# COMMERCE AND INDUSTRY

Commerce and Industry includes those agencies responsible for licensing or regulating various businesses and financial activities within the state, as well as agencies responsible for the promotion of commerce and industry in Nevada. These agencies include the Department of Business and Industry, Department of Agriculture, Gaming Control Board, Public Utilities Commission, Commission on Economic Development, Commission on Tourism and the Division of Minerals.

<u>The Executive Budget</u> recommends total funding to support the Commerce and Industry function of state government in the amount of \$260 million in FY 2007-08 and \$264.1 million for FY 2008-09, an increase of \$77.7 million when compared to the amounts approved by the 2005 Legislature. <u>The Executive Budget</u> recommends General Fund support in the amount of \$53.8 million in FY 2007-08 and \$54.7 million in FY 2008-09, for a total of \$108.5 million over the 2007-09 biennium, an increase of \$8.7 million when compared to the General Fund support approved by the 2005 Legislature.

# DEPARTMENT OF AGRICULTURE

The Department of Agriculture is responsible for encouraging, advancing, and protecting the livestock and agricultural industries of the state. The department attempts to encourage sound resource management through progressive and innovative agricultural practices. The Department of Agriculture is organized into six divisions: Administration; Plant Industry; Animal Industry; Livestock Identification; Measurement Standards; and Resource Protection. The recommended General Fund support for the department is \$8.24 million over the 2007-09 biennium, which represents a 2.9 percent increase over the General Fund support approved by the 2005 Legislature. The Governor recommends total funding of \$15.9 million in FY 2007-08, an increase of 21.5 percent when compared to FY 2006-07 funding of \$13.1 million. Funding for FY 2008-09 is recommended to increase to \$16.1 million, or 1.1 percent, when compared to FY 2007-08.

In addition to ongoing support, the Governor recommends one-time appropriations in the amount of \$146,660 to replace the agency's existing telephone system in Las Vegas, for computer hardware and software, and to replace 2 vehicles; \$267,045 to replace 14 vehicles in the Plant Industry program; and \$60,973 to replace laboratory equipment and 1 four-wheel-drive pick-up truck for the Division of Animal Industry.

## DIVISION OF ADMINISTRATION

The Governor recommends \$29,048,252 in state funds to fund the construction of a new Agriculture Headquarters and Laboratory in Sparks. If approved, the Governor recommends additional funding of \$16,970 (\$8,624 General Fund) in FY 2008-09 for the reallocation of rent, utilities, janitorial services and other operational costs associated with the proposed relocation of the Department of Agriculture.

#### DIVISION OF PLANT INDUSTRY

The Governor recommends General Fund appropriations of \$15,127 for deferred maintenance and \$160,851 for building maintenance during the 2007-09 biennium for the Plant Industry Division's three buildings (two located in the Reno/Sparks area and one located in Las Vegas), including general site upgrades, lighting, fencing and electrical repairs. In addition, \$73,085 (\$54,814 General Fund) is recommended to support a three-grade pay increase for five Agriculture Enforcement Officers.

#### DIVISION OF MEASUREMENT STANDARDS

The Governor recommends reserve funding of \$52,763 in the 2007-09 biennium to fund the replacement of one vehicle and one metrology balance. The Governor recommends additional transfers of \$200,000 in the 2007-09 biennium from the Department of Motor Vehicles, Motor Vehicle Pollution Control program to the division's Bureau of Petroleum Technology to fund new laboratory equipment for both the Sparks and Las Vegas petroleum laboratories.

## GAMING CONTROL BOARD

Gaming activities are administered through three individual budgets, which include the Gaming Control Board, the Gaming Commission, and the Gaming Control Board Investigation Fund. The regulation of Nevada's gaming industry is conducted through a tiered system comprised of the Nevada Gaming Commission (five members), the Gaming Control Board (three members) and the Gaming Policy Committee (nine members). The Gaming Commission has final authority on all gaming matters. The Gaming Control Board functions as the enforcement, investigative and regulatory agency. The Gaming Policy Committee functions as an advisory body, meeting when required to examine and make recommendations on gaming policy. The Gaming Control Board is organized into seven divisions: Audit, Corporate Securities, Enforcement, Tax and License, Investigations, Technology, and Administration.

