If enacted, the proposed legislation would require the Department to develop curriculum standards and support implementation for instruction on the prevention of human trafficking. The Department has identified that in FY26, 80 hours of overtime would be required for both the Education Director and an Education Programs Professional to facilitate the revision of the Nevada Academic Content Standards for Health on weekends; stipends for the Health Standards Writing Committee; a Contract 0.5 FTE EPP to consult with experts, conduct research, etc.; and 0.25 FTE for an Accounting Assistant II to support processing stipends, for a total of \$133,509. In FY27, continuing costs for the Contract 0.5 FTE EPP to provide professional development for implementing the standards, and for the Accounting Assistant II at \$88,256.
