SPECIAL ORDER

The hour having arrived for the special order, Mr. Speaker announced that the Assembly at this time would consider the vetoed bills of the Twenty-ninth Session (1919).

Governor's message transmitting vetoed bills was read by the Chief Clerk.

Assembly Bill No. 25 of the Twenty-ninth Session was read in full, with the veto message, which was as follows:

HON. GEORGE BRODIGAN, *Secretary of State, Carson City, Nevada.*

SIR: I am depositing with you, without my approval, Assembly Bill No. 25 entitled "An Act to promote the better education of nurses and the better care of the sick in the State of Nevada, to provide for and regulate the examination and registration of graduate nurses, and to provide for the issuance of certificates of registration as registered nurses to qualified applicants by the State Board of Health." This bill, while presuming to establish qualifications for registered nurses, fails to establish a standard which would be recognized either by the Government or by the other States of the Union.

Respectfully submitted,

EMMET D. BOYLE, *Governor.*

The question was: "Shall the bill pass, notwithstanding the objections of the Governor?"

Remarks by Messrs. Piercy and Lockhart.

Roll-call:

YEAS—None.

NAYS—Addenbrooke, Arnold, Averill, Bartlett, Brown, Byers, Cross, Defenbaugh, Fairchild, Fall, Fulton, Gentry, Gummow, Hart, Hartley, Henderson, Heward, Hill, Hussman, King, Lockhart, Lutts, Mack, Mathews, Meder, Piercy, Pohl, Robb, Royle, Smith, Spellier, Tannahill, Vencill, Walters, Ward, and Whitacre—36.

Not voting—Mr. Speaker.

Assembly Bill No. 25 of the Twenty-ninth Session, having failed to receive the necessary two-thirds vote, was declared lost.

Assembly Bill No. 138 of the Twenty-ninth Session was read in full, with the veto message, which was as follows:

HON. GEORGE BRODIGAN, *Secretary of State, Carson City, Nevada.*

SIR: I am depositing with you, without my approval, Assembly Bill No. 138 entitled "An Act to amend an Act entitled 'An Act to provide for the government of the State Prison of the State of Nevada,' approved March 7, 1873." While generally favorable to the proposition that prison labor should not be used indiscriminately in competition with free labor, this measure is susceptible of an interpretation which might go so far as to prohibit the exchange of institutional products, the utilization in full measure of the prison farm facilities, and the utilization of the prisoners in employment which in no wise affects free labor in Nevada and to the detriment of the general public.

Respectfully submitted,

EMMET D. BOYLE, *Governor.*

The question was: "Shall the bill pass, notwithstanding the objections of the Governor?"

Roll-call:

YEAS—None.

NAYS—Addenbrooke, Arnold, Averill, Bartlett, Brown, Byers, Cross, Defenbaugh, Fairchild, Fall, Fulton, Gentry, Gummow, Hart, Hartley, Henderson, Heward, Hill, Hussman, King, Lockhart, Lutts, Mack, Mathews, Meder, Piercy, Pohl, Robb, Royle, Smith, Spellier, Tannahill, Vencill, Walters, Ward, and Whitacre—36.

Assembly Bill No. 138 of the Twenty-ninth Session, having failed to receive the necessary two-thirds vote, was declared lost.

Assembly Bill No. 156 of the Twenty-ninth Session was read in full, with the veto message, which was as follows:

HON. GEORGE BRODIGAN, *Secretary of State, Carson City, Nevada.*

SIR: I am depositing with you, without my approval, Assembly Bill No. 156 entitled "An Act making an appropriation for the control and eradication of rabbits and ground squirrels within the State of Nevada in cooperation with the Biological Survey of the United States Department of Agriculture." This measure carried an appropriation of \$20,000. The contract to be entered into between the United States Biological Survey and the Nevada Rabies Commission will include provision for the expenditure of the State in cooperation with the said Biological Survey a sum in excess of that provided for in the measure before me.

Respectfully submitted,

EMMET D. BOYLE, *Governor.*

The question was: "Shall the bill pass, notwithstanding the objections of the Governor?"

Roll-call:

YEAS—None.

NAYS—Addenbrooke, Arnold, Averill, Bartlett, Brown, Byers, Cross, Defenbaugh, Fairchild, Fall, Fulton, Gentry, Gummow, Hart, Hartley, Henderson, Heward, Hill, Hussman, King, Lockhart, Lutts, Mack, Mathews, Meder, Piercy, Pohl, Robb, Royle, Smith, Spellier, Tannahill, Vencill, Walters, Ward, and Whitacre—36.

Not voting—Mr. Speaker.

Assembly Bill No. 156 of the Twenty-ninth Session, having failed to receive the necessary two-thirds vote, was declared lost.

Assembly Bill No. 175 of the Twenty-ninth Session was read in full, with the veto message, which was as follows:

HON. GEORGE BRODIGAN, *Secretary of State, Carson City, Nevada.*

SIR: I am depositing with you, without my approval, Assembly Bill No. 175, entitled "An Act to amend an Act entitled 'An Act creating the Nevada State Bureau of Mines and prescribing its duties,' approved March 25, 1917."

This bill carries with it an appropriation of \$50,000 for expenditure over the ensuing biennium. The Act which this Act presumed to amend makes provision for the creation of a Bureau of Mines and provides a limited appropriation which may be expended, if, in the judgment of practical mining men with whom I hope to consult, the State may, under an organized plan, embark on the work prescribed in the measure before me. Bearing in mind the fact that we hope for the installation here of an experiment station under the direction of the Federal Bureau of Mines; that facilities are already provided for free ore and mineral determinations by the State Analytical Laboratory; that funds exist for the compilation of existing data in Nevada mining districts, and that limited facilities are available for the extension of technical service in new camps, it appears to me that we might with benefit start slowly on an enterprise of unproved value by devoting the next two-year period to a survey of the situation under existing laws. State investigation of districts and properties has been found here—while the State employed a mineralogist—and elsewhere to be often embarrassing rather than helpful to the prospector for obvious reasons. The matter requires a study which should precede the inauguration of so expensive an experiment in state aid to an industry.

Respectfully submitted,

EMMET D. BOYLE, *Governor.*

The question was: "Shall the bill pass, notwithstanding the objections of the Governor?"

Roll-call:

YEAS—None.

NAYS—Addenbrooke, Averill, Bartlett, Brown, Byers, Cross, Defenbaugh, Fairchild, Fall, Fulton, Gentry, Hart, Hartley, Henderson, Heward, Hill, Hussman, King, Lockhart, Lutts, Mack, Mathews, Meder, Piercy, Pohl, Robb, Royle, Smith, Speller, Tannahill, Vencill, Walters, and Whitacre—33.

Not voting—Arnold, Gummow, and Mr. Speaker—3.

Absent—Ward.

Assembly Bill No. 175 of the Twenty-ninth Session, having failed to receive the necessary two-thirds vote, was declared lost.

Assembly Bill No. 216 of the Twenty-ninth Session was read in full, with the veto message, which was as follows:

HON. GEORGE BRODIGAN, *Secretary of State, Carson City, Nevada.*

SIR: I am depositing with you, without my approval, Assembly Bill No. 216, entitled "An Act to provide for a state rifle range for the State of Nevada; to provide funds to meet the expenses of annual state rifle matches for the years 1919 and 1920; and creating authority for the control of state rifle matches and for the administration of the provisions of this Act."

This bill appropriates \$6,000 to carry out its purposes. There appears to be no legislation needed to permit rifle clubs to train and practice locally, the Government now supplying rifles, ammunition, and certain target equipment. Certainly no legislation is needed to permit the association of organized rifle clubs. The measure before me provides funds for the erection of a state rifle range and for the payment of expenses incurred in attendance on state and national rifle matches. Bearing in mind the fact that members of rifle clubs are in no sense obligated to any form of service other than that which the individual members may see fit to volunteer; that the major items of expense in each locality are met by federal appropriation; that the spirit of competition can be kept alive by interchange of records on local ranges in the same practical manner as was employed heretofore successfully by the Nevada militia when

that organization was in existence, and that traveling expenses of those selected for the team to represent the State at the national matches are supplied by the Government, it might appear that a direct state appropriation for this object may be dispensed with at this particular time when a large construction program, unavoidable increases in the cost of essential departments and a subnormal condition in the industries of the State all conspire to make difficult the problem of keeping taxes below the point where they become burdensome.

Respectfully submitted,

EMMET D. BOYLE, *Governor*.

The question was: "Shall the bill pass, notwithstanding the objections of the Governor?"

Roll-call:

YEAS—None.