The Gaming Control Board is supported primarily from a General Fund appropriation and a transfer from the Gaming Investigative Fund, which pays the investigative costs of those individuals applying for a gaming license through reimbursements from the applicants. <u>The Executive Budget</u> is recommending a total budget of \$45.8 million in FY 2007-08 and \$48.1 million in FY 2008-09. Of these amounts, the General Fund appropriation is \$31.3 million in FY 2007-08, an increase of 11 percent over the FY 2006-07 legislatively-approved amount of \$28.2 million. General Fund appropriations are recommended at \$31.9 million in FY 2008-09, which represents an increase of 1.9 percent compared to the first year of the biennium.

<u>The Executive Budget</u> recommends three new positions to address workload demands in existing programs – two Agents for the Investigations Division and one Supervisor for the Administration Division. Funding for these positions is split between the General Fund and transfers from the Gaming Investigative Fund. Total costs associated with these positions are \$246,901 in FY 2007-08 and \$291,827 in FY 2008-09.

The Governor also recommends funding for increased travel and training, at a cost of \$312,421 in FY 2007-08 and \$310,116 in FY 2008-09, funded by a combination of General Fund, investigation fees and transfers from the Gaming Investigative Fund. Replacement equipment totaling \$123,140 in FY 2007-08 and \$115,095 for FY 2008-09 is included in <u>The Executive Budget</u>, primarily for computer hardware and software. Also recommended is replacement equipment for the gaming laboratory and other costs associated with moving the gaming laboratory from the Grant Sawyer Building to private office space near McCarran Airport in Las Vegas. The cost for these improvements is \$112,758 in FY 2007-08 and \$25,141 in FY 2008-09. All replacement equipment is recommended to be funded primarily with transfer funds from the Gaming Investigative Fund.

Finally, <u>The Executive Budget</u> recommends a one-time General Fund appropriation of \$1.04 million to replace surveillance equipment, computer hardware and software, and, radio equipment, and to purchase new information system security equipment.

# PUBLIC UTILITIES COMMISSION

The Public Utilities Commission (PUC) is comprised of three commissioners whose responsibilities are to balance the interests of customers of public utilities to receive safe and adequate service with reasonable rates, while providing shareholders of public utilities the opportunity to earn a fair return on their investment. The PUC is also responsible for the railroad safety inspection program; natural gas pipeline inspection program; and the collection of the Universal Energy Charge (UEC), which is deposited into the Fund for Energy Assistance and Conservation that was approved by the 2001 Legislature. The UEC is based upon each kilowatt-hour of electricity and therm of gas sold at the retail level. The fund is administered in conjunction with the Welfare Division and Housing Division to assist low-income consumers with power bill payments and energy conservation, weatherization, and energy efficiency needs.

<u>The Executive Budget</u> recommends total funding of \$11.8 million in FY 2007-08, a decrease of 6.9 percent when compared to FY 2006-07 funding of \$12.7 million. Funding in FY 2008-09 is recommended to decrease to \$11.2 million, a decrease of 5.4 percent, when compared to FY 2007-08. The financing of the agency is primarily derived from a mill assessment on gross utility operating revenues, statutorily capped at 3.5 mills (one mill = 1/10 of one cent). An additional assessment of up to 0.75 mill is assessed and transferred to the Account for the Consumer Advocate. The Governor recommends a mill assessment of 2.0 mills for the PUC and an assessment of 0.65 mill for the Consumer Advocate in both years of the 2007-09 biennium. Based upon the funding recommendations noted in the Governor's budget, the FY 2008-09 ending reserve of \$161,183 for the PUC appears to be insufficient to maintain ongoing operations and associated cash-flow needs beyond the 2007-09 biennium.

## DEPARTMENT OF BUSINESS AND INDUSTRY

The Department of Business and Industry consists of eight divisions, one board, three commissions, and five other agencies. The department is responsible for regulating business enterprises, promoting worker safety, administering the bond programs, educating the public and businesses regarding their legal rights and responsibilities, and promoting the legal operation of businesses in Nevada. The department is funded through a combination of state General Funds, Highway Fund, federal funds, business license revenue and other fees.

