Explanation

(Use Additional Sheets of Attachments, if required)

The agency has reviewed the bill and determined that there would be fiscal impact. This bill would require the agency to hire two new positions, Business Development Coordinator. One position would be within GOED, budget account 1526, for technical assistance and the other would be within the Nevada Film Office, budget account 1527, for compliance and technical assistance coordination. This will also require an increase of 25% to the regional development authority (RDA) allocation to support the new position(s) as well as training and continued education.