NAYS—Addenbrooke, Arnold, Averill, Bartlett, Brown, Byers, Cross, Defenbaugh, Fairchild, Fall, Fulton, Gentry, Gummow, Hart, Hartley, Henderson, Heward, Hill, Hussman, King, Lockhart, Lutts, Mack, Mathews, Meder, Piercy, Pohl, Robb, Royle, Smith, Spellier, Tannahill, Vencill, Walters, Ward, and Whitacre—36.

Not voting—Mr. Speaker.

Assembly Bill No. 216 of the Twenty-ninth Session, having failed to receive the necessary two-thirds vote, was declared lost.

On motion of Miss Averill, duly seconded, Rule No. 58 of the Assembly was suspended for the remainder of the day's session.

Assembly Bill No. 217 of the Twenty-ninth Session was read in full, with the veto message, which was as follows:

HON. GEORGE BRODIGAN, *Secretary of State, Carson City, Nevada*.

SIR: I am depositing with you, without my approval, Assembly Bill No. 217, entitled "An Act to amend section 6 of an Act entitled 'An Act relating to children who are now or may hereafter become dependent, neglected, or delinquent, to define these terms and to provide for the treatment, control, maintenance, protection, adoption and guardianship of the person of such child or children,' approved March 24, 1909, and further approved March 27, 1911, as amended by Chapter 63, approved March 10, 1917."

This Act presumes to compel in one county of this State only the appointment of two probation officers, one of whom shall be a man and the other a woman. Affecting, as it does, only Washoe County, it was not introduced by the Washoe County Delegation or by any member thereof and appears to take discretionary powers now vested in the officers of that county from them. Existing law will permit in the discretion of the local officers substantially the doing of the things contemplated in the Act before me.

Respectfully submitted,

EMMET D. BOYLE, *Governor*.

The question was: "Shall the bill pass, notwithstanding the objections of the Governor?"

Roll-call:

YEAS—None.

NAYS—Addenbrooke, Arnold, Averill, Bartlett, Brown, Byers, Cross, Defenbaugh, Fairchild, Fall, Fulton, Gentry, Gummow, Hart, Hartley, Henderson, Heward, Hill, Hussman, King, Lockhart, Lutts, Mack, Mathews, Meder, Piercy, Pohl, Robb, Royle, Smith, Spellier, Tannahill, Vencill, Ward, and Whitacre—35.

Not voting—Mr. Speaker and Walters—2.

Assembly Bill No. 217 of the Twenty-ninth Session, having failed to receive the necessary two-thirds vote, was declared lost.

Mr. Speaker announced that, as some other business was waiting attention, the reading of vetoed bills would be temporarily suspended and the Assembly would take up Order of Business No. 7.

MESSAGES FROM THE SENATE

To the Honorable the Assembly:

I have the honor herewith to present for the consideration of your honorable body Senate Concurrent Resolution No. 5, which has been this day adopted.

VIVIAN RICKEY,
Assistant Secretary of the Senate.

Concurrent Resolution No. 5 read:

Resolved by the Senate, the Assembly concurring, That when the Senate and Assembly do adjourn, the same shall be for four days.

On motion of Mr. Lockhart, duly seconded, the resolution was adopted.

Mr. Speaker announced that the Assembly would resume the consideration of vetoed bills.

Assembly Bill No. 242 of the Twenty-ninth Session was read in full, with the veto message, which was as follows:

HON. GEORGE BRODIGAN, *Secretary of State, Carson City, Nevada.*

DEAR SIR: I am depositing with you, without my approval, Assembly Bill No. 242, entitled "An Act making it a felony for any sheepherder in charge of a herd of sheep to abandon such herd on the range, and prescribing a penalty therefor."

The title of this Act is not in accord with its substance—the former "making it a felony to do certain things, the latter a misdemeanor for doing the same thing. The further objection may be urged against it that it is too general in its provisions and might open the door to abuses greater than those which it is aimed to guarantee against. It seems to me that great caution should be exercised in the drafting of laws patterned after the obsolete Acts of a century or two ago which made penal offenses of commercial derelictions of duty. A measure designed to do what this Act proposes containing reasonable safeguards of the rights of the sheepherder might find approval from me.

Respectfully submitted,

EMMET D. BOYLE, *Governor.*

The question was: "Shall the bill pass, notwithstanding the objections of the Governor?"

Roll-call:

YEAS—Arnold and Hussman—2.

NAYS—Addenbrooke, Averill, Bartlett, Brown, Byers, Cross, Defenbaugh, Fairchild, Fall, Fulton, Gentry, Gummow, Hart, Hartley, Henderson, Heward, Hill, King, Lockhart, Lutts, Mack, Mathews, Meder, Piercy, Robb, Royle, Smith, Spellier, Tannahill, Vencill, Walters, Ward, and Whitacre—33.

Not voting—Mr. Speaker.

Absent—Pohl.

Assembly Bill No. 242 of the Twenty-ninth Session, having failed to receive the necessary two-thirds vote, was declared lost.

Assembly Bill No. 250 of the Twenty-ninth Session was read in full, with the veto message, which was as follows:

HON. GEORGE BRODIGAN, *Secretary of State, Carson City, Nevada.*

DEAR SIR: I am depositing with you, without my approval, Assembly Bill No. 250, entitled "An Act to amend an Act entitled 'An Act to regulate proceedings in criminal cases in this State, and to repeal all other Acts in relation thereto,' approved March 17, 1911, as amended March 24, 1913, as amended March 17, 1915."

This Act presumes to permit an expression by trial judges in criminal cases of the maximum sentence to be imposed under the indeterminate-sentence law, its author having in mind, no doubt, the idea that the Board of Parole Commissioners might thereby secure an expression regarding the Judge's opinion rela-

tive to the extent of the punishment which should be meted out to each offender. Few men are, under the existing law, required to serve a maximum sentence, and courts are afforded full facilities for the expression of opinion for the consideration of the Parole Board. The existing law permits the holding of men under observation and under certain desirable control on parole for a period within the prescribed limit. I see disadvantages with no practical commensurate benefit from the measure before me.

Respectfully submitted,

EMMET D. BOYLE, *Governor*.

The question was: "Shall the bill pass, notwithstanding the objections of the Governor?"

Remarks by Mr. Lockhart.

Roll-call:

YEAS—None.

NAYS—Addenbrooke, Arnold, Averill, Bartlett, Brown, Byers, Cross, Defenbaugh, Fairchild, Fall, Fulton, Gentry, Gummow, Hart, Hartley, Henderson, Heward, Hill, Hussman, King, Lockhart, Lutts, Mack, Mathews, Meder, Piercy, Pohl, Robb, Royle, Smith, Spellier, Tannahill, Vencill, Walters, and Ward—35.

Not voting—Mr. Speaker.

Absent—Whitacre.

Assembly Bill No. 250 of the Twenty-ninth Session, having failed to receive the necessary two-thirds vote, was declared lost.

Assembly Bill No. 254 of the Twenty-ninth Session was read in full, with the veto message, which was as follows:

HON. GEORGE BRODIGAN, *Secretary of State, Carson City, Nevada*.

DEAR SIR: I am depositing with you, without my approval, Assembly Bill No. 254, entitled "An Act to amend section 3 of an Act entitled 'An Act to provide for obtaining correct statements of the financial condition of the several counties in this State, and other matters of statistical information,' approved February 26, 1873, said section being section 1586, Revised Laws of Nevada, 1912."

This measure aims to compel the submission at a stated time of statistical data by County Assessors under an obsolete and unworkable statute.

It seems to me that the author of this measure was seeking an outlet for his sense of humor in submitting it. Experience has shown that the Assessor is not in a position to secure or report the heterogeneous hodge-podge of statistics called for in this Act and that he does not do so, even though his labors may be lightened henceforth by the removal of the practical necessity of reporting the number of "breweries and distilleries" in his jurisdiction.

The data aimed to be secured under the Act of which this is presumed to be amendatory is submitted, as far as it is practicable to submit it, in the classification of property reports to the State Board of Equalization.

Respectfully submitted,

EMMET D. BOYLE, *Governor*.

The question was: "Shall the bill pass, notwithstanding the objections of the Governor?"

Remarks by Mr. Lockhart and Mr. Speaker.

Roll-call:

YEAS—Fulton.

NAYS—Addenbrooke, Averill, Bartlett, Brown, Byers, Cross, Defenbaugh, Fairchild, Fall, Gentry, Hart, Hartley, Henderson, Heward, Hill, Hussman, King, Lockhart, Lutts, Mack, Mathews, Meder, Piercy, Pohl, Robb, Royle, Smith, Spellier, Tannahill, Vencill, Walters, and Ward—32.

