Comment: This bill safeguards nonprofit donor privacy by prohibiting government entities from requiring or disclosing donor, member, or volunteer information, as outlined in Section 2. It also establishes penalties for unauthorized disclosures and grants individuals the right to sue for damages under Section 2(4). However, there are exceptions for compliance with federal law, court orders, and criminal investigations. Most of the information the City receives would likely fall under one or more of these exceptions. Verifying on a case-by-case basis whether certain information qualifies as an exception would require additional staff time for public records requests. If staff misclassifies information, the City could face lawsuits. Ultimately, this bill could expose the City to increased liability, including monetary damages, attorney's fees, and other costs. However, given that there are several unknowns a cost estimate cannot be determined at this time.

Comment: Non-profits request grants from Carson City through CSSG and CDBG programs, and their applications are sometimes requested as attachments during public meetings. The City will make every effort to redact personal information from the application, but could be held liable should something get missed.

Approved by: Chris Wardlaw, Budget Manager

Comment: Clark County intends to comply with the new requirements outlined in the Bill. However, there may be a potential fiscal impact should litigation arise against Clark County for alleged violations of the provisions set forth in the Bill. At this time, it is not possible to accurately assess the fiscal implications, as we are unable to estimate the frequency of potential violations or civil lawsuits.

City/County: **Lyon County**

Approved by: Josh Foli, Comptroller

Comment: This bill could have fiscal impact defending civil cases, justified or not, regarding releasing confidential data protected under NRS 239B. This will would also create an additional fiscal impact if the County was found liable for releasing such data. There is not enough information to estimate the actual fiscal impact of this bill due to the contingent nature of the potential claims.

City/County: **Washoe County**

Approved by: Cadence Matijevich, Government Affairs Liaison

Comment: Washoe County would need to implement procedures to ensure that the information identified in this bill as confidential is kept as such, including adding new procedures to our public records request review processes. Washoe County regularly receives donations from individuals and from non-profit organizations, so the number of records to which this bill would apply could be significant. However, the number of such records that may be requested and required to be reviewed is unknown and therefore a reliable estimate of the fiscal impact of this bill cannot be determined.