<u>The Executive Budget</u> recommends General Fund appropriations for the department of \$9.0 million in FY 2007-08 and \$9.3 million in FY 2008-09, for a total of \$18.3 million over the 2007-09 biennium. This represents an increase of \$1.6 million when compared to the General Fund support approved by the 2005 Legislature for the 2005-07 biennium. Highway Fund appropriations of \$2.96 million in FY 2007-08 and \$2.98 million in FY 2008-09 represent an increase of 32.8 percent and 33.6 percent, respectively, when compared to the FY 2006-07 legislatively-approved amount of \$2.23 million. Total funds recommended from all sources to support the department are \$152.0 million in FY 2007-08 and \$156.8 million in FY 2008-09, a total increase of approximately \$62.3 million when compared to the total amount of funding approved by the 2005 Legislature for the 2005-07 biennium.

<u>The Executive Budget</u> recommends a total of \$106,652 in supplemental appropriations for the Director's Office, Athletic Commission, Consumer Affairs and the Insurance Division to cover greater-than-anticipated expenditures for terminal pay, stale claims, flood damage and additional rent expenditures.

## DIRECTOR'S OFFICE

The Director's Office is responsible for providing administrative and budgetary oversight to the divisions, agencies, and commissions that constitute the department. The Director's Office includes the Office of Business, Finance, and Planning, which is responsible for the administration of the Industrial Development Revenue Bond (IDRB) program. The recommended funding sources for the Director's Office include General Fund, assessments paid by non-General Fund agencies within the department, and a transfer from the IDRB program. The Governor recommends a reduction in General Fund appropriations for the agency from \$216,002 in FY 2006-07 to \$82,455 in FY 2007-08 and \$90,171 in FY 2008-09. The recommended decrease is due to changes within the department's internal cost allocation plan. The Governor also recommends transferring a PC/LAN Technician from the Department of Information Technology and an Accountant II position from the Housing Division to the Director's Office.

#### **DIVISION OF INSURANCE**

The Division of Insurance is responsible for regulating the insurance industry in Nevada and for protecting the rights of consumers and the public in dealings with the insurance industry. The division regulates and licenses insurance companies, producer/agents, brokers and other professionals; sets ethical and financial standards for insurance companies; and reviews rates. The division also reviews programs operated by self-insured employers for workers' compensation claims and investigates claims of insurance fraud. The division is funded primarily through a combination of General Fund, interagency transfers, assessments and fees. <u>The Executive Budget</u> recommends General Fund appropriations for the division of \$8.0 million over the 2007-09 biennium, which represents an increase of approximately 7.6 percent compared to the \$7.5 million in General Fund appropriations approved by the 2005 Legislature for the 2005-07 biennium.

<u>The Executive Budget</u> recommends funding for four new positions within the Insurance Regulation account. The positions are recommended to provide assistance with financial analyses and examinations of insurers required to maintain accreditation with the National Association of Insurance Commissioners. Two of the positions were approved by the Interim Finance Committee during FY 2005-06 using salary savings from vacant positions, in an attempt maintain NAIC accreditation. For the 2007-09 biennium, the Governor recommends funding all four positions with General Fund appropriations totaling \$211,589 in FY 2007-08 and \$249,486 in FY 2009.

## TRANSPORTATION SERVICES AUTHORITY

The Transportation Services Authority (TSA) has statewide regulatory responsibility for the intra-state transportation of passengers, household goods, tow cars, and taxicabs (except taxicabs in Clark County). The Governor recommends Highway Fund appropriations of \$2.96 million in FY 2007-08 and \$2.98 million in FY 2008-09, an increase of 32.8 percent and 33.6 percent, respectively, when compared to the FY 2006-07 work program amount of \$2.23 million. The Highway Fund appropriation provides approximately 89 percent of the funding requirements for the TSA, with the remaining funding support derived from licensing and fee revenue.

The Governor recommends Highway Fund appropriations of \$777,574 over the 2007-09 biennium for six new positions: Two Administrative Assistants, one Financial Analyst, one Enforcement Officer, one Compliance/Audit Investigator and one Accountant. These positions are recommended to address growth in Nevada's motor carrier industry over the past nine years. <u>The Executive Budget</u> also recommends Highway Fund appropriations of \$176,776 in the 2007-09 biennium to support a three-grade pay increase for nine sworn peace officers, as recommended by the Department of Personnel. This increase is intended to bring the agency's peace officers into pay parity with the sworn officers in the Department of Public Safety and the correctional officers in the Department of Corrections.

