Father, as we gather and settle into the rhythms of another session, help us to remember who we serve. Help us to remember why we serve. Help us respect those who serve with us, sometimes as allies and sometimes as opponents. May the spirit of peace that you provide prevail in moments of tension or friction. Help us to remember that you are a God of order, not disorder. And in all things help us to remember to thank you for your Son in who's name we pray.

AMEN.

By Assemblymember Anderson:

Assembly Joint Resolution No. 1—Proposing to amend the Nevada Constitution to revise provisions relating to the assessment and taxation of real property which is sold or transferred and to require the Legislature to enact a program to provide property tax assistance to senior citizens and persons with disabilities.

RESOLVED BY THE ASSEMBLY AND SENATE OF THE STATE OF NEVADA, JOINTLY, That Section 1 of Article 10 of the Nevada Constitution be amended to read as follows:

Section 1. 1. The Legislature shall provide by law for a uniform and equal rate of assessment and taxation, and shall prescribe such regulations as shall secure a just valuation for taxation of all property, real, personal and possessory, except mines and mining claims, which shall be assessed and taxed only as provided in Section 5 of this Article.

2. Shares of stock, bonds, mortgages, notes, bank deposits, book accounts and credits, and securities and choses in action of like character are deemed to represent interest in property already assessed and taxed, either in Nevada or elsewhere, and shall be exempt.

3. The Legislature may constitute agricultural and open-space real property having a greater value for another use than that for which it is being used, as a separate class for taxation purposes and may provide a separate uniform plan for appraisal and valuation of such property for assessment purposes. If such plan is provided, the Legislature shall also provide for retroactive assessment for a period of not less than 7 years when agricultural and open-space real property is converted to a higher use conforming to the use for which other nearby property is used.

4. Personal property which is moving in interstate commerce through or over the territory of the State of Nevada, or which was consigned to a warehouse, public or private, within the State of Nevada from outside the State of Nevada for storage in transit to a final destination outside the State of Nevada, whether specified when transportation begins or afterward, shall be deemed to have acquired no situs in Nevada for purposes of taxation and shall be exempt from taxation. Such property shall not be deprived of such exemption because while in the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled or repackaged.

5. The Legislature may exempt motor vehicles from the provisions of the tax required by this Section, and in lieu thereof, if such exemption is granted, shall provide for a uniform and equal rate of assessment and taxation of motor vehicles, which rate shall not exceed five cents on one dollar of assessed valuation.

6. The Legislature shall provide by law for a progressive reduction in the tax upon business inventories by 20 percent in each year following the adoption of this provision, and after the expiration of the 4th year such inventories are exempt from taxation. The Legislature may exempt any other personal property, including livestock.

7. No inheritance tax shall ever be levied.

8. The Legislature may exempt by law property used for municipal, educational, literary, scientific or other charitable purposes, or to encourage the conservation of energy or the substitution of other sources for fossil sources of energy.

9. No income tax shall be levied upon the wages or personal income of natural persons. Notwithstanding the foregoing provision, and except as otherwise provided in subsection 1 of this Section, taxes may be levied upon the income or revenue of any business in whatever form it may be conducted for profit in the State.

10. The Legislature may provide by law for an abatement of the tax upon or an exemption of part of the assessed value of a single-family residence occupied by the owner to the extent necessary to avoid severe economic hardship to the owner of the residence.

**11. For purposes of assessment and taxation of property:**

*(a) Except as otherwise provided in this paragraph, for the first fiscal year after the sale or transfer of real property, the real property sold or transferred shall not be eligible for any adjustment provided by the Legislature by law based on the age of improvements to the real property, any abatement of the tax upon the real property provided by the Legislature by law pursuant to subsection 8 or any abatement or exemption provided by the Legislature by law pursuant to subsection 10. The provisions of this paragraph do not apply to real property for which the Legislature has provided by law for an exemption of the tax on property.*

*(b) For any fiscal year following the first fiscal year after the sale or transfer of real property to which the provisions of paragraph (a) apply, any adjustment provided by the Legislature by law based on the age of improvements to the real property must be determined as if the improvements were new improvements on the date of the sale or transfer.*

*(c) The Legislature shall provide by law for definitions of the terms “sale” and “transfer” as necessary to carry out the provisions of this subsection.*

*12. The Legislature shall provide by law for a program to provide for the payment of refunds of the taxes imposed on the primary residence of a person domiciled in this State who is 62 years of age or older or a person with a disability. If such a person rents his or her primary residence, the amount of the refund for which the person is eligible must not exceed the portion of the rent which is deemed to constitute accrued property tax. The Legislature shall establish by law:*

*(a) The criteria which a person must satisfy to be eligible for such a refund; and*

*(b) The amount of the refund to be paid to a person eligible for such a refund, which may consist of a graduated refund based on the household income of such a person.*