Not voting—Arnold, Gummow, and Mr. Speaker—3.

Absent—Whitacre.

Assembly Bill No. 254 of the Twenty-ninth Session, having failed to receive the necessary two-thirds vote, was declared lost.

Mr. Whitacre asked and was granted permission to be excused for the remainder of the day's session.

Assembly Bill No. 279 of the Twenty-ninth Session was read in full, with the veto message, which was as follows:

HON. GEORGE BRODIGAN, *Secretary of State, Carson City, Nevada.*

SIR: I am depositing with you, without my approval, Assembly Bill No. 279, entitled "An Act to establish a standard for gasoline, and providing a penalty for the violation of said Act."

This bill if approved would make it unlawful to sell any petroleum product as gasoline of less than sixty degrees gravity as measured by the Beaume hydrometer. Gasoline of this high gravity may be secured, but only at substantial advance in the price over that charged for the commercial gasoline manufactured and sold generally for motor-vehicle use. Moreover, the Beaume test is not the measure of the quality of fuel oils. The standard specifications of the Government do not refer to it and, excepting in a general way, it is not an index to the heat content, the power-producing qualities, the volatility, or the general operating characteristics of liquid fuel.

My approval of the measure is withheld because it presumes to set up an unscientific standard and, in particular, because it would compel an increase in the cost of gasoline to Nevada consumers of from six to eight cents per gallon above existing prices, while insuring no increase in the efficiency of such fuel excepting, perhaps, easier starting in extreme cold weather.

Respectfully submitted,

EMMET D. BOYLE, *Governor.*

The question was: "Shall the bill pass, notwithstanding the objections of the Governor?"

Remarks by Mr. Lockhart.

Roll-call:

YEAS—None.

Not voting—Mr. Speaker.

Absent—Defenbaugh and Whitacre—2.

Assembly Bill No. 279 of the Twenty-ninth Session, having failed to receive the necessary two-thirds vote, was declared lost.

Assembly Bill No. 195 of the Twenty-ninth Session was read in full, with the veto message, which was as follows:

HON. GEORGE BRODIGAN, *Secretary of State, Carson City, Nevada.*

SIR: I am depositing with you, without my approval, Assembly Substitute for Assembly Bill No. 195, being an Act entitled "An Act providing for the expenses of certain students at the University of Nevada or in any public high school in Nevada, or in any other educational institution in the State of Nevada approved by the State Board of Education, and making appropriation therefor."

This measure provides an appropriation of \$50,000 for the payment of certain expenses of tuition in the educational institutions of the State which may be incurred by students of such institutions who, after serving six months in the Army or Navy, may have been honorably discharged or temporarily released from the service.

It is with natural reluctance that I withhold approval of a measure which permits any practical expression of gratitude by the State for the service and sacrifice of any Nevada soldier or sailor, yet this bill is too palpably discriminating in its terms and benefits to be considered fair to the great majority of the men who represented Nevada in the military and naval establishments during the war with Germany. Used to its full extent it could provide but one year's schooling for two hundred out of nearly six thousand men who joined

the colors. The beneficiaries of the Act would be, I am sure, unhappily cognizant of the discrimination in their favor for which it provides, and the people, while applauding and anxious to reward the pluck and patriotism of the student who left his classroom to enlist or enter the service by other channels, would, doubtless, on analysis regret the fact that equal generosity could not have been shown to more than five thousand others, many of whom left homes, dependents, and businesses to serve humanity, the Nation, and the State. It is doubtful if this discrimination could be practically rectified even by succeeding Legislatures, at least by measures providing for equal immediate monetary benefits as may readily be determined by considering the ways and means to the raising through existing revenue machinery of a sum of money equal to a bounty of two hundred and fifty dollars for each Nevadan in the service.

Respectfully submitted,

EMMET D. BOYLE, *Governor*.

INTRODUCTION AND FIRST READING

Senate Joint Resolution No. 3:

WHEREAS, Under the provisions of the Federal Aid Road Act of 1916 and subsequent amendments thereto, the State of Nevada, in order to avail itself of the funds made available thereby, is required to cooperate to the extent of at least fifty (50) per cent of the cost of building highways; and

WHEREAS, It appears that the United States Government holds unqualified title to approximately ninety (90) per cent of the area of the State of Nevada and that said State does not derive any revenue from said area; and

WHEREAS, The sources of revenue to the State are greatly lessened by this condition, while the obligation for improving all roads throughout that area remains the same; and

WHEREAS, Four years of cooperation with the Federal Government in meeting the requirements of the Federal Aid Road Act has shown the people of the State of Nevada that to continue cooperation on the present basis of participation will work a grave hardship upon the citizens of said State; and

WHEREAS, Certain measures have been introduced in the Congress of the United States having for their object, in part, the continuance of federal-aid appropriations by the Federal Government; and

WHEREAS, To the Western States an important feature of all such measures is the provision whereby the public-land States are granted such federal aid on the basis of the relation of the public to the privately owned land within the State, thereby greatly lessening the cooperative expenditures required of each of such States; now, therefore, be it

Resolved, That we earnestly urge upon our Senators and Representative in Congress the importance and necessity of using all honorable means to secure the passage and approval of the Chamberlain bill in the Senate (S. 3982) and its companion bill, the McArthur bill, in the House (H.R. 14905), and especially the provisions of those measures having for their object a less requirement of cooperation on the part of States, a considerable percentage of whose area still remains with the Federal Government as vacant public land, to the end that the State of Nevada may take full advantage of federal-aid road funds of the present and future without undue hardships.

Resolved, That the Governor of the State of Nevada be requested to forward copies of this resolution, duly authenticated under the great seal of the State, to the President of the United States, to the Vice-President, to the Speaker of the House of Representatives, to the Chairman of the Senate Committee on Post-offices and Post-Roads, to the Chairman of the House Committee on Roads, to Senator Key Pittman, to Senator Charles B. Henderson, to Senator-elect Tasker L. Oddie, to Representative Charles R. Evans, and to Representative-elect Samuel Arentz, to the end that appropriate action may be had and taken in the premises.

MESSAGES FROM THE GOVERNOR

To the Honorable the Assembly:

It is not my purpose to intrude on any of your affairs regarding the creation of investigating committees. That is properly a matter for you to decide without interference from me.

I take the liberty, nevertheless, of disavowing, on behalf of the administrative departments, any interest whatever in the matter of apportioning membership in such committees, either to the Senate and the Assembly or to members, on a basis of political affiliation.

As far as I know, no state department need fear investigation. All departments invite it at the hands of any committee which you may decide upon, whatever its personnel or however appointed.

Sincerely yours,

EMMET D. BOYLE, *Governor.*

PRESENTATION OF PETITIONS

To the Honorable the Assembly:

We are proud that Nevada is one of the States truly democratic in its form of selecting candidates for office. We are proud that every voter has the opportunity and sacred duty of voicing his carefully formed opinion in the choice of such candidates.

The women voters of this State are taking serious interest in a wisely administered government, and all are anxious for progress—not retrogression.

We, therefore, strenuously protest to your honorable body against the passage of the antiprimary bill on the ground that it is undemocratic, a retrograde movement, and wholly repugnant to those who believe there is political safety in the expression of many voters, rather than in the helpless following of a few leaders.

PRESENTATION OF PETITIONS

To the Honorable the Assembly:

We, the members of the Arts and Crafts Club of Reno, Nevada, desire to go on record as opposed to any change in the prohibition law of Nevada except as such measures enacted for the purpose of better enforcement and closer cooperation between State and Nation in maintaining the effect and purpose of the law as provided. We further desire to state that a repeal of the primary law of Nevada, returning to convention system of selecting candidates to office, is in our opinion a step backward and does not represent a democratic form of government. We therefore earnestly request your honorable body to maintain the direct primary law as enacted.

RESOLUTIONS COMMITTEE.

To the Honorable the Assembly:

WHEREAS, It has come to the attention of the Washoe County Medical Society that there has been introduced into the Nevada Assembly, Assembly Bill No. 42—An Act to amend an Act entitled "An Act to regulate the sale and use of poisons in the State of Nevada, and providing a penalty for the violation thereof," approved March 24, 1913, as amended by Act approved March 12, 1915, as amended by Act approved February 20, 1917, as amended by Act approved March 24, 1917; and

WHEREAS, Such requirement of physicians would be onerous; and

WHEREAS, Under the requirements of the proposed Act, the penalty for violation attaches only to physicians, dentists, veterinarians, and druggists, and does not, seemingly, in any way affect or apply to nefarious peddlers of narcotic drugs; therefore, be it

ALIENA C. GREEN, *Secretary Parent-Teacher Association.*

To the Honorable the Assembly:

The Tonopah Mines Hospital Association maintains at Tonopah, Nevada, a hospital completely equipped for treatment of acute medical and surgical conditions of all descriptions. Its staff of doctors and nurses takes care of both the injuries and illness of approximately 1,500 workmen in the Tonopah and surrounding districts, besides, in many cases, the families of these men.