## MANUFACTURED HOUSING DIVISION

The Manufactured Housing Division's principal responsibility is to ensure that manufactured homes, mobile homes, travel trailers, commercial coaches and manufactured buildings are constructed and installed in a manner that provides reasonable safety and protection to owners and users. The division is a fee-based, self-funded agency. <u>The Executive Budget</u> recommends funding from reserve reductions and the division's internal cost allocation for the addition of one Management Analyst and two Manufactured Housing Inspector positions to provide planning and analytical support on issues impacting the industry and to meet current and projected inspection workload. Reserve funding totaling \$71,124 is recommended by the Governor for computer hardware and software, office furniture and vehicle replacement.

## REAL ESTATE DIVISION

The Real Estate Division is responsible for regulating real estate brokers and salesmen, property managers, appraisers, qualified intermediaries, and building inspectors. The division also administers continuing education programs for real estate licensees in Nevada and is responsible for the enforcement of the statutory and regulatory provisions regarding the sale of subdivided lands, timeshares, and campground memberships. The division is funded through a combination of fees, interagency transfers and General Funds.

<u>The Executive Budget</u> recommends General Fund appropriations of \$227,452 in the 2007-09 biennium for three new Administrative Assistant positions and associated costs to support a new central services section within the division. This new section will be responsible for answering phone calls, processing mail, printing licenses and renewal notices, and processing criminal background histories. Additionally, <u>The Executive Budget</u> recommends General Fund appropriations of \$365,289 for three additional positions: one Deputy Administrator for the Las Vegas office, one Administrative Assistant Supervisor for Carson City, and one Program Officer for the timeshare program.

The Real Estate Division also includes the Office of the Ombudsman for Common-Interest Communities. The Ombudsman provides assistance to homeowner associations and their members/owners. The agency is self-funded, primarily through fees imposed on common-interest communities of \$3 per unit, per year. <u>The Executive Budget</u> recommends reserve funding of \$227,922 over the 2007-09 biennium for two additional Compliance Investigator positions for the Office of the Ombudsman's intervention process.

During the past two legislative sessions, the money committees have expressed concern over the excessive cash reserve levels maintained by Common-Interest Communities. The agency's cash reserve has averaged approximately \$1.9 million over the past four fiscal years. <u>The Executive Budget</u> recommends a reserve balance

of \$1.3 million at the end of FY 2007-08 and \$740,808 at the end of FY 2008-09. The decreases to the agency's reserve are primarily due to increases in personnel expenditures and Attorney General cost allocation assessments.

#### FINANCIAL INSTITUTIONS DIVISION

The Financial Institutions Division is responsible for the licensure and regulation of all state-chartered financial institutions, including banks, savings and loans, credit unions and check cashing companies. The division is self-funded through existing licensing fees and industry assessments.

The Governor recommends reserve funding of \$513,895 over the 2007-09 biennium to purchase a new commercial off-the-shelf licensing, certification and enforcement database system. This system is expected to eliminate duplicate data entry, provide e-commerce capability and improve the agency's ability to track continuing education requirements, cash receipts, and audits.

#### HOUSING DIVISION

The Housing Division was created in 1975 and promotes the creation and maintenance of affordable housing in the state by administering federal programs to encourage private and governmental entities to construct and remodel affordable housing units in Nevada.

The Governor proposes funding from program fees and reserve reductions over the 2007-09 biennium for the following: \$202,008 for new and replacement equipment including computer hardware and software, training/conference room furniture and video conference hardware, and \$42,498 for regulation compliance and IRS-mandated training and travel costs for various program training. <u>The Executive Budget</u> also recommends the transfer of one Accountant position from the Housing Division to the Director's Office and the allocation of the costs of an Auditor position among the division's various programs.

#### MORTGAGE LENDING DIVISION

The Mortgage Lending Division (MLD) was created through the passage of A.B. 490 of the 2003 Legislative Session. Prior to that, the Financial Institutions Division was responsible for regulating the mortgage industry. The division is responsible for the licensure and regulation of mortgage brokers, mortgage bankers, escrow companies, and individuals as mortgage agents and escrow agents. The division is a self-funded agency through licensing fees and industry assessments.

