Agency Submitting: Department of Public Safety, Director's Office

Items of Revenue or Expense, or Both	Fiscal Year 2024-25	Fiscal Year 2025-26	Fiscal Year 2026-27	Effect on Future Biennia
Total	0	0	0	0

Explanation

(Use Additional Sheets of Attachments, if required)

BDR 15-776 requires the Department of Public Safety (DPS) Evidence Vault to provide data storage of intimate image to include certain acts relating to the distribution of certain photorealistic images, digital images, electronic images, computer images, computer-generated images and other pictorial representations; expanding the definition of "intimate image"; providing that the crime of unlawful dissemination of an intimate image constitutes a sexual offense for the purposes of various statutes; providing penalties; and providing other matters properly relating thereto. DPS Evidence Vault has reviewed the bill and determined that this may incur additional cost for data storage; however the amount cannot be determined as the increase in evidence cannot be determined at this time. Digital evidence storage costs are based on the number of terabytes stored annually. The current cost per terabyte per year is \$440.00. DPS Evidence Vault is unable to ascertain the number of terabytes of "intimate images" that may be submitted as digital evidence at this time and therefore cannot estimate the total fiscal impact this bill may have.