This Association is the holder of Permit No. Nevada-H-6, issued under the National Prohibition Act, which permit authorizes the purchase, transportation, and use of grain alcohol at our hospital at Tonopah, Nevada, for sterilizing of instruments, irrigating of wounds, and for general usage around the hospital for other than beverage purposes. However, this federal permit is of no use to us, for the reason that it conflicts with the state law. We cannot secure grain alcohol because we cannot transport it into Tonopah, and we cannot purchase it from any of the local druggists because none of them are justified in paying \$1,000 for a license. Grain alcohol is necessary for both patients and instruments. No satisfactory substitute has been found. We are very desirous of securing a permit for the purchase of brandies, whiskies, etc., because it is a well-known fact that brandy and whisky are essential to the treatment of pneumonia, typhoid fever, and the various intestinal disturbances of children, and no substitute has been found that will satisfactorily take their places in the treatment of those diseases. The hospital doctors inform us that in acute surgical conditions they have been greatly hampered in the treatment of surgical shock because of lack of brandy and whisky. We respectfully submit that this condition should be alleviated, and ask that the present Assembly in session may amend the state laws in such a way that the hospitals may, without violating the laws of the State, secure grain alcohol and brandy and whisky for strictly medicinal purposes. Complete record, subject to inspection of the revenue officers, can be kept by the hospitals, if required, showing disposition of the liquors the same as is done with narcotics.

Very truly yours,

T. A. MAZIER, *Secretary.*

To the Honorable the Assembly:

The Sparks Parent-Teacher Association, with a membership of 210, earnestly protests against the repeal of the state prohibition law, and any change being made in the present primary election law.

MRS. MAUDE SHABER, *Secretary.*

MESSAGES FROM THE GOVERNOR

To the Honorable the Assembly:

In conformity with the provisions of chapter 45, Statutes of 1919, I have the honor to submit the executive budget of state expenditures for the years 1919-1920, 1921 and 1922, together with a plan for state finance for this biennium.

This document lays before you, as best I could make it do so, a very detailed analysis of the business transactions of the State.

It attempts to correct many slipshod methods heretofore used in state finance estimates.

It provides for the carrying forward of appropriate balances to the next biennium and the appropriate utilization of excess balances in this.

It attempts to correct spasmodic state activities; to equalize expenditures, and to avoid costly plans of finance in the future.

I trust that it may prove of value to you.

Respectfully yours,

EMMET D. BOYLE, *Governor.*

On motion of Mr. Meder, duly seconded, the Governor's message and the budget were referred to the Committee on Ways and Means.

Mr. Speaker announced at this time his construction of Rule 57, as amended: "The rule reads that no person except Senators and state

officers shall be admitted to the bar of the house, except by special invitation of some member of the Assembly. In that connection, I will say that it will not be sufficient within the rule, as construed by the Speaker, to extend a general invitation to any individual to come and go at his pleasure. The rule says 'special invitation,' so that an invitation would have to be extended for the occasion, or a special invitation each day. That does not affect the part of the resolution concerning lobbying, as no lobbying will be permitted on the floor of the house at any time. It is of course within the power of the Assembly to overrule the Speaker's construction."

PRESENTATION OF PETITIONS

To the Honorable the Assembly:

I would like to have your entire body, together with the Senate and all attachés, arrange for a few minutes' time about three weeks hence to have a large panorama group photo made, the same as I took at the last session two years ago. There is no obligation on the part of any member further than to grant me a few minutes' time, when it can be arranged for every one to be present and have a complete group. I assume all responsibility further than I would naturally not want to go to the expense of coming over and be delayed more than a day or two or to have the same arrangement made with any other photographer for a similar picture. You, some of you, at least, know my work and that you will get the best with the least amount of time consumed—not more than ten minutes at the most—and no disappointment in the results.

Thanking you in advance for an early and favorable reply, I am,

Very respectfully yours, T. C. WOHLBRUCK.

MESSAGES FROM THE GOVERNOR

To the Honorable the Assembly:

I am returning to your honorable body Assembly Bill No. 28 entitled "An Act amendatory of and supplemental to an Act entitled 'An Act to provide for cooperative agricultural and home economics extension work in the several counties in accordance with the Smith-Lever Act in Congress, approved May 8, 1914; providing for the organization of county farm bureaus; for county and state cooperation in support of such work; making an appropriation therefor, levying a tax, and for other purposes,' approved April 1, 1919."

This bill was received by me on February 10, 1921, and, in the absence of action by me, would become a law on February 16, 1921. I am in favor of the principle outlined in the measure, but it is not drawn in conformity with the laws respecting amendatory Acts. The Act seeks to amend the law relating to the fiscal management of counties, cities, towns, school districts, and other governmental agencies (Statutes of Nevada, 1917, page 249) and the law relating to the State Board of Finance (Statutes, 1919, 164) and the Act relating to

the State Board of Investments (Statutes, 1917, 399, as amended, Stats. 1919, 284). These amendments, however, are sought without reference in the title or in the Act to the Acts to be amended. I am constrained, therefore, to set forth my objections to the bill in the hope that these defects may be cured by another bill or bills to be approved by me.

Respectfully,

EMMET D. BOYLE, *Governor*.

Assembly Bill No. 28 was read, with its history, in full.

To the Honorable the Assembly:

Reno Lodge No. 569, Loyal Order of Moose, begs to present for your respectful consideration the following resolution unanimously passed at its regular meeting on the night of February 16, 1921:

WHEREAS, In the present condition of political unrest that pervades the whole world at present, there are conflicting ideas of allegiance to country and ideals of patriotism; and

WHEREAS, There exists a serious and widespread tendency on the part of certain persons and organizations to bring all standards of national patriotism down to a level that is not written in the traditions, laws, or history of the people; and

WHEREAS, The dissemination of pernicious principles are dangerous to our Commonwealth, and carry disrespect to our national standards and to our flag; and

WHEREAS, The salute and ceremony to the American flag are an important part in the opening and closing ceremonies of every order of the Loyal Order of Moose; therefore, be it

Resolved by the Reno Lodge of the Loyal Order of Moose No. 569, That they respectfully petition the Legislature of the State of Nevada now assembled to pass or enact such law or statute making public respect to the American flag obligatory and a matter of public observance; salute to the flag to be a part of the opening and closing ceremonies of all public and parochial schools of the State of Nevada; at the conclusion of all public performances such as theaters, picture-shows, balls, cafés, restaurants or other places where public gatherings are held and where orchestras are employed, to play a bar or other part of the American national anthem, and when such is played that the audience stand at attention during the time such music is played or sung. We believe that this simple act of national ceremony will enhance patriotism by raising the national standard of respect to the flag and all that pertains thereto. Such legislation, if passed by our State, will put us in the forefront as typical of progress and consistent Americanism.

COMMUNICATIONS FROM STATE OFFICERS

To the Honorable the Assembly:

In obedience to Assembly Concurrent Resolution No. 5, I have the honor herewith to transmit to you the complaint requested in the matter of the proceedings for removal of Frank P. Langan, as Judge of the District Court of the First Judicial District of the State of Nevada.

I am making a similar transmittal of this complaint to the Senate of the Legislature of the State of Nevada.

Respectfully submitted,

LEONARD B. FOWLER, *Attorney-General.*

Mr. Ward moved that the complaint for the removal of Judge Frank P. Langan be filed, that the reasonable cause for removal alleged therein be entered upon the Journal, that the Speaker of the Assembly

be authorized to sign, jointly with the President of the Senate, such citations and subpoenas as may be required, and that, upon receipt of message from the Senate to the effect that said reasonable cause has been ordered entered upon its Journal, the Sergeant-at-Arms of the Assembly be instructed to forthwith serve personally upon Hon. Frank P. Langan, District Judge, a copy of said complaint containing said reasonable cause, together with citation, and make return of said service; also to serve such subpoenas as may be required.

The motion was duly seconded.