The 2005 Legislature and the Interim Finance Committee during the interim expressed concerns with the excessive reserve levels that were maintained in the Division of Mortgage Lending account. <u>The Executive Budget</u> recommends transferring approximately \$1.6 million in excess reserve funds from the division's existing budget

account to two new budget accounts: a Mortgage Lending Recovery account and a Mortgage Lending Education and Research account. Of the \$1.6 million transferred from the reserve in the Mortgage Lending Division account, the Governor recommends transferring \$1 million over the biennium to the new Recovery account and transferring \$551,880 over the biennium to the new Education and Research account. The Recovery account would be used to compensate victims of unlawful mortgage lending practices, and the Education and Research account would be used to fund educational programs for mortgage industry licensees. The proposal will require legislation to authorize the establishment of these new accounts.

The Governor recommends 30 new full-time positions (20 Financial Institutions Examiners, 5 Administrative Assistants, 4 Compliance Audit Investigators and 1 Education and Information Officer) and associated costs to address the agency's increased workload related to growth in the mortgage lending industry over the past three years. The new positions are recommended to address statutory requirements for annual examinations and audits, to provide oversight for education and research, and to provide clerical assistance. These positions are expected to generate \$3.7 million in additional fee and license revenue over the 2007-09 biennium, which supports 28 of the 30 new positions and provides an additional \$744,353 in reserve funding.

The Governor recommends reserve funding of \$583,672 in the 2007-09 biennium to purchase a new commercial off-the-shelf licensing and enforcement database system. This system is expected to eliminate duplicate data entry, provide e-commerce capability and improve the agency's ability to track continuing education requirements, cash receipts and audits.

## DIVISION OF INDUSTRIAL RELATIONS

The Division of Industrial Relations regulates workers' compensation insurance to ensure injured workers receive the benefits to which they are entitled; enforces federal and state health and safety standards; assists employers with workplace safety programs; and provides safety training and inspections for all active mines in the state. The division's programs are funded primarily through an assessment of workers' compensation insurers, and to a smaller extent, funding through federal grants from the U.S. Department of Labor, Occupational Safety and Health Administration and Mine Safety and Health Administration.

<u>The Executive Budget</u> recommends workers' compensation assessment funding over the 2007-09 biennium for the following: \$295,015 for the development of a workers' compensation database system to help manage citations, fines and penalties,and \$224,288 for new and replacement office furniture and computer hardware and software. The Governor also proposes the addition of one Administrative Assistant and two Administrative Aid positions to address increased workload and collection activities in the workers' compensation section.

## OCCUPATIONAL SAFETY AND HEALTH ENFORCEMENT

The Occupational Safety and Health Administration Enforcement section (OSHA) enforces Nevada's occupational safety and health standards. OSHA ensures safe and healthful working environments by conducting inspections and investigations. The <u>Executive Budget</u> recommends \$295,015 over the 2007-09 biennium for enhancements to the mechanical database system. Upgrades to the database system were recommended in the latest Legislative Counsel Bureau audit (LA06-06). The Executive <u>Budget</u> includes the addition of twelve new positions over the 2007-09 biennium to meet the increased caseload demand for safety/health and boiler/elevator inspections. The Governor further recommends \$294,336 over the 2007-09 biennium for new and replacement equipment, including computer hardware and software, office furniture, vehicles, and specialized industrial hygiene equipment. The Governor's proposals are recommended to be funded through workers' compensation assessments.

## SAFETY CONSULTATION AND TRAINING SECTION

The primary goal of the Safety Consultation and Training Section is to ensure Nevada workers are provided with safe and healthful working conditions. <u>The Executive Budget</u> recommends three new Safety Specialist positions over the 2007-09 biennium to address a backlog in survey requests and increased caseload demands. The Governor also recommends \$182,527 over the biennium for new and replacement equipment, including furniture, computer, vehicles and specialized industrial hygiene equipment. Funding is recommended to come from workers' compensation assessments.

## MINE SAFETY AND TRAINING SECTION

The Mine Safety and Training Section (MSATS) provides mine inspection, technical assistance, consultation and safety training to protect Nevada's miners. The Governor's recommended budget includes assessment funding for one new Safety Specialist position to meet the additional workload associated with increased mining activity in the state. <u>The Executive Budget</u> also recommends assessment funding in the amount of \$464,480 over the 2007-09 biennium for new and replacement equipment, which includes vehicles and computer hardware and software. Additionally, the funding will enhance the division's underground mine rescue and training equipment in order to develop a statewide mine rescue team.

