BDR 24-90 (SB102) is prohibiting a person from, with intent to defraud, knowingly creating, filing or otherwise submitting certain documents relating to elections; prohibiting a person from creating or serving in a false slate of presidential electors or conspiring to create or serve in a false slate of presidential electors; prohibiting the State or a local government from appointing to public office a person convicted of such an offense; prohibiting a person from interfering with the selection of presidential elector is guilty of a Felony. The bill becomes effective upon passage and approval.

The agency has reviewed the bill and determined that as this bill is creating a new crime in statute, any arrest and subsequent conviction would require additional pre-sentence investigation staff and supervision officers. The Division does not possess the necessary data to estimate a number of convictions to determine whether the increase could be absorbed by existing staff or would require additional staff. Therefore, the total impact of this bill cannot be determined at this time. The agency reserves the right to go to the Interim Finance Committee for the future biennium should workload increases necessitate additional staffing.