The complaint was read in full by the Clerk:

IN AND BEFORE THE LEGISLATURE OF THE STATE OF NEVADA
IN THE MATTER OF THE PROCEEDINGS FOR THE REMOVAL OF FRANK P. LANGAN
AS JUDGE OF THE FIRST JUDICIAL DISTRICT COURT OF THE STATE OF NEVADA.

Complaint

Now comes Leonard B. Fowler, the duly elected and qualified Attorney-General of the State of Nevada, as required by and pursuant to Assembly Concurrent Resolution No. 5, duly passed and adopted by the Honorable, the Senate and Assembly of the Legislature of the State of Nevada, and hereby files this formal complaint for the removal of Frank P. Langan, as Judge of the First Judicial District Court of the State of Nevada, which said complaint is to be duly served upon him; and accordingly, the Attorney-General complains and alleges, and shows to the Honorable, the Legislature of the State of Nevada, as follows:

I

That Frank P. Langan is now, and during all the times in this complaint alleged has been, the duly elected, qualified and acting Judge of the First Judicial District Court of the State of Nevada.

II

That Frank P. Langan, as such Judge, in contravention of the true intent, spirit, and purpose of the Constitution of the State of Nevada, and of its statutes enacted pursuant thereto, and contrary to the peace and dignity of the people of the State of Nevada, and to the due administration of justice, has wrongfully and wilfully committed, and does now wrongfully and wilfully commit, divers and sundry acts constituting reasonable cause and reasonable causes, in each of the respects hereinafter alleged, to be entered upon the journals of the Honorable, the Senate and Assembly, for his removal from office as Judge of the First Judicial District Court of the State of Nevada, on the votes of two-thirds of the members elected to each branch of the Legislature, namely, the Honorable, the Senate and the Assembly thereof; which reasonable cause and causes aforesaid, in each of the respects aforesaid, are as follows, to wit:

(a) That since the month of June, 1913, Frank P. Langan, as such Judge, on divers and sundry occasions, and in divers and sundry matters and cases, wrongfully and wilfully, and in contravention of the true intent, spirit, and purpose of the statutes in such cases made and provided, and contrary to the peace and dignity of the people of the State of Nevada, and to the due administration of justice, has failed and neglected, and still fails and neglects, to render decisions in and to decide matters and cases submitted to him as such Judge, within ninety days after submission thereof; and in this connection, since the month of June, 1913, Frank P. Langan, as such Judge, by reason of so failing and neglecting to render decisions in and decide matters and cases so submitted as aforesaid, has been legally and lawfully able on only nine different dates to file, or did file, any statutory affidavit with the State Controller as provided by law, in form and substance to the effect that there were no matters or cases submitted to him as such Judge which remained without decision by him as such Judge, for a period of ninety days after submission thereof, as

aforesaid; and that accordingly Frank P. Langan, as such Judge, since the said month of June, 1913, has been able to draw, or did draw, his salary warrants from the State Controller only on the following dates:

October 31, 1913,
 December 31, 1913,
 January 31, 1914,
 July 31, 1914,
 January 31, 1915,
 February 12, 1915,
 June 25, 1915,
 January 21, 1916, and
 January 30, 1919

And that, in addition thereto, Frank P. Langan, as such Judge, wrongfully and wilfully, for a period of six months, from January 31, 1914, to July 31, 1914; and for a period of six months, from July 31, 1914, to January 31, 1915; and for a period of seven months from June 25, 1915, to January 21, 1916; and for a period of over three years, from January 21, 1916, to January 30, 1919; and for a period of over two years, from January 30, 1919, to the date of the filing of this complaint, has failed and neglected to render decisions in and decide matters and cases submitted to him as such Judge, within ninety days after submission thereof, in contravention of the true intent, spirit and purpose of the statutes in such cases made and provided, and contrary to the peace and dignity of the people of the State of Nevada, and the due administration of justice by him, as Judge of the First Judicial District Court of the State of Nevada; and that in consequence thereof he, as such Judge, was without legal and lawful ability, during each of the periods last hereinabove alleged, to receive or obtain his salary warrants from the State Controller; and that on January 30, 1919, Frank P. Langan, as such Judge, was legally and lawfully able to receive and obtain his salary warrants from the State Controller for the three years next preceding said last-named date because and for the reason only that as such Judge then, or shortly prior thereto, he succeeded in having a case or matter then pending under submission for decision before him submitted to another Judge, designated by his Excellency, the Governor of the State of Nevada, upon stipulation of attorneys in said case or matter.

(b) That in the month of January, 1919, or thereabouts, and for a period in excess of sixteen months prior thereto, Frank P. Langan, as such Judge, wrongfully and wilfully, and in contravention of the true intent, spirit, and purpose of the statutes in such cases made and provided, and contrary to the peace and dignity of the people of the State of Nevada, and to the due administration of justice by him, as Judge of the First Judicial District Court of the State of Nevada, failed and neglected to render a decision in and decide the matter of fixing and allowing the attorneys' fees of the receiver in the case of The State of Nevada v. The State Bank and Trust Company, which matter had theretofore, in excess of sixteen months prior to the month of January, 1919, been regularly and duly submitted to him as such Judge for his decision; and notwithstanding that attorneys and counsel interested in said matter repeatedly importuned and requested him to render his decision thereon, he at all times wrongfully and wilfully failed and neglected so to do, as aforesaid; and thereupon, at the request of the attorneys for the receiver in the case entitled as aforesaid, the State of Nevada, through its Attorney-General, stipulated, with the consent of said Frank P. Langan, as such Judge, that the matter of fixing and allowing such attorneys' fees should be resubmitted for consideration and decision to another Judge, to be designated by his Excellency, the Governor; and thereupon, pursuant to such stipulation, the Governor of the State of Nevada designated the Honorable C. J. McFadden as Judge for that purpose, to whom the fixing and allowing of such attorneys' fees was forthwith submitted, and thereafter by him duly decided.

(c) That notwithstanding that during all the times in this complaint alleged, Frank P. Langan, as such Judge, has had, and still has, full and complete jurisdiction of that certain action entitled "In the First Judicial District Court of the State of Nevada, in and for the County of Ormsby; the State of Nevada, Plaintiff, v. The State Bank and Trust Company, a Corporation, et als., Defen-

dants," and of Frank L. Wildes, the receiver therein appointed and qualified, he, as such Judge, since for the period ending the 31st day of March, 1915, has at no time permitted or required such receiver to render or file therein any accounts or reports of the condition and affairs of the receivership, or of the State Bank and Trust Company, said corporation, although said Frank P. Langan, as such Judge, at all times since said last-named date well knew, and does now well know, that the disbursements of and in such receivership have amounted to, and do now amount to, the sum of \$7,000 for and during every period of three months; and that the failure and neglect to permit and require such accounts and reports to be rendered and filed as aforesaid have caused, since the last-named date, and still cause, depositors, creditors, and other persons interested in the affairs and condition of the State Bank and Trust Company, said corporation, and in the receivership thereof, and the people of the State of Nevada, justly to be, become and remain disheartened with and to criticize the administration of the affairs and condition of said State Bank and Trust Company, and such receivership, and the administration of justice by said Frank P. Langan, as Judge of the First Judicial District Court of the State of Nevada.

(d) That on the tenth day of January, 1919, in the District Court of the First Judicial District of the State of Nevada, in and for the County of Ormsby, in the case of Harry K. Haines v. George Gillson, et al., then and still pending therein, a motion was duly made to reopen a demurrer and file an amended complaint therein, which said motion was then and there duly submitted to said Frank P. Langan, as such Judge, for decision; but said Frank P. Langan, as such Judge, wrongfully and wilfully, and in contravention of the true intent, spirit and purpose of the statute in such cases made and provided, and contrary to the peace and dignity of the people of the State of Nevada, and to the due administration of justice by him, as Judge of the First Judicial District Court of the State of Nevada, has failed and neglected, and still fails and neglects, to render any decision in or to decide said motion within ninety days after submission thereof, or at all.