## NEVADA ATTORNEY FOR INJURED WORKERS

The Nevada Attorney for Injured Workers (NAIW), created in 1977, represents injured workers in their efforts to obtain workers' compensation benefits or in their appeal of workers' compensation benefit decisions through the state's administrative appeals level, district court, or the State Supreme Court. The agency provides this representation without charge to the injured worker. The agency is funded through a transfer from the Workers' Compensation and Safety Fund. <u>The Executive Budget</u> recommends \$127,547 in the 2007-09 biennium for replacement equipment, such as

computer hardware and software, and \$20,926 in the 2007-09 biennium for new file cabinets and office furniture.

## TAXICAB AUTHORITY

The Taxicab Authority regulates taxicab service in counties with populations exceeding 400,000 (currently only in Clark County). The agency is funded through fees, primarily through a \$0.20 trip charge assessed on every taxicab ride.

<u>The Executive Budget</u> recommends reserve funding of \$707,625 over the 2007-09 biennium to support a three-grade pay increase for 36 sworn peace officers as recommended by the Department of Personnel. This increase is intended to bring the agency's peace officers into pay parity with the sworn officers in the Department of Public Safety and the correctional officers in the Department of Corrections.

The Governor recommends reserve funding of \$421,292 over the 2007-09 biennium to increase transfers to the Division for Aging Services in support of the Senior Ride program. The program currently allows eligible individuals over the age of 60, and people with permanent disabilities, the opportunity to purchase \$20 taxicab coupon books for \$10 each. The Governor also recommends reserve funding of \$101,307 in the 2007-09 biennium for one new Dispatcher IV position, who will serve as a first-line supervisor to four existing Public Safety Dispatcher III positions.

## ECONOMIC DEVELOPMENT AND TOURISM

The 1983 Legislature expanded economic development efforts in Nevada by creating the Commissions on Tourism and Economic Development. The Commission on Economic Development includes the Nevada Film Office, the Rural Community Development program, and the Procurement Outreach program. The Commission on Tourism includes the *Nevada Magazine* and Tourism Development.

## COMMISSION ON ECONOMIC DEVELOPMENT

The Commission on Economic Development was organized to promote Nevada's business opportunities and to assist companies interested in relocating and expanding their operations in Nevada. The budget accounts within the Commission on Economic Development are funded primarily with General Fund appropriations, federal grants and transfers of room tax from the Commission on Tourism. <u>The Executive Budget</u> recommends no new positions in any of the commission's budgets.

The Commission on Economic Development works to bring high-wage jobs to the state by attracting companies and subsidiaries and other types of investment. <u>The Executive</u> <u>Budget</u> recommends General Fund appropriations of \$8.6 million in FY 2007-08 and \$8.62 million FY 2008-09, which represent increases of 1.5 percent and 1.7 percent over the legislatively-approved amount (\$8.47 million) for FY 2006-07. Excluded from these comparisons is the one-time appropriation of \$500,000 for economic diversification in rural counties affected by mining, approved pursuant to of Senate Bill 1 of the 22<sup>nd</sup> Special Session.

The Governor recommends continuation of two significant General Fund increases that were approved by the 2005 Legislature. First, \$10.99 million over the 2007-09 biennium is recommended to continue expanded support of the regional development authorities. Prior to the 2005 Legislature, all development authorities split \$995,000 in General Fund support each fiscal year. In 2005, the Legislature approved the following appropriations: \$2.75 million in each year for the Nevada Development Authority; \$1.75 million per year for the Economic Development Authority of Western Nevada; and \$995,000 to be split among the rural economic development organizations. Second, \$1 million in General Funds is recommended over the 2007-09 biennium to continue to fund inner-city economic development.

<u>The Executive Budget</u> recommends two new initiatives funded by the General Fund as well. A \$10 million transfer of unclaimed property revenue, which would normally flow to the General Fund, is proposed to undertake a bonding program to fund research projects that will lead to economic development. Also recommended is the establishment of the Rural Local Government Economic Assistance Fund with a \$5 million one-time appropriation.

