprehensive services and supports are family-driven, youth-guided, strength-based, culturally and linguistically competent, individualized, evidence- and practice-informed, and consistent with the research on sustained positive outcomes. DCFS residential services are monitored by the Commission on Behavioral Health and licensed by the county and state. The goal for every child is to provide services within the least restrictive environment and support remaining in, or returning to, family care with the support of community-based services. NNCAS is involved with the statewide efforts to transform the current Children's Mental Health System of Care to more comprehensively accomplish this goal. Statutory Authority: NRS 433, 433A and 433B.

**DHS-DCFS - SOUTHERN NV CHILD & ADOLESCENT SERVICES**

**101-3646**

**PROGRAM DESCRIPTION**

Southern Nevada Child and Adolescent Services (SNCAS) provides assessment, care coordination, and comprehensive continuum of mental and behavioral health care services for severely emotionally disturbed children and adolescents from birth through 18 years of age in accordance with NRS 433B. Children served are uninsured, under-insured, or Medicaid recipients. Non-emergent services are provided in three Neighborhood Family Service Centers in different regions of the Las Vegas community. SNCAS services are both office- and home-based and include: early childhood mental health services; early childhood day treatment; outpatient mental health services providing individual, group and family therapies; psychiatric evaluation and treatment; intensive targeted case management services through the Wrap-Around in Nevada Program evidence-based High Fidelity Wraparound model or "FOCUS" model of care coordination; and mobile crisis response services that operate 24/7 throughout Clark County and provide live 24/7 telephone hotline coverage for the entire state. Residential services are provided at the West Charleston campus and the Desert Willow Treatment Center (DWTC), which provide inpatient acute psychiatric and residential treatment center services. Services are provided in strength-based, individualized processes that respect and value the family's decision-making and culture by using the Child and Family Team process. The Division of Child and Family Services' (DCFS) residential programs have also engaged in the Substance Abuse and Mental Health Services Administration Building Bridges initiative. The mission of the Building Bridges Initiative is to identify and promote practice and policy that will create strong and closely-coordinated partnerships and collaborations between families, youth and community to ensure that comprehensive services and supports are family-driven, youth-guided, strength-based, culturally- and linguistically-competent, individualized, evidence- and practice-informed, and consistent with the research on sustained positive outcomes. DCFS residential services are monitored by the Commission on Behavioral Health and licensed by the county and state. DWTC is certified by the Joint Commission on Accreditation of Healthcare Organizations. The goal for every child is to provide services within the least restrictive environment and support remaining in, or returning to, family care with the support of community-based services. SNCAS is involved with the statewide efforts to transform the current Children's Mental Health System of Care to more comprehensively accomplish this goal. Statutory Authority: NRS 433, 433A and 433B.