(e) That in the District Court of the First Judicial District of the State of Nevada, in and for the County of Douglas, in the case of Eugene Scossa v. Clarissa Church, et. al., therein pending, in the month of January, 1920, on appeal, the Supreme Court of the State of Nevada transmitted its remittitur to the clerk of the lower court, directing therein that "The order will be that the record in this cause be sent back to the Clerk of the District Court of Douglas County and the court directed to reopen the case for the purpose only of making findings and entering a decree"; that thereupon, in the said month of January, 1920, the attorney for the appellant therein prepared and presented to and moved said Frank P. Langan, as such Judge, to enter such findings and decree in said case, which said motion was thereupon, and then and there, duly submitted to him, as such Judge, for decision thereof, and that from time to time since said motion was made and submitted as aforesaid, the attorney for appellant, who made and submitted such motion as aforesaid, has repeatedly requested in writing said Frank P. Langan, as such Judge, to decide said motion and to enter said findings and decree; but although a period of more than ninety days has long since expired since the making of said motion and the submission thereof as aforesaid, said Frank P. Langan, as such Judge, has wrongfully and wilfully failed and neglected to decide said motion, or to enter any findings or decree whatsoever, in accordance with the decision and remittitur of the Supreme Court of the State of Nevada, and in contravention of the true intent, spirit, and purpose of the statutes in such cases made and provided, and contrary to the peace and dignity of the people of the State of Nevada, and to the due administration of justice by him as Judge of the First Judicial District Court of the State of Nevada.

(f) That during the session of the Legislature of the State of Nevada for the year 1915, said Frank P. Langan, being then and there such Judge, personally lobbied therein for the passage of a certain Act of the Legislature which he then and there well knew provided for, and was for the purpose of, raising his salary as such Judge, in the name and under the guise of alleged traveling expenses; which said salary had then and had been theretofore fixed by law at the sum of \$3,000 per annum, and no more; and that after the passage and approval of said Act, and up to January, 1919, said Frank P. Langan, as such

Judge, drew moneys under warrants from the State Controller under the name and guise of alleged traveling expenses provided for in said Act, when in truth and in fact the major part thereof, as he then and there well knew, was and operated for the purpose of adding to his salary as such Judge, contrary to law, and that the drawing of the moneys aforesaid by him as such Judge was in contravention of section 15, article VI, of the Constitution of the State of Nevada.

III

That by reason of the premises, and of the facts and things in this complaint alleged, Frank P. Langan, as such Judge, wrongfully and wilfully has contravened the true intent, spirit, and purpose of the Constitution of the State of Nevada, and of its statutes enacted pursuant thereto; has failed and neglected to administer due justice; has caused his integrity to be questioned, and the integrity of the First Judicial District Court of the State of Nevada to be impugned, to the lasting detriment and shame of the people of the State of Nevada; in consequence of which the premises and the facts and matters in this complaint alleged, the Honorable, the Legislature of the State of Nevada, pursuant to section 3, of article VII, of the Constitution of the State of Nevada, has the inherent power to and should remove said Frank P. Langan from his office as Judge of the First Judicial District Court of the State of Nevada.

WHEREFORE, Leonard B. Fowler, Attorney-General, as required by and pursuant to Assembly Concurrent Resolution No. 5, hereby presents for filing this formal complaint against Frank P. Langan, as such Judge of the First Judicial District Court of the State of Nevada, and prays that upon the filing thereof a copy thereof be served upon him as such Judge, together with citation, issued out of the Honorable, the Legislature of the State of Nevada, directed to him, as such Judge, to be and appear before the Honorable, the Legislature of the State of Nevada, at a time therein specified, then and there to show cause, if any he have, why he, said Frank P. Langan, should not be removed from his office as Judge of the First Judicial District Court of the State of Nevada.

Respectfully submitted,

LEONARD B. FOWLER, *Attorney-General.*

ROBERT RICHARDS, *Deputy Attorney-General.*

Mr. Speaker: "I will ask the Clerk to read again the section which has particularly to do with the State Bank and Trust Company receivership."

The Clerk again read the section.

Mr. Speaker: "The question now is on the motion made by Mr. Ward. The Speaker observes that the complaint, with reference to the State Bank and Trust Company, is confined merely to an allegation that Judge Langan failed to require the receiver to file his account. My understanding was that the recommendations of the committee were much broader. This is simply a question for the Assembly, as to whether that should be considered further, with a view to enlarging its scope."

Remarks by Mr. Heward.

Mr. Speaker: "I desire to make a suggestion, for the consideration of the Assembly, that it might be well to refer this communication and the complaint to the Judiciary Committee, with a request that they report at 2 o'clock."

On motion of Mr. Meder, duly seconded, the communication from the Attorney-General, together with the complaint against Judge Langan, was referred to the Judiciary Committee, with a request that they report at 2 o'clock.

On motion of Mr. Meder, duly seconded, Rule 58 was suspended for the remainder of the legislative day.

Mr. Heward requested and was granted permission for the members of the Judiciary Committee to withdraw.

REPORTS OF COMMITTEES

Mr. Heward: "Mr. Speaker, your Committee on Judiciary has had under consideration the complaint for the removal of Judge Frank P. Langan, as drawn by the Attorney-General, together with a subpoena and citation in said matter, and we find that Senator Scott, chairman of the State Bank and Trust Company investigation committee, has collaborated with Mr. Fowler in the preparation of this complaint. We find also that Senator Scott is satisfied that the complaint suitably covers the matter; and we have also gone over the seeming omissions and discrepancies between the complaint and the report and find that either the omissions are unimportant, extremely difficult of proof, or are covered by the general language to be found in the complaint. As our conclusion, we are satisfied that the ground and charges are sufficiently covered by the complaint."

I return herewith, without my approval, Assembly Bill No. 69—An Act to authorize and direct the Board of School Trustees of Consolidated School District "B" of Churchill County, State of Nevada, to issue bonds for the purpose of liquidating, canceling, and retiring floating indebtedness, in the form of emergency loans, outstanding against said school district prior to date of bond issue herein authorized.

My action in this matter is based on a request of the Churchill County Delegation, which reads as follows:

HON. EMMET D. BOYLE, *Governor of Nevada:*

DEAR GOVERNOR BOYLE: Assembly Bill No. 69, relating to the issuance of bonds for Consolidated School District "B" in Churchill County, is now before you for your consideration and will become a law March 10, 1921, unless returned by you, with your objections. Inasmuch as the conditions which seemed to warrant the enactment of this bill into law have now changed so that it is no longer required, we ask that you return the bill with your objections, among others that you are advised by the Churchill County Delegation in the Legislature that the bill is no longer necessary or desirable.

Respectfully,

CLYDE GUMMOW,
TRUE VENCILL,

Assemblymen of Churchill County.

C. E. KENT,
Senator of Churchill County.

It is my opinion that Senate Bill No. 41 takes care of this.

C. E. KENT.

HON. CHAS. E. KENT, *State Senator:*

DEAR CHARLIE: As the condition no longer prevails for the enactment of Assembly Bill No. 69 whereby the trustees of Consolidated School District "B" are directed to issue bonds in the sum of \$15,000, when that bill comes to the Senate, please see that it is killed or in some way done away with. As this is the consensus of opinion of all the trustees of this district, you may feel assured it meets with the approval of the whole board that the bill go no further.

With kindest regards, I am very sincerely yours,

E. P. McLEAN,

President Board of School Trustees.

Very sincerely yours,

EMMET D. BOYLE, *Governor.*

REPORT OF THE COMMITTEE TO INVESTIGATE THE MATTER OF THE CONTROVERSY OVER THE WATERS OF LAKE TAHOE AND THE TRUCKEE RIVER

To the Senate and Assembly of the State of Nevada:

Under the terms of Senate Concurrent Resolution No. 6 a committee, consisting of Senators Dressler, Harrington, and Kent, and Assemblymen Vencill, Whitacre, and Mathews, was appointed and was directed to institute an immediate investigation of the problems involved in the settlement of the controversy over the waters of Lake Tahoe and the Truckee River. On January 27, 1921, the committee, under the chairmanship of Senator Dressler, conducted a formal inquiry into the matter, the hearing being held in the office of Governor Boyle. A number of persons, including the Governor, some of the directors of the Truckee-Carson Irrigation District, officials of the U. S. Reclamation Service, and the State Engineer, appeared before the committee and presented their views regarding the situation. Owing to the complexity of the case and the limited time available for a careful study of the matter, it is deemed inadvisable to attempt to conduct any extended investigations or conferences. However,

acting under authority conferred by Senate Concurrent Resolution No. 6, and upon petition of many of the interested parties, this committee has requested the State Engineer and a representative from each of the principal interested districts, namely, the Newlands Project, the Truckee Meadows Water Users Association, and the Carson Valley Water Users Association, to immediately initiate negotiations with the California interests with a view of securing an amicable agreement looking toward insurance of an adequate supply of water for irrigation of cultivated lands in Nevada under the Truckee and Carson River systems. The necessary traveling expenses of the above committee are to be paid from the Legislative Fund.

