Local Government Responses
AB53 / BDR 34 - 509

<p>School District: Carson City School District Approved by: Spencer Winward, Chief Financial and Operations Officer Comment: We anticipate some costs associated with development of the policy as required by this BDR to include legal fees.</p>				
Impact	FY 2024-25	FY 2025-26	FY 2026-27	Future Biennia
Has Impact	\$0	\$20,000	\$0	\$0

<p>School District: Churchill County School District Approved by: Christi Fielding, Comptroller Comment: We offer a 20 minute lunch outdoor recess, along with another 10-15 minutes, dependent upon grade, of outdoor recess at another time during each day for our students, so we already meet the requirement of 20 minutes, so no fiscal impact. On the Outdoor recreational activity credits for middle and high school students, there may be some time involved in getting the credit system set up, but it wouldn't be significant and should be able to be done during the admin assistant's normal work day. The board set up would also be done within their monthly wage allocation.</p>				
Impact	FY 2024-25	FY 2025-26	FY 2026-27	Future Biennia
No Impact	\$0	\$0	\$0	\$0

<p>School District: Clark County School District Approved by: Diane Bartholomew, Interim Chief Financial Officer Comment: The impact on CCSD elementary schools will be minimal as requirements to provide at least 30 minutes daily for moderate to vigorous physical activity already exist. However, schools will need communication on the best way to support a possible increase in recess throughout the school day and the Allocation of Minutes may need to reflect updated policies around recess.</p> <p>As a procedure already exists for high school students to receive external credit, there should be little impact on CCSD. CCSD Regulation 5127, Section I.C. will need to be revised to include Outdoor Recreational Activities. District procedures regarding how a pupil may apply for such credit, a definition of "significant amount of time outdoors," and the maximum amount of total credits will need to be defined on the CCF-850.</p>

Comment: If Health/Physical Education credit was to be earned outside of the brick and mortar, this could increase the need for additional FTE. Whether it be an additional School Counselor or other certified staff, someone would have to monitor student(s) progress and work with the registrar to issue credit(s).