Finally, the Governor recommends funding of \$500,000 per year to continue the Train Employees Now (TEN) program.

#### RURAL COMMUNITY DEVELOPMENT

The Rural Community Development program administers the state's Community Development Block Grant (CDBG) program. This budget is mainly funded by the federal block grant and supplemented by the state General Fund.

Total funding for the Rural Community Development program is recommended at \$3.1 million in each year of the 2007-09 biennium, a 25 percent increase from the actual amount spent in FY 2005-06 of \$2.5 million. Some of the overall increase reflects the agency's expectation of growth in the federal CDBG award (\$466,602 increase per year) over the base year amount of \$2.3 million. The rest of the increase recommended reflects General Fund appropriations in the amount of \$264,096 in FY 2007-08, a 26.9 percent increase from the FY 2006-07 amount of \$208,119.

#### PROCUREMENT OUTREACH PROGRAM

The Procurement Outreach program assists Nevada businesses in obtaining federal government contracts by alerting them to procurement opportunities and giving them tools to be competitive in federal procurement processes. Total FY 2007-08 funding for the Procurement Outreach program is recommended at \$569,287, an increase of 10.3 percent over the FY 2006-07 amount of \$516,021. Funding for FY 2008-09 is recommended at \$590,653, a 3.8 percent increase when compared to FY 2007-08. The

Department of Defense grant that funds the majority of this budget has not been sufficient to cover projected expenditure needs; therefore, the 2005 Legislature approved the use of General Funds to continue operating expenses, rather than reducing expenditures. <u>The Executive Budget</u> has continued that practice. As a result, the General Fund recommended is \$114,927 in FY 2007-08 and \$119,327 in FY 2008-09, up from \$81,805 in FY 2006-07.

#### COMMISSION ON TOURISM

The Commission on Tourism is responsible for developing and implementing a domestic and international marketing and advertising campaign to promote Nevada as a tourism and business travel destination. Tourism is funded by a 3/8 share of the one percent statewide room tax established by the 1983 Legislature. Actual room tax collections for FY 2005-06 were \$17.4 million, and the agency projects room tax collections for FY 2006-07 at \$18.4 million; this represents a 6.1 percent increase over actual collections in FY 2005-06. <u>The Executive Budget</u> recommends room tax receipts at \$20.1 million in FY 2007-08 and \$21.7 million in FY 2008-09. For FY 2007-08, this is a 9.3 percent increase over the projected amount for FY 2006-07 and an additional 8.0 percent increase in FY 2008-09 over the recommended amount for FY 2007-08.

<u>The Executive Budget</u> recommends \$4,296,928 in FY 2007-08 and \$4,343,520 in FY 2008-09 to increase funding for media/promotional activities, including the addition of one new Marketing Specialist. The Governor also recommends \$711,824 in FY 2007-08 and \$519,023 in FY 2008-09 to hire one new International Specialist and expand Nevada's representation in international markets, including China, Mexico, Canada and India. In order to promote Nevada's state parks and museums, the Governor recommends \$198,000 in FY 2007-08 and \$171,500 in FY 2008-09 for printed materials and media advertising. <u>The Executive Budget</u> continues a transfer to support the *Nevada Magazine* for the design and production of the commission's publications, as well as transfers to the Nevada Film Office, the Washington, D.C. Office, the Department of Cultural Affairs, the Division of Wildlife, the Division of State Parks, and the Reno-Tahoe Winter Games Coalition.

#### NEVADA MAGAZINE

Nevada Magazine is the publications division of the Nevada Commission on Tourism and is responsible for preparing and producing publications that educate the general public about Nevada and foster an awareness and appreciation of the state's recreational activities, history, heritage, special events, culture, natural resources, and natural wonders. Published since 1936, the *Nevada Magazine* complements and enhances the Nevada Commission on Tourism's goal of attracting visitors. Nevada Magazine is an enterprise fund that receives no state General Fund monies and is financed through subscriptions, advertising revenue, newsstand sales, and calendar sales. <u>The Executive Budget</u> recommends expenditures of \$2,474,422 (excluding reserves) in FY 2007-08, which is a 45.4 percent increase over the actual amount expended in FY 2005-06. For FY 2008-09, \$2,571,522 (excluding reserves) is recommended, which is a 3.9 percent increase over the amount recommended for FY 2007-08.