In view of the harmful controversies now existing, your committee feels that it is incumbent upon it to recommend to the conflicting Nevada interests that they should immediately endeavor to harmonize their differences in opinion and secure an agreement upon definite policies which will permit the rapid development of those communities whose future prosperity is dependent upon an economic utilization of the waters of the Truckee River.

REPORTS OF COMMITTEES

Mr. Speaker:

Your Committee on Federal Relations has had Senate Joint Resolution No. 10 under consideration, and begs leave to report the same without recommendation.

ALEX L. TANNAHILL, *Chairman.*

REPORT OF COMMITTEE TO INVESTIGATE STATE DEPARTMENTS

To the Senate and Assembly of the Legislature of the State of Nevada:

GENTLEMEN: Your Joint Committee appointed according to the terms of Senate Concurrent Resolution No. 8 to investigate the various state departments, boards and commissions, begs leave to submit the following report:

Very soon after its organization the committee discovered that any field of

activity which it might hope to cover in the very limited amount of time at its disposal was already provided for by the budget hearings then taking place in the Governor's office, which, through the courtesy of Governor Boyle, the members of the committee were privileged to attend, and by the various minor investigations being undertaken by the Joint Committee on Ways and Means and the regular Standing Committees of both houses.

The committee believes that practically all of the recommendations which it might make at this time are already covered by bills now pending before the Legislature. Among these might be mentioned the proposed amendment of the budget law providing for a uniform system of accounting in the various state departments, the bill providing for a reorganization of the Tax Commission, making the Secretary a Commissioner, and a number of other pending bills providing for various minor changes and economies in the state departments.

In regard to abolishing any of the State's boards or commissions, it is the opinion of the committee that it would require a much more thorough and complete investigation than the committee has been able to make in the limited time at its disposal to determine whether or not any of these bodies could be abolished without injury to some industry, occupation or profession of Nevada citizens or some branch of the state government. Of late years the State has been called upon by public opinion to supervise a vast number of matters in which it formerly had no concern. It will no doubt be admitted that such supervision has in most cases been proven beneficial to the public welfare. Supervising boards and commissions appear to be necessary in connection with this trend in state affairs, and it should be remembered that the creation of some of the state commissions has resulted in greatly increased revenues for the State. The Tax Commission, for instance, has, without doubt, been instrumental in bringing into the State Treasury many times the amount of money that it has cost the State in salaries and expenses.

The committee regrets that it has nothing to offer in the way of suggestions for constructive legislation, but its members believe that a thorough investigation of the affairs and administration of elective and appointive officers of the state government is too great a task to be accomplished by a committee of legislators, working only in such time as they can spare from their regular duties in the Senate and Assembly, over a period of perhaps thirty days.

Respectfully submitted,

N. H. CHAPIN, *Chairman*,
H. L. BARTLETT, *Secretary*,
R. H. COWLES,
D. J. FITZGERALD,
M. J. KING,
F. W. FALL.

INTRODUCTION AND FIRST READING

Mr. Lockhart was granted permission to introduce a joint resolution.

By Mr. Lockhart:

Assembly Joint Resolution No. 20, memorializing the Congress of the United States to so amend the Transportation Act, 1920, as to eliminate therefrom the rule of rate-making as applied to intrastate rates, and to reserve to the States of the Union power with relation to intrastate rates, services and facilities, and local questions affecting common carriers within the States:

WHEREAS, The Interstate Commerce Commission, through its interpretation of the Transportation Act, 1920, seems to indicate its purpose to assume for itself full and exclusive authority to regulate the railroads and all instrumentalities entering into the field of transportation, and thereby to divest the Legislatures of the several States of substantially all power to regulate the intrastate rates and service of the railroads within the respective States; and

WHEREAS, In conformity with this policy and acting upon what it claims to be the intent of Congress in the enactment of section 13(4) of the Transportation Act, 1920, the Interstate Commerce Commission has made orders which seek to compel increases and other changes in intrastate rates in a number of States, without regard or heed to the protests of the Government of these States; and

WHEREAS, The authority it has assumed for itself permits the Interstate Commerce Commission to wield unreasonable power; and

WHEREAS, It is unjust and unnecessary to permit the development of a system which will compel a citizen of Nevada or any other State either to forego relief for local transportation problems or seek it solely through the Interstate Commerce Commission at Washington at great expense in time and money; and

WHEREAS, Before the passage by Congress of the Transportation Act, 1920, there was no serious conflict between federal authority in the regulation of interstate commerce and state authority in the regulation of intrastate commerce; and

WHEREAS, All government, whether through federal or state agency, is directed to the sole end of promoting the welfare and happiness of the people, and it is our firm conviction that it is neither sound nor practical government to deny to the people of the several States the indisputable benefits of state regulation of commerce within the States upon the assumption that to do otherwise may in some way be prejudicial to commerce between the people of the different States; therefore, be it

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of Nevada hereby respectfully petitions the Congress of the United States to so amend the Transportation Act, 1920, as to protect and preserve the powers of the several States with relation to intrastate rates, services and facilities, and the local affairs of the common carriers within the States, in so far as the same shall not clearly and directly conflict with or discriminate against interstate rates, services, and facilities established by or under the authority of the Interstate Commerce Commission, and to make such amendment or amendments in language so plain that the authority of the States in their respective territories shall be maintained without opportunity for misinterpretation; and be it further

Resolved, That the Secretary of State of Nevada be and he is hereby directed to transmit a certified copy of this resolution to the United States Senate and House Committees on Interstate Commerce, respectively, and to each United States Senator and the Representative of the State of Nevada.

On motion of Mr. Meder, duly seconded, all rules were suspended, the resolution declared an emergency measure, considered engrossed, read second time by title, and placed on third and final passage immediately.

MESSAGES FROM THE GOVERNOR

To the Honorable the Senate and Assembly:

Permit me to very urgently suggest an increase in the appropriation recommended in Assembly Substitute for Assembly Bill No. 68 for the support of the Tax Commission. The Tax Commission has expended to March 1, 1921, \$1,649.31, and will have expended to April 1, 1921, \$2,700.97. The expenditures to date are heavier than they would have been under any other circumstances for the balance of the year, since the State, under specific agreement with three counties, is undertaking joint surveys of property, these surveys being now in progress in the counties of Washoe, Churchill, and Clark. Moreover, the State of Nevada is the defendant in three suits now pending in the courts brought by the Central Pacific Railroad Company to establish the value of railroad lands in the counties of Humboldt, Lyon, and Churchill.

The Tax Commission is the only agency which can proceed with the appraisements upon which these can be settled.

It is absurd to contend that the cut of this appropriation effects economy. It does nothing of the sort. On the contrary, it leaves the State very much at the mercy of any taxpayer, large or small, who attempts to evade his taxes. On the other hand, it leaves taxpayers unjustly assessed without the remedy which a scientific settlement of their assessments might effect.

I very urgently recommend that you increase this appropriation, at least to the amount carried in the Act creating the Tax Commission, to wit, \$7,000 a year.

I am prepared to state that the Tax Commission saves the taxpayers of this State many dollars for every dollar expended on it, and it would be in the nature of wisdom, I respectfully submit, for you to consider favorably the recommendations for its support made in the budget.

I have not interfered with any procedure looking to economy suggested or enacted by your body. I do, however, very respectfully and urgently request you to permit the Tax Commission to function properly by giving it the support which it must have if it is to perform its labors.

Very respectfully,

EMMET D. BOYLE, *Governor.*

REPORT OF COMMITTEE ON INVESTIGATION OF STATE HIGHWAY DEPARTMENT

To the Honorable the Assembly:

In accordance with Senate Concurrent Resolution No. 9, your committee consisting of Senators Hesson, Miller, and Sheehan, and Assemblymen Lockhart,

Mack, and Smith, was appointed and directed to conduct and make a full and complete investigation of the Department of Highways, its management and the acts and administration of its officers, and to report the result of its investigations to this Legislature.

Pursuant to said resolution, your committee proceeded at once to make such investigation, and held many meetings and examined a great number of witnesses, testifying to practically all lines of the department's activities. Such investigation by your committee has been open to all having complaints to make against the department on any matters, and the same have been carefully considered by your committee. As a result of such consideration, your committee finds, and hereby reports, that such complaints have not been sustained in any substantial matter; that upon the whole we find that the Department of Highways is now a highly developed and efficient working department, receiving the highest praise from the federal highway officers, whose duties require cooperation with and supervision of the Nevada Department of Highways; that in the organization of the department mistakes were made, but no more than could be expected in the organization of a department having work to do of the magnitude of such a department. There have been no serious mistakes or such as to make the costs of the work greater to any appreciable degree. We find that the work compares in cost very favorably with the costs of highway work in other sister States having similar working conditions, and in some cases our costs are much lower.

We also find the department well equipped with necessary machinery, trucks and supplies, but that its office quarters are wholly inadequate.

We feel that the people of the State of Nevada have every reason to have confidence in our Highway Department, and should await patiently the outcome of the work.

There is one thing, however, which we feel should be done in order to avoid misunderstandings between the Department and the County Commissioners of the counties in which work is or may hereafter be carried on, and that is for the Department to at all times keep such County Commissioners fully advised as to the routes selected, costs of construction, and generally all matters connected with the work in their respective counties, so that such work may be carried forward with the greatest harmony and cooperation.

It would be a great detriment to the State if present highway progress were stopped entirely, as the preliminary work accomplished, a great deal of which would have to be done over again if such work were stopped for any period of time, would also result in the loss of government money and assistance, as estimates and contracts must be prepared and submitted in advance.

We therefore recommend that a sufficient tax levy be made at this session so as to obtain government aid; that the office force be reduced to a minimum, and that the present work be curtailed as much as possible during the present financial depression; that the contracts now operating be completed; that no new contracts be entered into unless absolutely necessary and after having first consulted with the County Commissioners and received their consent in the counties wherein any new work or contracts are to be let, until such time as the present financial depression has adjusted itself.

That in the case wherein the Highway Department changed the route in Eureka County, that they get together with the County Commissioners of said county and agree upon a route which will carry the highway through the towns of Carlin and Beowawe.

For further and full information we refer to the report which has been gotten out and printed by the Highway Department, which gives full detail of all transactions had and done by said department.

The total expense incurred in conducting said investigation amounts to \$706.21. A copy of all vouchers will be found attached to the transcript on file with the Secretary of the Senate.

Dated this 16th day of March, 1921.

Respectfully submitted,

J. H. MILLER, *Chairman*,
J. M. LOCKHART,
E. D. MACK,
E. E. SMITH, *Secretary*,
J. SHEEHAN,
A. W. HESSON.

On motion of Mr. Meder, duly seconded, the report of the Investigating Committee of the Department of Highways was adopted, ordered printed, and the members were discharged with the thanks of the Assembly.

MESSAGES FROM THE GOVERNOR

To the Honorable the Assembly:

Your attention is respectfully called to Senate Bill No. 111.

This measure is designed to protect the highways.

Nevada should profit by the experience of other States and differentiate between the uses of public property which are in the public interest and those which are against it.

This bill aims to encourage truck lines where they render real service and to discourage them when they operate against the true public interest.

It is folly to build expensive roads to be worn out by *duplicate* commercial transportation systems.

Respectfully submitted, EMMET D. BOYLE, *Governor*.

GEO. HUSSMAN, *Chairman.*

To the Honorable the Assembly:

We, the undersigned, constituting the Committee on State Prison and Insane Asylum of the Assembly, beg leave to submit the following report of our investigation of these institutions:

NEVADA STATE HOSPITAL FOR MENTAL DISEASES

The physical conditions of the plant in this institution are reported by the Superintendent to be unsatisfactory and unsuited to the uses to which it is put from every viewpoint, in that it is wholly inadequate to properly house and shelter the patients; that the buildings are not only obsolete and beyond repair, but that the management is likewise required to contend with an unduly heavy cost of maintenance and operation because of these conditions.

Your committee in the Twenty-ninth Session recognized these facts, and appropriated \$190,000 to complete a new building for the asylum. A new administration and treatment building is now under construction, as well as a new heating-plant designed to take care of the whole asylum plant when it is completed. According to plans prepared by the State Architect, under the direction of the Board of Commissioners for the Care of Indigent Insane, five other buildings are to be added to the plant in the future. Appropriation already made does not include furnishing of the administration and treatment building, which should be completed this year. We believe that the present old building should be removed as rapidly as space can be provided for the caring of the inmates housed therein. It is a fire-trap, is badly in need of a new roof, and is otherwise unsuited. Investigation of the plans shows that a new building should be erected within the next two years, and at least half of the old plant torn down (which will reduce repair expenses on the old plant and supply a great deal of salvage to go into the new plant). Proceeds of a one-cent tax levy will, we are assured, complete this new unit, which will house about forty patients.

Your attention is called to the diagram on page 14 of the report of the State Architect.

A necessity having arisen for caring for shell-shocked ex-service people and ex-service people suffering from nervous disorders which are the outgrowth of their army experience, legislation has been proposed in Assembly Bill No. 282, appropriating \$4,000 for the equipment of a stone house still requiring certain work on the interior, to accommodate such cases, together with some of the attendants. It appears necessary that the facilities at the asylum be used for this purpose. At the same time, these patients should not be put into any of the wards with the insane, but should be completely separated and segregated from them. We recommend that this appropriation be made for the purpose stated.

An investigation of the water supply of the asylum indicates that considerable attention must be given this. The water for the institution at present comes from a well near the river. The pumping plant is not in good condition. Since the water supply of the institution comes from a well, the board should see to it at once that a duplicate plant is installed or that connection be made with the city water supply, in order that no possibility exist in the future for a shut-down of this supply (which might be attended by disastrous consequences).

The matter of additional land for the institution was considered. The time might come when it would be desirable to make an additional purchase, but none is recommended at this time.

The conduct of the business affairs of this institution and the general supervision of the welfare of the inmates appears to be of a high order of accuracy and excellence, reflecting credit on those in charge.

THE NEVADA STATE PRISON

The prison plant should have been replaced long ago. It is in the worst possible repair; it is unsanitary, and very expensive to guard and maintain.

The Board of Prison Commissioners is proceeding with the erection of a new cell-house, and a part of a new unit which will house the trustees, the commissary department, the bakeshop, the refrigerator plant, the kitchen and dining-rooms for the prisoners, as well as a temporary office. The plant outlined by the Prison Board is shown on page 9 of the State Architect's report. We are advised that the cost of reconstructing this prison will be approximately \$246,000. It is proposed to finance this construction by continuing a one-cent tax levy for a period of seven years, which should rebuild a prison at about the rate of speed which will be possible using a maximum of convict labor. We recommend that the new cell-house and the portion of the building mentioned be rushed to completion, since this will effect economy in guard hire and maintenance. We recommend likewise that the scattered activities of the prison be housed in the basement of the proposed administration building, and that this basement be built as soon as possible.

Although the buildings at the prison are in bad repair, it is not recommended that any expenditures which are not absolutely necessary be made for such repairs, since these buildings are soon to be replaced. It is recommended that the activities of the prisoners be concentrated on this building program, to the end that as much as possible be done at once to press it to completion.

It is recommended that the State Board of Prison Commissioners devote its attention in the next two years to figuring out some industries in which the prisoners may engage for the benefit of the State and thereby assist in the support of the institution. It is believed that they may be able to do this without interfering with any Nevada industries. It is believed that the stone-saw at the prison may be made into a profitable proposition without injury to any Nevada industries, and the Board of Prison Commissioners should attempt to establish a sale for such stone as may properly be manufactured there without interference with free labor.

The conduct of the institution appears to conform to a satisfactory standard of business management and humane administration, the accounts exhibiting a true record of the business transactions, and the inmates showing the effects of proper care and supervision on the part of those in charge.

Attention is called by the board to the fact that the population, which fell very markedly after the incoming of prohibition, is, as a result of the nationwide crime wave, likely to get back to the figure prevailing in 1918, 21 men

having been received in the institution from the first of the year to date. These facts should be taken into account by the Ways and Means Committee in considering appropriations for the institution.

Respectfully submitted,

B. R. ADDENBROOKE, *Chairman*,
J. T. WALTERS,
J. C. PIERCY.

Mr. Spellier called for reading of Senate Bill No. 128, which had been previously recalled from the Elko County Delegation.

Mr. Fairchild stated the committee would stand on Rule 82 which he construed to give the committee ten days in which to report on a bill.

Mr. Spellier said there had been no appeal from the order of the Chair, restoring Senate Bill No. 128 to the general file in conformity with the action of this Assembly.

Mr. Speaker: "The Chair construes the ten days to be a limitation on the time within which a committee can hold a bill. In other words, it is to the effect that the committee must report it within ten days, but there is nothing in the rule which provides that a bill must remain in committee for ten days. It is always within the power of the house to recall it earlier. The construction of the Chair of Rule 82 is therefore that it does not prevent the house from recalling a bill from a committee at any time."

Mr. Fairchild: "I understand from that, that the bill must be reported."

Mr. Speaker: "Yes."

Mr. Spellier moved a call of the house.

Carried.
